SUPPLEMENTARY INFORMATION:

A. Background

This interim rule amends FAR subparts 25.2 and 52.2 to implement section 615 of Division C, Title VI, of the Consolidated Appropriations Act, 2010 (Pub. L. 111–117). Section 615 authorizes exemption from the Buy American Act for acquisition of information technology that is a commercial item.

This same exemption has appeared every year since Fiscal Year 2004 (section 535(a) of Division F, Title V, Consolidated Appropriations Act, 2004 (Pub. L. 108–199)). The Fiscal Year 2004 exemption was implemented through deviations by the individual agencies. Subsequently, regulations were published to implement the exemption for supplies (71 FR 223, January 3, 2006). The exemption for construction material was not implemented until publication of this interim rule.

The interim rule is based on the probability that the exemption of commercial information technology is likely to continue. If the exception does not appear in a future appropriations act, a prompt change to the FAR will be made to limit applicability of the exemption to the fiscal years to which it applies.

“Information technology” and “Commercial item” are already defined in FAR part 2.

This is a significant regulatory action and, therefore, was subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The Councils do not expect this interim rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule simplifies the treatment of

construction material that is also a commercial information technology item, which constitutes a small percentage of the overall construction material in a project. This interim rule does not affect small business set-asides to the prime contractor or the small business subcontracting goals. Construction contracts that exceed \$7,804,000 and are subject to trade agreements already exempt designated country construction material from the Buy American Act. Therefore, an Initial Regulatory Flexibility Analysis has not been performed. The Councils invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

The Councils will also consider comments from small entities concerning the existing regulations in the FAR subparts 25 and 52 affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAC 2005–46, FAR Case 2009–039) in all correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does apply because the changes to the FAR will slightly reduce the information collection requirements currently approved by the Office of Management and Budget (OMB Control number 9000–0141, entitled Buy America Act—Construction—FAR Sections Affected: Subpart 25.2; 52.225–9; and 52.225–11) but we estimate that the impact will be negligible.

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense (DoD), the Administrator of General Services (GSA), and the Administrator of the National Aeronautics and Space Administration (NASA) that urgent and compelling reasons exist to promulgate this interim rule without prior opportunity for public comment. This action is necessary to implement the changes resulting from the enactment of section 615 of Division C, Title VI, of the Consolidated Appropriations Act, 2010 (Pub. L. 111–117), effective December 16, 2009. However, pursuant to 41 U.S.C. 418b and FAR 1.501–3(b), the Councils will consider public comments received in response to this interim rule in the formation of the final rule.

SUPPLEMENTARY INFORMATION:

Summaries for each FAR rule follow. For the actual revisions and/or amendments made by these FAR cases, refer to the specific item number and subject set forth in the documents following these item summaries.

FAC 2005–46 amends the FAR as specified below:

Item I—Equal Opportunity for Veterans (FAR Case 2009–007) (Interim)

This interim rule with request for comments implements the Department of Labor’s (DoL) Office of Federal Contract Compliance Programs (OFCCP) final rule published in the **Federal Register** at 72 FR 44393 on August 8, 2007, that implements amendments to the affirmative action provisions of the Vietnam Era Veterans’ Readjustment Assistance Act of 1972 (VEVRAA), as amended by the Jobs for Veterans Act (JVA). The rule re-titles FAR subpart 22.13 from “Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans” to “Equal Opportunity for Veterans.” Accordingly, FAR clause 52.222–35 is also renamed “Equal Opportunity for Veterans” and

incorporates the new categories and definitions of protected veterans as established by DoL. In addition, the FAR clause at 52.222–37, “Employment Reports on Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans” is renamed “Employment Reports on Veterans” and the new DoL requirements for using the VETS–100A report are incorporated. Lastly, the FAR provision at 52.222–38, “Compliance with Veterans’ Employment Reporting Requirements,” is revised to incorporate new title references for FAR 52.222–37 and the new report form VETS–100A.

Item II—Certification Requirement and Procurement Prohibition Relating to Iran Sanctions (FAR Case 2010–012) (Interim)

This interim rule amends the FAR by enhancing efforts to enforce sanctions with Iran. The rule implements requirements imposed by the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (Pub. L. 111–195), specifically sections 102 and 106. To implement section 102, the FAR will require

certification that each offeror, and any person owned or controlled by the offeror, does not engage in any activity for which sanctions may be imposed under section 5 of the Iran Sanctions Act. This rule also partially implements section 106 of Public Law 111–195, which imposes a procurement prohibition relating to contracts with persons that export certain sensitive technology to Iran. There will be further implementation of Section 106 in FAR Case 2010–018. This rule will have little effect on United States small business concerns, because such dealings with Iran are already prohibited in the United States.

Item III—Termination for Default Reporting (FAR Case 2008–016)

This final rule amends the FAR to revise the contractor performance information process. The FAR revisions include changes to FAR parts 8, 12, 15, 42, and 49. The purpose of the rule is to establish procedures for contracting officers to provide contractor information into the Federal Awardee Performance & Integrity Information System (FAPIS) module of Past
