the publication of the preliminary results.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Susan H. Kuhbach,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

For Further Information:

Contact Hermes Pinilla or Minoo Hatten, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, Department of Commerce.

Scope of the Order

The covered products included in this order are magnesium metal (generally referred to as magnesium), which includes primary and secondary pure and alloy magnesium metal, regardless of chemistry, raw material source, form, shape, or size. Magnesium is a metal or alloy containing by weight primarily the element magnesium. Primary magnesium is produced by decomposing raw materials into magnesium metal. Secondary magnesium is produced by recycling magnesium-based scrap into magnesium metal. The magnesium covered by the order includes blends of primary and secondary magnesium.

The subject merchandise includes the following pure and alloy magnesium metal products made from primary and/or secondary magnesium, including without limitation, magnesium cast into ingots, slabs, rounds, billets, and other shapes, and magnesium ground, chipped, crushed, or machined into rasplings, granules, turnings, chips, powder, briquettes, and other shapes: (1) Products that contain at least 99.95 percent magnesium, by weight (generally referred to as "ultra-pure" magnesium); (2) products that contain less than 99.95 percent but not less than 99.8 percent magnesium, by weight (generally referred to as "pure" magnesium); and (3) chemical combinations of magnesium and other material(s) in which the magnesium content is 50 percent or greater, but less than 99.8 percent, by weight, whether or not conforming to an "ASTM Specification for Magnesium Alloy." The scope of the order excludes: (1) magnesium that is in liquid or molten form and (2) mixtures containing 90 percent or less magnesium in granular or powder form by weight and one or more of certain non-magnesium granular materials to make magnesium-based reagent mixtures, including lime, calcium metal, calcium silicon, calcium carbide, calcium carbonate, carbon, slag coagulants, fluor spar, nepheline syenite, feldspar, and/or (generally referred to as "granular reagents") all commercially available combinations of magnesium, calcium, aluminum, soda ash, hydrocarbons, graphite, coke, silicon, rare earth metals/mischmetal, cryolite, silica/fly ash, magnesium oxide, periclase, ferroalloys, dolomite lime, and colemanite.

The merchandise subject to the order is currently classifiable under items 8104.11.00, 8104.19.00, 8104.30.00, and 8104.90.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the merchandise covered by the order is dispositive.

SMW

As we stated in the Preliminary Results regarding no-shipment rescissions, our practice since implementation of the 1997 regulations concerning no-shipment respondents has been to rescind the administrative review if the respondent certifies that it had no shipments and we have confirmed through our examination of data from U.S. Customs and Border Protection (CBP) that there were no shipments of subject merchandise during the POR. See Antidumping Duties: Countervailing Duties, 62 FR 27296, 27393 (May 19, 1997), and Oil Country Tubular Goods from Japan: Preliminary Results of Antidumping Duty Administrative Review and Partial Rescission of Review, 70 FR 53161, 53162 (September 7, 2005), unchanged in Oil Country Tubular Goods from Japan: Final Results and Partial Rescission of Antidumping Duty Administrative Review, 71 FR 95 (January 3, 2006). As a result, in such circumstances, we normally instructed CBP to liquidate any entries from the no-shipment company at the deposit rate in effect on the date of entry.

In our May 6, 2003, “automatic assessment” clarification, we explained that, where respondents in an administrative review demonstrate that they had no knowledge of sales through resellers to the United States, we would instruct CBP to liquidate such entries at the all-others rate applicable to the proceeding. See Antidumping and...

Based on SMW’s assertion of no shipments and confirmation of that claim by examination of CBP data, we continue to determine that SMW had no sales to the United States during the POR. See Preliminary Results, 75 FR at 26923.

As we stated in the Preliminary Results, because “as entered” liquidation instructions do not alleviate the concerns which the May 2003 clarification was intended to address, we find it appropriate in this case to instruct CBP to liquidate any existing entries of merchandise produced by SMW and exported by other parties at the all-others rate. In addition, we continue to find that it is more consistent with the May 2003 clarification not to rescind the review in part in these circumstances but, rather, to complete the review with respect to SMW and issue appropriate instructions to CBP based on the final results of the review. See the “Assessment Rates” section of this notice below.

We did not receive any comments from interested parties on our change in practice with regard to no-shipment rescissions.

Verification

As provided in section 782(i) of the Act, we verified the information submitted by AVISMA with regard to its sales in the United States and in the home market.

