DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

Amendment of Class D and E Airspace; Establishment of Class E Airspace; Patuxent River, MD

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class D and E airspace at Patuxent River Naval Air Station (NAS), Patuxent River, MD, to reflect the part-time operating status of the control tower, and establishes Class E airspace designated as surface areas to accommodate Standard Instrument Approach Procedures (SIAPs) developed for the NAS. This action also corrects the geographical coordinates of the NAS and combines two airspace descriptions. This action will enhance the safety and management of IFR operations at Patuxent River NAS (Trapnell Field).

DATES: Effective 0901 UTC, January 13, 2011. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Melinda Giddens, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305–5610.

SUPPLEMENTARY INFORMATION:

History

On August 9, 2010, the FAA published in the Federal Register a notice of proposed rulemaking to amend Class D and E airspace, and establish Class E surface airspace at Patuxent River NAS (Trapnell Field), Patuxent River, MD (75 FR 47736) Docket No. FAA–2010–0428. Subsequent to publication the FAA received a request from the National Aeronautical Navigation Services to correct the geographical coordinates of the airfield, and for charting purposes, combine two closely located descriptions in both Class E airspace areas at Patuxent River NAS, Patuxent River, MD. This action makes these corrections. With the exception of editorial changes, and the changes described above this rule is the same as that proposed in the NPRM.

Interested persons were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class D and E airspace designations are published in paragraph 5000, 6002, and 6004 of FAA Order 7400.9U dated August 18, 2010, and effective September 15, 2010, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class D airspace and Class E airspace designated as an extension to Class D surface area at Patuxent River NAS (Trapnell Field), Patuxent River, MD, to reflect the part-time operations of the airport control tower, establishing in advance the dates and times by a Notice to Airmen, and establishes Class E surface area airspace to provide controlled airspace required to support the SIAPs developed for Patuxent River NAS. The geographical coordinates of Patuxent River NAS (Trapnell Field) will be corrected to coincide with the FAA’s National Aeronautical Navigation Services. The Class E surface area airspace and Class E airspace designated as extensions to Class D surface area 233° and the 235° radials will be combined to coincide with aeronautical charting.

Class D airspace designations, Class E surface airspace designations and Class E airspace designations as extensions to a Class D surface area are published in Paragraph 5000.902, and 6004 respectively, of FAA Order 7400.9U, dated August 18, 2010, and effective September 15, 2010, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends Class D and existing Class E airspace and establishes Class E airspace designated as surface areas at Patuxent River NAS (Trapnell Field), Patuxent River, MD.

Lists of Subjects in 14 CFR Part 71

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND CLASS E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:
§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9U, Airspace Designations and Reporting Points, dated August 18, 2010, effective September 15, 2010, is amended as follows:

Paragraph 5000 Class D Airspace.

* * * * *

**AEA MD D Patuxent River, MD [AMENDED]**

Patuxent River NAS (Trapnell Field), MD

(Lat. 38°17′10″ N., long. 76°24′42″ W.)

Chesapeake Ranch Airpark, MD

(Lat. 38°14′00″ N., long. 76°24′19″ W.)

That airspace extending upward from the surface to and including 2,500 feet MSL within a 4.5-mile radius of Patuxent River NAS (Trapnell Field) and within a .5-mile radius of Chesapeake Ranch Airpark excluding that airspace within Restricted Areas R–4005 and R–4007 when active. This Class D airspace area is effective during specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport Facility Directory.

* * * * *

Paragraph 6002 Class E Airspace Designated as Surface Areas.

* * * * *

**AEA MD E2 Patuxent River, MD [NEW]**

Patuxent River NAS (Trapnell Field), MD

(Lat. 38°17′10″ N., long. 76°24′42″ W.)

Chesapeake Ranch Airpark, MD

(Lat. 38°14′00″ N., long. 76°24′19″ W.)

That airspace extending upward from the surface within a 4.5-mile radius of Patuxent River NAS (Trapnell Field) and within 1.8 miles each side of the Patuxent VORTAC 045° radial extending from the 4.5-mile radius of Patuxent River NAS (Trapnell Field) to 6.6 miles southeast of the VORTAC, excluding that airspace within Restricted Areas R–4005 and R–4007 when active. This Class E airspace area is effective during specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport Facility Directory.

Issued in College Park, Georgia, on September 17, 2010.

Myron A. Jenkins,

Acting Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

BILLING CODE 4910–13–P

FEDERAL TRADE COMMISSION

16 CFR Part 307

[RIN 3084–AB23]

Rescission of Regulations Under the Comprehensive Smokeless Tobacco Health Education Act of 1986

AGENCY: Federal Trade Commission.

ACTION: Final rule.

SUMMARY: The Federal Trade Commission (“FTC” or “Commission”) is rescinding its smokeless tobacco regulations. Recent legislation transferred the FTC’s authority for those regulations to the Secretary of the Department of Health and Human Services (“DHHS”). DHHS will now review and approve rotational warning plans for these products.

ADDRESSES: Copies of this document are available from: Public Reference Branch, Room 130, Federal Trade Commission, 600 Pennsylvania Avenue, N.W., Washington, DC 20580. Copies of this document are also available on the Internet at the Commission’s website: (http://www.ftc.gov).

SUPPLEMENTARY INFORMATION:

I. Background

The Comprehensive Smokeless Tobacco Health Education Act of 1986 (“Smokeless Tobacco Act”), Pub. L. 99–252, 100 Stat. 30 (1986), required manufacturers, importers, and packagers of smokeless tobacco products to display on a rotating basis one of three statutory health warnings on product packages and in most advertising (other than billboards). The Smokeless Tobacco Act also directed the FTC to issue implementing regulations governing the format and display of the health warnings, and to review and approve (if appropriate) plans specifying how smokeless tobacco companies planned to comply with the rotational warning requirements specified in the Smokeless Tobacco Act and the implementing regulations. 15 U.S.C. 4402 (1986) (amended 2009). The Commission issued its smokeless tobacco regulations, 16 CFR Part 307, on November 4, 1986.1 51 FR 40015.

II. Basis for Removal of Regulations

On June 22, 2009, President Obama signed into law the Family Smoking Prevention and Tobacco Control Act, Pub. L. No. 111–31, 123 Stat. 1776 (2009) (“Family Smoking Prevention Act”). The Family Smoking Prevention Act, among other things, amended the Smokeless Tobacco Act to change the language of the existing three statutory health warnings and add a fourth warning, and to require new size, format, and display requirements for the statutory health warnings. Family Smoking Prevention Act, § 204. The Family Smoking Prevention Act also gave the Secretary of DHHS authority to change the warning statements and the size, format, and display requirements of those warnings, and transferred authority over the review and approval of rotational warning plans from the Commission to the Secretary. Family Smoking Prevention Act, § 205. These amendments to the Smokeless Tobacco Act became effective on June 22, 2010.

Earlier this year, the Commission terminated its regulatory review of the smokeless tobacco regulations, citing the enactment of the Family Smoking Prevention Act. 75 FR 3665 (Jan. 22,

1 The regulations were amended in 1991 to include provisions for the rotation and display of the statutory warnings on utilitarian items. 56 FR 11654 (Mar. 20, 1991).
