Extension Request

On September 15, 2010, and September 21, 2010, the Nuclear Energy Institute and the National Mining Association, respectively, requested extension of the public comment period until November 29, 2010. In their requests, the stakeholders indicated that given a shorter than normal comment period, the magnitude of the potential impact of the proposed amendment on a variety of licensees and applicants, and the need for stakeholders to carefully review the proposed amendment in order to provide constructive comments, an extension was necessary. No objections to the requested extension have been received.

Dated at Rockville, Maryland, this 24th day of September 2010.

For the Nuclear Regulatory Commission.

Annette L. Vietti-Cook,

Secretary of the Commission.
