Recovery Policy RP9523.12, Debris Operation—Hand-Loaded Trucks and Trailers

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice of availability.

DATES: This policy is effective April 12, 2010.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: This policy establishes procedures for reimbursing applicants for eligible debris removal accomplished with trucks and trailers loaded physically by hand, rather than with mechanical equipment.

FEMA previously issued this policy on May 1, 2006. FEMA reviewed this policy according to the established schedule for FEMA Public Assistance policies. Therefore, FEMA requested review and comment on the draft policy in September 2009. FEMA did not receive substantive comments on the policy. This policy does not implement any major changes to the previously effective policy dated May 1, 2006. However, this policy does state that debris monitors should not reduce the capacity of each hand-loaded truck or trailer for debris types that mechanical loading methods cannot significantly reduce volumes.

Recovery Policy, RP 9523.6, Mutual Aid Agreements for Public Assistance and Fire Management Assistance

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice of availability; request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) is accepting comments on Recovery Policy, RP 9523.6, Mutual Aid Agreements for Public Assistance and Fire Management Assistance. This is an existing policy that is scheduled for review to ensure that Recovery Directorate policies are up to date, incorporate lessons learned and are consistent with current laws and regulations. The purpose of this proposed policy is to define the eligible costs incurred through mutual aid agreements and remove the unintended restriction on permanent work. The previous policy limited reimbursement for mutual aid costs to emergency work.

II. Background

The purpose of this policy is to describe the criteria the Federal Emergency Management Agency (FEMA) will use to determine eligibility of costs under the Public Assistance (PA) Program incurred through mutual aid agreements between applicants and other entities after major disasters and emergencies declared by the President pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

This policy was previously issued on August 13, 2007. The previous version indicated that mutual aid costs for permanent work were not eligible for Public Assistance funding. The significant change to the proposed policy is the allowance of mutual aid for permanent work. The primary reason of the limitation of mutual aid costs to emergency work is the assumption that mutual aid is provided for assistance with emergency work only. The intent of the policy was not to make emergency power restoration through
permanent repairs performed through mutual aid ineligible for Public Assistance funding. Further there is no restriction in FEMA regulations on mutual aid assistance for permanent work.

FEMA seeks comment on the proposed policy, which is available online at http://www.regulations.gov in docket ID FEMA–2010–0055. Based on the comments received, FEMA may make appropriate revisions to the proposed policy. Although FEMA will consider any comments received in the drafting of the final policy, FEMA will not provide a response to comments document. When or if FEMA issues a final policy, FEMA will publish a notice of availability in the Federal Register and make the final policy available at http://www.regulations.gov.
