Notice of Intent To Prepare a Legislative Environmental Impact Statement for the Proposed Extension of the Chocolate Mountain Aerial Gunnery Range Land Withdrawal

Lead Agency: Department of the Navy, DoD.
Cooperating Agency: Bureau of Land Management, Department of the Interior.

ACTION: Notice.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 and regulations implemented by the Council on Environmental Quality (40 Code of Federal Regulations [CFR] Parts 1500–1508), the Department of the Navy (DoN) and the United States Marine Corps (USMC), with the cooperation of the Bureau of Land Management (BLM), intends to prepare a Legislative Environmental Impact Statement (L–EIS) and conduct public scoping meetings for the proposed extension of the withdrawal of approximately 226,711 acres of public land in Imperial and Riverside counties, California, for continued military use of the Chocolate Mountain Aerial Gunnery Range (CMAGR).

The California Military Lands Withdrawal and Overflights Act of 1994 (Pub. L. 103–433) withdrew 226,711 acres of public land to DoN, reserving these lands for defense-related purposes for a period of 20 years (until October 31, 2014). The Act provides that the DoN may seek extension of the CMAGR withdrawal. As part of the withdrawal process, the Secretary of the Navy is required to publish a Draft L–EIS addressing legislative alternatives and the effects of continued withdrawal. The CMAGR Draft L–EIS will evaluate the environmental effects of the proposal to extend the land withdrawal for an additional 25 years (through 2039) and will evaluate alternative actions to restructure the existing range boundary for improved efficiency in the management of the CMAGR and adjacent lands.

DATES AND ADDRESSES: DoN is initiating a 90-day public scoping process to identify community interests and specific issues to be addressed in the L–EIS, which starts with the publication of this Notice of Intent (NOI). Four public scoping meetings have been scheduled to enlist written and oral comments regarding the scope of the Draft L–EIS analysis:
