■ 20. Section 600.250 is added to subpart C to read as follows:

§ 600.250 Council member training.

(a) The Secretary shall provide a training course covering a variety of topics relevant to matters before the Councils and shall make the training course available to all Council members and staff and staff from NMFS regional offices and science centers. To the extent resources allow, the Secretary will make the training available to Council committee and advisory panel members.

(b) Council members appointed after January 12, 2007, shall, within one year of appointment, complete the training course developed by the Secretary. Any Council member who completed such a training course within 24 months of January 12, 2007, is considered to have met the training requirement of this section.

[Docket No. 100120036-0360-02]

RIN 0648-XT99

Fisheries of the Northeastern United States; Black Sea Bass Fishery; 2010 Black Sea Bass Specifications; Emergency Rule Extension; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; correction.

SUMMARY: On July 7, 2010, NMFS published in the *Federal Register* a temporary rule to extend the emergency action to increase the 2010 black sea bass specifications. The preamble text of that rule incorrectly identified the

revised commercial quota and recreational harvest limit (RHL) based on the increased 2010 black sea bass total allowable landings (TAL). This document corrects those values to ensure that they are consistent with the revised 2010 black sea bass specifications.

DATES: Effective August 10, 2010, through December 31, 2010.

FOR FURTHER INFORMATION CONTACT: Sarah Heil, Fishery Management Specialist, (978) 281-9257.

SUPPLEMENTARY INFORMATION: A temporary rule to extend the emergency action to increase the 2010 black sea bass specifications was published in the *Federal Register* on July 7, 2010 (75 FR 38935). On page 38935 of that rule, the commercial quota is incorrectly listed as 1,813,000 lb (822 mt), and the RHL is listed as 1,887,000 lb (856 mt). The corrected values for these specifications are as follows: The commercial quota is 1,758,610 lb (798 mt) and the RHL is 1,830,390 lb (830 mt).

Classification

Pursuant to 5 U.S.C. 553(b)(B), the Assistant Administrator (AA) for NOAA, Fisheries finds good cause to waive prior notice and opportunity for additional public comment for this action because any delay of this action would be contrary to the public interest. This rule corrects the commercial quota and RHL values published in the *Federal Register* on July 7, 2010 (75 FR 38935), as part of the extension to the emergency rule to increase the 2010 black sea bass specifications. The measures in the extension to the emergency rule, published in the *Federal Register* on July 7, 2010, were intended to be the same as those published in the initial emergency action on February 10, 2010 (75 FR 6586). However, the extension to the emergency rule incorrectly identified the revised commercial quota and RHL values based on the increased 2010 black sea bass TAL. To delay this correction notice would cause confusion over the revised 2010 black sea bass specifications because of the disparity between the revised specifications and the commercial quota and RHL values that were incorrectly identified in the extension to the emergency rule. Immediate publication of the corrected commercial quota and RHL will rectify any confusion on the revised 2010 black sea bass specifications. For the reasons provided above, the AA also finds good cause, pursuant to 5 U.S.C. 553(d)(3), to waive the 30-day delayed effective period for this correction.

Because prior notice and opportunity for public comment are not required for this rule by 5 U.S.C. 553, or any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are inapplicable.

This final rule is exempt from review under Executive Order 12866.

Correction

Accordingly, the final rule FR Doc. 2010-16498, published on July 7, 2010 (75 FR 38935), is corrected as follows:

1. On page 38935, In the second column, in the first full paragraph, in the twentieth line, "1,813,000 lb (822 mt)," is corrected to read "1,758,610 lb (798 mt)," and in the twenty-second line, "1,887,000 lb (856 mt)," is corrected to read "1,830,390 lb (830 mt)."

Dated: September 21, 2010.

Samuel D. Rauch III,
Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

Fisheries of the Northeastern United States; Northeast Multispecies Fishery; Trip Limit Reductions and Gear Modifications for the Common Pool Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; inseason adjustment of landing limits and gear requirements.

SUMMARY: This action decreases the landing limits for Gulf of Maine (GOM) cod to 100 lb (45.4 kg) per days-at-sea (DAS) up to 1000 lb (453.6 kg) per trip, Georges Bank (GB) yellowtail flounder to 100 lb (45.4 kg) per trip, and white hake to 100 lb (45.4 kg) per DAS up to 500 lb (226.8 kg) per trip; expands the trawl gear restriction in the U.S./Canada Management Area to include the entire Western U.S./Canada Area; and authorizes the use of the rope separator trawl in the Western U.S./Canada Area for NE multispecies vessels fishing in the common pool for the remainder of
