Emergency medical response; (f) Environmental safety; (g) Environmental remediation; and (h) Security for hazardous materials.

Each member will serve for the duration of the Commission. Members shall serve as Special Government Employees (SGEs) as such employees are defined in 18 U.S.C. 202(a).

III. Compensation

Members shall receive per diem and travel expenses as authorized by 5 U.S.C. 5703, as amended, for persons employed intermittently in the Government service. No other compensation shall be provided.

IV. Notice of Open Meetings

The meeting being held on October 12, 2010 will be held at the National Institute of Standards and Technology, Administrative Building, Gaithersburg, Maryland 20899. The meeting being held on October 20, 2010 will be held at the National Institute of Standards and Technology, Building 1, Room 1103, Boulder, Colorado. Agendas for the meeting will be posted on the agency’s Web site, http://www.nist.gov/director.

To enable NIST to make arrangements to admit visitors to the NIST campus, anyone wishing to attend these meetings should submit name, e-mail address and phone number to Mary Lou Norris (marylou.norris@nist.gov) no later than October 5, 2010.

Harry S. Hertz, Director, Baldrige National Quality Program.

Certain Stainless Steel Sheet and Strip in Coils from Italy and Mexico: Extension of Time Limits for Preliminary and Final Results of Full Five-year (“Sunset”) Reviews of Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: David Cordell or Angelica Mendoza, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–0408, or (202) 482–3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 2, 2010, the Department published the notice of initiation of the sunset reviews of the antidumping duty orders on certain stainless steel sheet and strip (SSSS) in coils from, inter alia, Italy and Mexico, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See Initiation of Five-year (“Sunset”) Review, 75 FR 30777 (June 2, 2010) (Notice of Initiation).

The Department received a notice of intent to participate in all of the sunset reviews of the antidumping duty orders on SSSS in coils from the following petitioners: the AK Steel Corporation; Allegheny Ludlum Corporation; North American Stainless; United Steelworkers (“USW”); UAW Local 3303; and UAW Local 4104 (collectively, petitioners) within the deadline specified in 19 CFR 351.218(d)(3)(i).1

The petitioners claimed interested party status under sections 771(9)(C) and (D) of the Act stating that its individual members are each producers in the United States of a domestic like product.

The Department received complete substantive responses to the Notice of Initiation for all antidumping duty orders covering SSSS in coils from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department received a complete and timely substantive response in the sunset review of SSSS in coils from Italy from the following respondent interested parties: ThyssenKrupp Acciai Speciali Terni S.P.A. and Acciai Speciali Terni (USA) (collectively, TCAST). The Department determined to conduct full sunset reviews of the antidumping duty orders covering SSSS in coils from Italy and Mexico, and accordingly, notified the U.S. International Trade Commission. See Letter to Ms. Catherine DeFilippo, Director, Office of Investigations, U.S. International Trade Commission, from James Maeder, Director, Office 2, AD/CVD Operations, entitled “Expeditious and Full Sunset Reviews of the Antidumping Duty Orders Initiated in June 2010,” dated July 22, 2010.

Extension of Time Limits for Preliminary and Final Results of Reviews

Section 751(c)(5)(A) of the Act provides for the completion of a full sunset review within 240 days of the publication of the initiation notice. However, the Department may extend the period of time for making its determination by not more than 90 days, if it determines that the review is extraordinarily complicated in accordance with section 751(c)(5)(B) of the Act.

We determine that these reviews are extraordinarily complicated, pursuant to

1Domestic interested and respondent parties filed substantive responses on July 2, 2010.
sections 751(c)(5)(C)(i), (ii) and (iii) of the Act, because the Department must consider a number of case-specific complex factual issues such as the trends of pre-order and post-order shipment volumes in the sunset review of the antidumping duty order on SSSS in coils from Mexico; and the Department requires additional time to analyze several complicated issues presented in the substantive comments and rebuttal comments in the case of the sunset review of the antidumping duty order on SSSS in coils from Italy. Therefore, the Department requires additional time to complete its analysis in each of these sunset reviews. Accordingly, the Department is extending the deadlines to complete its sunset reviews of the antidumping duty orders covering SSSS in coils from Italy and Mexico by 90 days. As a result, the Department intends to issue the preliminary results of the full sunset reviews by December 20, 2010, and the final results by April 28, 2011. This notice is issued in accordance with sections 751(c)(5)(B) and (C) of the Act.

Susan H. Kuhbach,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Economic Development Administration
[Docket No. 100908439–0439–01]

FY 2010 Gulf Oil Spill Supplemental Federal Funding Opportunity

AGENCY: Economic Development Administration (EDA), Department of Commerce.

ACTION: Notice and request for applications.

SUMMARY: Pursuant to the Supplemental Appropriations Act, Public Law 111–212, 124 Stat. 2302 (2010), EDA announces general policies and application procedures for the FY 2010 Gulf Oil Spill Supplemental Federal Funding Opportunity. This investment assistance will be made available to help devise and implement short- or long-term economic redevelopment strategies and for technical assistance activities to address economic development challenges in regions impacted by the discharge of oil stemming from the April 20, 2010, BP Deepwater Horizon drilling rig explosion. Applicants are advised to read carefully the federal funding opportunity (FFO) announcement for this notice and request for applications. For a copy of the FFO announcement, please see the Web sites listed below under “Electronic Access.”

DATES: Applications are accepted on a continuing basis and processed as received. Applications must be submitted electronically via http://www.grants.gov, as described below under “APPLICATION SUBMISSION REQUIREMENTS” and in section IV of the FFO announcement. Subject to the availability of funds, winning applicants should expect to receive grant award packages no later than September 2011. EDA expects to have all funding under this notice awarded by September 2011.

Application Submission Requirements: Applications must be submitted electronically in accordance with the instructions provided at http://www.grants.gov. EDA will not accept facsimile transmissions of applications. Applicants may access the application package only by following the instructions provided at http://www.grants.gov. The preferred electronic file format for attachments is portable document format (PDF); however, EDA will accept electronic files in Microsoft Word, WordPerfect, or Microsoft Excel.

Applicants are strongly encouraged to start early and not to wait until the approaching deadline before logging on and reviewing the application instructions at http://www.grants.gov. Applicants must (a) register at http://www.grants.gov; (b) submit an application for Economic Adjustment Assistance investments (CFDA No. 11.307) authorized by the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. 3121 et seq.) (PWEDA). Through the Economic Adjustment Assistance program, funded applications will help develop and implement on a regional basis short- or long-term economic redevelopment strategies and technical assistance activities for economic recovery in the recent oil spill-impacted regions in the United States.

The Economic Adjustment Assistance program can offer a wide range of technical, planning, or infrastructure assistance. See 13 CFR 307.3. This program is designed to respond adaptively to pressing economic recovery issues, and is well suited to help address the challenges faced by regions affected by the April 2010 oil spill catastrophe.

Prospective applicants should pay close attention to the information under
