[Release No. 34-62831; File No. SR-NYSEAmex-2010-91]

### Self-Regulatory Organizations; NYSE Amex LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Extending the Pilot Period To Receive Inbound Routes From Archipelago Securities LLC

September 2, 2010.

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (the "Act") and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that, on August 31, 2010, NYSE Amex LLC (the "Exchange" or "NYSE Amex") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the pilot period of the Exchange's prior approvals to receive inbound routes of orders from Archipelago Securities LLC ("Arca Securities"), an NYSE Amex affiliated member. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.nyse.com>.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

Currently, Arca Securities is the approved outbound order routing facility of the Exchange.<sup>3</sup> Arca Securities is also the approved outbound order routing facility of the New York Stock Exchange ("NYSE") and NYSE Arca, Inc. ("NYSE Arca").<sup>4</sup> The Exchange has also been previously approved to receive inbound routes of orders by Arca Securities in its capacity as an order routing facility of NYSE Arca and the NYSE.<sup>5</sup> The Exchange's authority to receive inbound routes of orders by Arca Securities is subject to a pilot period ending September 30, 2010.<sup>6</sup> The Exchange hereby seeks to extend the previously approved pilot period (with the attendant obligations and conditions) for an additional six months, through March 31, 2011.

##### 2. Statutory Basis

The proposed rule change is consistent with Section 6(b)<sup>7</sup> of the Securities Exchange Act of 1934 (the "Act"), in general, and furthers the objectives of Section 6(b)(5),<sup>8</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating

transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. Specifically, the proposed rule change will allow the Exchange to continue receiving inbound routes of equities orders from Arca Securities acting in its capacity as a facility of the NYSE and NYSE Arca, in a manner consistent with prior approvals and established protections. The Exchange believes that extending the previously approved pilot period for six months will permit both the Exchange and the Commission to further assess the impact of the Exchange's authority to receive direct inbound routes of equities orders via Arca Securities (including the attendant obligations and conditions).<sup>9</sup>

#### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

#### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

#### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change does not: (1) significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>10</sup> and Rule 19b-4(f)(6) thereunder.<sup>11</sup>

At any time within 60 days of the filing of such proposed rule change the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

The Exchange has satisfied this requirement.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62822; File No. SR-NSX-2010-11]

### Self-Regulatory Organizations; National Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 11.13 Regarding Maximum Permissible Response Time for Users of Order Delivery

September 1, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on August 31, 2010, National Stock Exchange, Inc. ("NSX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change, as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder.<sup>4</sup> The Commission is publishing this notice to solicit comment on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NSX is proposing to amend NSX Rule 11.13(b)(2) concerning the time within which ETP Holders submitting displayed orders utilizing the Order Delivery mode of order interaction must respond to an inbound order before the ETP Holder's displayed is cancelled.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nsx.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements

concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange is proposing to amend its Rule 11.13(b)(2) concerning the time within which an ETP Holders submitting displayed orders utilizing the Order Delivery mode of order interaction ("Order Delivery")<sup>5</sup> must respond to an inbound order before NSX BLADE<sup>®</sup> cancels the ETP Holder's order. Under the proposed rule change, if no response to an inbound order is received within 300 milliseconds, the ETP Holder's order will be cancelled.<sup>6</sup>

Currently, Rule 11.13(b)(2) provides that an ETP Holder's displayed order in Order Delivery will be cancelled "if no response to an inbound order is received within  $\frac{1}{2}$  of a second." Under the instant rule change, the Exchange proposes to replace reference to " $\frac{1}{2}$  of a second" with "300 milliseconds," which timeframe the Exchange considers appropriate at the present time and in conformity with industry standards. Utilization of the proposed 300 millisecond response time requirement represents no change to current Exchange practice.<sup>7</sup>

##### Effective Date

The Exchange requests that the instant rule change be approved by the Securities and Exchange Commission (the "Commission") immediately upon filing, and in any case not more than thirty days after the date of filing of this rule change, or such earlier date as the Commission determines, because the

<sup>5</sup> The Exchange's two modes of order interaction are described in NSX Rule 11.13(b).

<sup>6</sup> In addition, Rule 11.13(b)(2) provides that, to be eligible for Order Delivery service, an ETP Holder "must demonstrate to Exchange examiners that the User's system can automatically process the inbound order and respond immediately." Interpretation and Policy .01 provides that the Exchange "currently considers 100 milliseconds" to be the maximum permissible response time to an inbound order. The current rule filing does not propose to change this standard.

<sup>7</sup> The Exchange is currently conducting a study regarding the time standards referenced in Rule 11.13, and will submit a rule change proposing modifications to those standards as necessary and appropriate.
