DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Internal Agency Docket No. FEMA-1935-DR; Docket ID FEMA-2010-0002]

Illinois; Amendment No. 1 to Notice of a Major Disaster Declaration

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice amends the notice of a major disaster declaration for the State of Illinois (FEMA-1935-DR), dated August 19, 2010, and related determinations.

DATES: *Effective Date:* September 13, 2010.

FOR FURTHER INFORMATION CONTACT: Peggy Miller, Office of Response and Recovery, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3886.

SUPPLEMENTARY INFORMATION: The notice of a major disaster declaration for the State of Illinois is hereby amended to

include the Public Assistance program for the following areas among those areas determined to have been adversely affected by the event declared a major disaster by the President in his declaration of August 19, 2010.

Adams, Carroll, Jo Daviess, Ogle, Pike, Schuyler, and Stephenson Counties for Public Assistance.

(The following Catalog of Federal Domestic Assistance Numbers (CFDA) are to be used for reporting and drawing funds: 97.030, Community Disaster Loans; 97.031, Cora Brown Fund; 97.032, Crisis Counseling; 97.033, Disaster Legal Services; 97.034, Disaster Unemployment Assistance (DUA); 97.046, Fire Management Assistance Grant; 97.048, Disaster Housing Assistance to Individuals and Households in Presidentially Declared Disaster Areas; 97.049, Presidentially Declared Disaster Assistance—Disaster Housing Operations for Individuals and Households; 97.050, Presidentially Declared Disaster Assistance to Individuals and Households—Other Needs; 97.036, Disaster Grants—Public Assistance (Presidentially Declared Disasters); 97.039, Hazard Mitigation Grant.)

W. Craig Fugate,

Administrator, Federal Emergency Management Agency.

BILLING CODE 9111-23-P

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Intent To Prepare an Environmental Assessment and Scoping; President's Park South Security Re-Design and Landscaping Preservation and Permanent Closure of E Street, the Ellipse Roadways, South Executive Avenue, State Place and West South Executive Avenue, and Hamilton Place and East South Executive Avenue, to Unauthorized Vehicular Use

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Intent to Prepare an Environmental Assessment by the National Park Service and the United States Secret Service, and notice of scoping for re-designing the security elements and preserving the landscape within President's Park South, which includes a portion of E Street, NW., in Washington, DC. The proposed actions are as follows: The United States Secret Service deciding whether to permanently close (1) the section of E Street, NW. between 15th and 17th Streets, NW., South Executive Avenue, and the Ellipse roadways to unauthorized vehicular traffic, and (2) State Place and West South Executive

Avenue and adjacent sidewalks (contiguous to First Division Monument) and Hamilton Place and East South Executive Avenue and adjacent sidewalks (contiguous to Sherman Park) to unauthorized vehicular and unauthorized pedestrian traffic, and to install durable, more aesthetic security elements in the area to replace the temporary, unsightly security elements currently in place; and the National Park Service deciding on landscape and infrastructure changes to the area that respond to the street closures and re-design of security elements to ensure the iconic historic nature of the landscape that is the White House and its environs and an important destination for visitors.

SUMMARY: In accordance with the *National Environmental Policy Act*, 42 U.S.C. 4321, (NEPA), and applicable regulations and policies, the National Park Service (NPS) and the United States Secret Service (USSS), as joint lead agencies, are preparing an Environmental Assessment (EA). The EA will aid the USSS in deciding whether to permanently close E Street, South Executive Avenue, and the Ellipse roadways within President's Park South to unauthorized vehicular traffic, and State Place and West South Executive Avenue and adjacent sidewalks (contiguous to First Division Monument) and Hamilton Place and East South Executive Avenue and adjacent sidewalks (contiguous to Sherman Park) to unauthorized vehicular and unauthorized pedestrian traffic. The EA will further inform the USSS as it considers replacing existing security elements in the area, such as jersey barriers, provisional guard booths, canopy tents, bike rack, concrete planters and standing canine vehicles. These security elements, while effective, are visually unattractive and may detract from the iconic and historic nature of the area. The USSS would seek to install security elements that are both durable and more aesthetic at the vehicle checkpoints and along the street closures. The NPS will utilize the EA to assist in its consideration of landscape and infrastructure changes to President's Park South that respond to USSS security requirements and conform to the area's historic features, its iconic status and popularity as a visitor destination. The National Capital Planning Commission (NCPC) is a cooperating agency in this EA and is assisting in the development of potential alternatives by holding a limited competition for design concepts that integrate USSS security requirements and NPS cultural

landscape preservation policies and guidelines. Other government agencies are invited to serve as cooperating agencies. Interested agencies are asked to contact the Office of the National Park Service Liaison to the White House at (202) 619-6344 at the NPS as early as possible in this process. Compliance with the National Historic Preservation Act (NHPA), including NHPA Section 106, and other laws and requirements, will be coordinated with this EA process, and government agencies that are affected by the proposed actions or have special expertise will be consulted, whether or not they are cooperating agencies.

