

Commission's recent money market fund reform package,⁵ the EDGAR system will be upgraded to Release 10.3 on August 30, 2010. EDGAR Release 10.3 will deploy new submission types N-MFP and N-MFP/A to facilitate the electronic filing of the new form. Filers must follow the Form N-MFP XML Technical Specification, available at the "Information for EDGAR Filers" web page on the Commission's public Web site (<http://www.sec.gov/info/edgar.shtml>), to construct their Form N-MFP and Form N-MFP/A submissions via the EDGAR Filing Web site (<https://edgarfiling.sec.gov>) or by clicking the "Are you an EDGARLink filer or would you like to create a new Asset-Backed Securities Issuing Entity?" link from the EDGAR Portal Web site (<http://www.portal.edgarfiling.sec.gov>).

Also being implemented in EDGAR Release 10.3, EDGAR will begin to automatically change the status of a Series or Class to "Inactive" if it has not been updated by filers or referenced in a filing in the past 375 calendar days.

In addition, the EDGAR Filing Web site, EDGAR Filer Management Web site and EDGAR OnlineForms Web site Login pages now will display a message warning the filers that they are about to enter a federal computer Web site.

The filer manual is also being revised to address a change made previously in EDGAR to disseminate the co-registrant information for all investment company notices and orders issued in connection with 1940 Act applications. Prior to this change, only the primary registrant information was disseminated.

Along with adoption of the Filer Manual, we are amending Rule 301 of Regulation S-T to provide for the incorporation by reference into the Code of Federal Regulations of today's revisions. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR Part 51.

You may obtain paper copies of the updated Filer Manual at the following address: Public Reference Room, U.S. Securities and Exchange Commission, 100 F Street, NE., Room 1543, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. We will post electronic format copies on the Commission's Web site; the address for the Filer Manual is <http://www.sec.gov/info/edgar.shtml>.

Since the Filer Manual relates solely to agency procedures or practice, publication for notice and comment is not required under the Administrative Procedure Act (APA).⁶ It follows that

the requirements of the Regulatory Flexibility Act⁷ do not apply.

The effective date for the updated Filer Manual and the rule amendments is September 15, 2010. In accordance with the APA,⁸ we find that there is good cause to establish an effective date less than 30 days after publication of these rules. The EDGAR system upgrade to Release 10.3 is scheduled to become available on August 30, 2010. The Commission believes that establishing an effective date less than 30 days after publication of these rules is necessary to coordinate the effectiveness of the updated Filer Manual with the system upgrade.

BILLING CODE P

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

Allocation of Assets in Single-Employer Plans; Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: Pension Benefit Guaranty Corporation's regulations on Allocation of Assets in Single-Employer Plans and Benefits Payable in Terminated Single-Employer Plans prescribe interest assumptions for valuing and paying

⁵ See Release No. IC-29132 [75 FR 10060].

certain benefits under terminating single-employer plans. This final rule amends the asset allocation regulation to adopt interest assumptions for plans with valuation dates in the fourth quarter of 2010 and amends the benefit payments regulation to adopt interest assumptions for plans with valuation dates in October 2010. Interest assumptions are also published on PBGC's Web site (<http://www.pbgc.gov>).

DATES: Effective October 1, 2010.

FOR FURTHER INFORMATION CONTACT:

Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: PBGC's regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

These interest assumptions are found in two PBGC regulations: the regulation on Allocation of Assets in Single-Employer Plans (29 CFR Part 4044) and the regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR Part 4022). Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates the assumptions under the asset allocation regulation for the fourth quarter (October through December) of 2010 and updates the assumptions under the benefit payments regulation for October 2010.

The interest assumptions prescribed under the asset allocation regulation (found in Appendix B to Part 4044) are used for the valuation of benefits for allocation purposes under ERISA section 4044. Two sets of interest assumptions are prescribed under the benefit payments regulation: (1) A set

for PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by PBGC (found in Appendix B to Part 4022), and (2) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology (found in Appendix C to Part 4022).

This amendment (1) adds to Appendix B to Part 4044 the interest assumptions for valuing benefits for allocation purposes in plans with valuation dates during the fourth quarter (October through December) of 2010, (2) adds to Appendix B to Part 4022 the interest assumptions for PBGC to use for its own lump-sum payments in plans with valuation dates during October 2010, and (3) adds to Appendix C to Part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology for valuation dates during October 2010.

The interest assumptions that PBGC will use for valuing benefits for allocation purposes (set forth in Appendix B to part 4044) will be 4.48 percent for the first 25 years following the valuation date and 4.51 percent thereafter. In comparison with the interest assumptions in effect for the third quarter of 2010, these interest assumptions represent an increase of 5 years in the select period (the period during which the select rate (the initial rate) applies), a decrease of 0.45 percent in the select rate, and a decrease of 0.15 percent in the ultimate rate (the final rate).

The interest assumptions that PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 1.75 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for September 2010, these interest assumptions represent a decrease of 0.50 percent in the immediate annuity rate and are otherwise unchanged. For private-sector payments, the interest assumptions (set forth in Appendix C to part 4022) will be the same as those used by PBGC for

determining and paying lump sums (set forth in Appendix B to part 4022).

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during October 2010, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. *See* 5 U.S.C. 601(2).
