POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Records in this system are stored electronically. The records are stored on magnetic disc, tape, digital media, and CD-ROM.

RETRIEVABILITY:

Much of the data within this system does not pertain to an individual; rather, the information pertains to locations, geographic areas, facilities, and other things or objects not related to individuals. However, personal information may be captured. Personal data may be retrieved by name, Social Security number, any privacy fields noted under Categories of Records, and other identifiers listed under the Categories of Records section.

SAFEGUARDS:

Records in this system are safeguarded in accordance with applicable rules and policies, including all applicable DHS automated systems security and access policies. Strict controls have been imposed to minimize the risk of compromising the information that is being stored. Access to the computer system containing the records in this system is limited to those individuals who have a need to know the information for the performance of their official duties and who have appropriate clearances or permissions.

RETENTION AND DISPOSAL:

DHS is in the process of developing a retention schedule for DHS ISE-SAR data. This retention schedule will be based upon the underlying retention schedules of the information identified in existing components' retention schedules. DHS components maintain the authority to withdraw and/or edit any and all ISE-SAR data that they have entered into the NSI Shared Space in accordance with their respective policies. The NSI Shared Space does not have any internal retention mandates independent of the retention policies of the DHS components that enter their information into the NSI Shared Space.

SYSTEM MANAGER AND ADDRESS:

Ronald Athmann (202) 447-4332, Office of Intelligence and Analysis, Department of Homeland Security, Washington, DC 20528.

NOTIFICATION PROCEDURE:

The Secretary of Homeland Security has exempted this system from the notification, access, and amendment procedures of the Privacy Act because it is a law enforcement system. However, DHS will consider individual requests to determine whether or not information may be released. Thus, individuals seeking notification of and access to any record contained in this system of records, or seeking to contest its content, may submit a request in writing to the Headquarters or component's FOIA Officer, whose contact information can be found at <http://www.dhs.gov/foia> under "contacts." If an individual believes more than one component maintains Privacy Act records concerning him or her, the individual may submit the request to the Chief Privacy Officer and Chief Freedom of Information Act Officer, Department of Homeland Security, 245 Murray Drive, SW., Building 410, STOP-0655, Washington, DC 20528.

When seeking records about yourself from this system of records or any other Departmental system of records, your request must conform with the Privacy Act regulations set forth in 6 CFR Part 5. You must first verify your identity, meaning that you must provide your full name, current address and date and place of birth. You must sign your request, and your signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain forms for this purpose from the Chief Privacy Officer and Chief Freedom of Information Act Officer, <http://www.dhs.gov> or 1-866-431-0486. In addition you should provide the following:

- An explanation of why you believe the Department would have information on you;
- Identify which component(s) of the Department you believe may have the information about you;
- Specify when you believe the records would have been created;
- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records; and
- If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without this bulleted information the component(s) may not be able to conduct an effective search, and your request may be denied due to lack of

specificity or lack of compliance with applicable regulations.

RECORD ACCESS PROCEDURES:

See "Notification procedure" above.

CONTESTING RECORD PROCEDURES:

See "Notification procedure" above.

RECORD SOURCE CATEGORIES:

Records are obtained from ISE-SARs submitted by Federal, State, local, Tribal, and territorial agencies and private sector organizations who are NSI participants. The respective mission sets of DHS components are varied and entail coverage across multiple sectors. DHS components use a standardized technical approach across DHS to incorporate SAR data into the NSI Shared Space. DHS personnel, trained in the ISE-SAR program, will review component SARs and submit only those SAR data that meet the ISE-SAR Functional Standard to the NSI Shared Space.

EXEMPTIONS CLAIMED FOR THE SYSTEM:
