requirements be submitted to the SBA District Office for the geographical area where the work is to be performed. However, the SBA regulation requires the offering letters for sole source requirements offered on behalf of a specific participant be submitted to the SBA district office servicing that concern.

This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule. This final rule does not constitute a significant FAR revision within the meaning of FAR 1.501–3(a) and 41 U.S.C. 418b, and publication for public comments is not required.

The Councils will consider comments from small entities concerning the existing regulations in the part affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAC 2005–46, FAR Case 2009–020) in all correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. chapter 35, et seq.

Federal Acquisition Regulation; Encouraging Contractor Policies To Ban Text Messaging While Driving

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Interim rule with request for comments.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (the Councils) are issuing an interim rule amending the Federal Acquisition Regulation (FAR) to implement Executive Order 13513, issued on October 1, 2009, entitled “Federal Leadership on Reducing Text Messaging while Driving.” This Executive Order was issued to demonstrate Federal leadership in improving safety on the nation’s roads and highways, and to enhance the efficiency of Federal contracting. The purpose of this policy is to prevent the unsafe practice of text messaging by Federal contractors while driving in connection with Government business. This policy further promotes economy and efficiency in Federal procurement, and seeks to prohibit the disruption of Government business and Federal procurement, as a result of unsafe text messaging practices.

DATES: Effective Date: September 29, 2010.

Applicability Date: The rule applies to solicitations issued and contracts awarded on or after September 29, 2010.

However, contracting officers are encouraged to modify existing contracts, in accordance with FAR 1.108(d)(3), to include the FAR clause.

Comment Date: Interested parties should submit written comments to the Regulatory Secretariat on or before November 29, 2010 to be considered in the formulation of a final rule.

SUPPLEMENTARY INFORMATION:

A. Background

This interim rule revises the Federal Acquisition Regulation to implement Executive Order 13513, issued on October 1, 2009 (74 FR 51225, October 6, 2009), entitled “Federal Leadership on Reducing Text Messaging while Driving.”

Text messaging while driving causes drivers to take their eyes off the road and at least one hand off the steering wheel, endangering both themselves and others. In order to implement the Executive order, this interim rule creates a new subpart in FAR part 23 and an associated clause to encourage Federal contractors and subcontractors to adopt and enforce policies that ban text messaging while driving—
• Company-owned or -rented vehicles or Government-owned vehicles; or
• Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

It also encourages Federal contractors, in connection with a Government contract, to conduct initiatives, commensurate with the size of the business, such as—
• Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and
• Education, awareness, and other outreach programs to inform employees about the safety risks associated with texting while driving.

The clause does not flow down to subcontracts below the micro-purchase level, because the FAR applies only a few very clauses to acquisitions below the micro-purchase threshold. According to FAR 13.201(d), micro-purchases do not require provisions or clauses except as provided in FAR 4.1104 (Central Contractor Registration) and FAR 32.1110 (Electronic Funds Transfer). Therefore, it is reasonable not to require flow down below the micro-purchase level. However, Federal Contractors are encouraged to comply with this requirement to prevent the unsafe practice of text messaging while driving in connection with Government business. This requirement applies to all solicitations and contracts. This requirement also applies to grants and cooperative agreements. Separate guidance may be issued by the Office of Federal Financial Management regarding grants and cooperative agreements.

This is a significant regulatory action and, therefore, was subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The Councils do not expect this interim rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because this rule is not mandatory for contractors, including small businesses. Therefore, an Initial Regulatory Flexibility Analysis has not been performed. The Councils invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities. The Councils will also consider comments from small entities concerning the existing regulations in parts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAC 2005–46, FAR Case 2009–028) in all correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. chapter 35, et seq.

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense (DoD), the Administrator of General Services (GSA), and the Administrator of the National Aeronautics and Space Administration (NASA) that urgent and compelling reasons exist to promulgate this interim rule without prior opportunity for public comment. This action is necessary because this rule implements Executive Order 13513, “Federal Leadership on Reducing Text Messaging While Driving,” which had a required date for agency implementation of 90 days from the date of the order (October 1, 2009). An interim rule is necessary to improve safety on our roads and highways and to enhance the efficiency of Federal contracting. Specifically, this order requires agencies to encourage Federal contractors and subcontractors to adopt and enforce policies banning text messaging while driving company-owned or -rented vehicles or Government-owned vehicles, or while driving personally-owned vehicles when on official Government business or when performing any work for or on behalf of the Government. The Councils believe an interim rule in the FAR will provide the Contracting Officer the relevant regulatory guidance needed when addressing requirements outlined in the Executive Order. However, pursuant to 41 U.S.C. 418b and FAR 1.501–3(b), the Councils will consider public comments received in response to this interim rule in the formation of the final rule.