This notice also serves as an announcement of scoping on both proposed actions, and comments are sought from the public, government agencies and other interested persons and organizations. Scoping is used to gain insight into the issues to be addressed and to identify other significant issues related to the proposed actions. For comments to be most helpful to the scoping process, they must be received within 45 days of this notice. During scoping, a public meeting will be held to present information and obtain input from attendees. The NPS and USSS will describe the proposed actions and how the planning will be conducted, and NCPC will describe the design concepts competition it is conducting. All comments submitted during scoping, including at the meeting, will be considered by both the NPS and USSS. The date for the public meeting will be announced through the news media and through the National Park Service's Planning, Environment and Public Comment Web site. [When the meeting date is announced, if you require additional information or special assistance to attend and participate in this meeting, please contact the Office of the National Park Service Liaison to the White House at (202) 619-6344.]

There is always the possibility that the NPS and USSS might proceed to prepare an Environmental Impact Statement (EIS) for the proposed actions instead of an EA. If this occurs, comments submitted now will be considered for any EIS that is developed.

DATES: Comments should be received within 45 days of this notice. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While

you can ask in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

ADDRESSES: Comments may be submitted electronically through the NPS' Planning, Environment and Public Comment (PEPC) Web site at <http://parkplanning.nps.gov/PRPA> (The NPS preferred method of receiving comments), or by mail to: Office of the National Park Service Liaison to the White House, 1100 Ohio Drive, SW., Room 344, Washington, DC 20242.

FOR FURTHER INFORMATION CONTACT: The NPS may be contacted at the Office of the National Park Service Liaison to the White House, 1100 Ohio Drive, SW., Washington, DC 20242, (202) 619-6344. To be added to a mailing list about the proposed actions, contact the NPS at (202) 619-6344.

SUPPLEMENTARY INFORMATION: NEPA regulations and policies encourage agencies to collaborate or otherwise use the same NEPA analysis to avoid duplications of effort, to reduce paperwork, and to prevent delays in decision-making. The proposed actions grow out of needs identified by USSS concerning the level and type of security required for the White House. The NPS and USSS seek to re-design the security elements in this space and preserve the landscape to create a visitor and pedestrian-friendly, elegant and beautiful environment that is respectful of its historic context and iconic status, while continuing to meet USSS security needs. President's Park South is part of the National Park System unit and includes Sherman Park, First Division Monument, the Ellipse and its side panels, as well as the associated roadways in the area. These places, along with other site features, are listed on the National Register of Historic Places. The NPS manages President's Park South pursuant to its statutory authorities, regulations and policies, the *Comprehensive Design Plan for the White House and President's Park* (2000) (*Plan*), the *Design Guidelines for the White House and President's Park* (1997), and in light of the area's National Register status. The section of E Street, NW., within this park area is also administered by NPS.

Following the events of September 11, 2001, USSS temporarily closed the section of E Street, NW., within President's Park South to unauthorized vehicular traffic. To secure this general area, USSS placed a line of jersey barriers along the southern edge of E Street, and installed provisional guard booths, canopy tents, bike rack, concrete

planters and standing canine vehicles at vehicle checkpoints at the east and west ends of E Street. A vehicle check point was also placed at the 16th Street and Constitution Avenue, entrance to the Ellipse. Since that time there has been a continued, temporary closure of the roadways to unauthorized vehicular traffic. The USSS will determine whether to change the status of the closure from temporary to permanent and to integrate durable, more aesthetic security elements in place of the temporary security elements identified above.

The intent is to integrate durable, more aesthetic security elements that not only help satisfy the requirement to maintain the historic and iconic character of President's Park South, but also improve the experience of visitors moving through the area to enter or view the White House and its grounds.

The EA will assess a range of alternatives establishing a permanent closure of E Street and associated roadways and the installation of re-designed security elements resulting in changes to the area, along with a no-action alternative for continuing the current closure using the existing, temporary security elements. The *Plan* was developed as an EIS and it will serve as a foundation for this EA, and the EA will also review the *Plan's* treatment of President's Park South.

In 2008, the NCPC Security Task Force recommended, and the NPS and USSS agreed, that NCPC, through its Task Force, would manage a limited competition to generate creative and thoughtful design concepts that incorporate necessary USSS security elements while improving the experience of visitors moving through the area to enter or view the White House and its grounds. The NCPC is a federal agency whose mission includes serving as the central planning agency for the federal activities in the greater Washington, DC area. The design concepts generated through this process may become alternatives in the EA.

Dated: August 5, 2010.

Margaret O'Dell,

Regional Director, National Capital Region.