Analysis of the Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review of the order on magnesium metal from the Russian Federation are addressed in the “Issues and Decision Memorandum” from Susan H. Kuhbach, Acting Deputy Assistant Secretary, to Paul Piquado, Acting Deputy Assistant Secretary for Import Administration, dated September 10, 2010 (Decision Memo), which is hereby adopted by this notice. A list of the issues which parties have raised and to which we have responded is in the Decision Memo and attached to this notice as an Appendix. The Decision Memo, which is a public document, is on file in the Central Records Unit, main Department of Commerce building, Room 1117, and is accessible on the Web at http://ia.ita.doc.gov/frn/index.html. The paper copy and electronic version of the Decision Memo are identical in content.

Final Results of the Review

As a result of our review, we determine that the following weighted-average dumping margins on magnesium metal from the Russian Federation exist for the period April 1, 2008, through March 31, 2009:

<table>
<thead>
<tr>
<th>Manufacturer/exporter</th>
<th>Margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSC VSMPO–AVISMA Corporation</td>
<td>0.00</td>
</tr>
<tr>
<td>Solikamsk Magnesium Works</td>
<td>*</td>
</tr>
</tbody>
</table>

*No shipments or sales subject to this review. The firm has an individual rate from the last segment of the proceeding in which the firm had shipments or sales.

Assessment Rates

We will instruct CBP to apply a dumping margin of zero percent to all entries of subject merchandise during the POR that were produced and exported by AVISMA and imported by AVISMA’s U.S. affiliate.

The Department clarified its “automatic assessment” regulation on May 6, 2003. See Assessment of Antidumping Duties. This clarification will apply to entries of subject merchandise during the POR produced by AVISMA or SMW for which AVISMA or SMW did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries of merchandise produced by AVISMA or SMW at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see Assessment of Antidumping Duties.

We intend to issue liquidation instructions to CBP 15 days after the publication of these final results of review.

Cash-Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, consistent with section 751(2)(C) of the Act: (1) The cash-deposit rate for AVISMA will be zero percent; (2) for previously reviewed or investigated companies other than AVISMA, the cash-deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash-deposit rate for all other manufacturers or exporters will continue to be the all-others rate established in the LTFV investigation, which is 21.01 percent. See Notice of Antidumping Duty Order: Magnesium Metal From the Russian Federation, 70 FR 19930 (April 15, 2005). These deposit requirements shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their
responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act.

Paul Piquado,
Acting Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE
National Oceanic and Atmospheric Administration
RIN 0648–XZ12
Fisheries of the South Atlantic and Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); assessment webinar 7 for SEDAR 22 yelloedge grouper and tilefish; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 22 Gulf of Mexico yelloedge grouper and tilefish assessment webinar 7.

SUMMARY: The SEDAR 22 assessments of the Gulf of Mexico stocks of yelloedge grouper and tilefish will consist of a series of workshops and webinars: a Data Workshop, a series of Assessment webinars, and a Review Workshop. See SUPPLEMENTARY INFORMATION.

DATES: The fifth SEDAR 22 Assessment Process webinar will be held on Monday, October 4, 2010 from 12 p.m. to approximately 3 p.m. (EDT). The establishment times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from, or completed prior to the time established by this notice.

ADDRESSES: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie Neer at SEDAR (See FOR FURTHER INFORMATION CONTACT) to request an invitation providing webinar access information.

A listening station will be available at the Gulf of Mexico Fishery Management Council office located at 2203 N Lois Avenue, Suite 1100, Tampa, FL 33607. Those interested in participating via the listening station should contact Julie A. Neer at SEDAR (See FOR FURTHER INFORMATION CONTACT) at least 1 day prior to the webinar.

FOR FURTHER INFORMATION CONTACT: Julie A Neer, SEDAR Coordinator, 4055 Faber Place, Suite 201, North Charleston, SC 29405; telephone: (843) 571–4366; e-mail: Julie.neer@safmc.net

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop, (2) Assessment Process utilizing webinars and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fishery, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting Panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO’s; International experts; and staff of Councils, Commissions, and state and federal agencies.

SEDAR 22 Assessment webinar VII:

Using datasets recommended from the Data Workshop, participants will employ assessment models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions. Participants will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters. Although non-emergency issues not contained in this agenda may come before this group for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), those issues may not be the subject of formal action during this meeting. Actions will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council’s intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see ADDRESSES) at least 10 business days prior to the meeting.

Tracey L. Thompson,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE
Foreign-Trade Zones Board
[Order No. 1705]

Grant of Authority for Subzone Status Michelin North America, Inc. (Tire Distribution and Wheel Assembly) Baltimore, MD

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a–81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for “* * * the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or
