Abstract of Proposed Collection

To meet OMB and Congressional reporting requirements, this request for a revised information collection

clearance will allow ECA/P/V to continue to conduct surveys of exchange participants from various ECA exchange programs. Collecting this data will help ECA/P/V assess and measure programs' effectiveness and impact, as well as provide valuable feedback on the program from the participants' perspective. ECA/P/V will most frequently conduct data collections efforts via electronic surveys, but when necessary may also utilize paper surveys. The majority of respondents will include either active exchange program participants or alumni of exchange programs conducted by ECA that are included in either performance measurement or evaluations studies.

Methodology

Performance measurement and evaluation data will be collected primarily through electronic surveys, but may also be done via paper surveys when access to computers is not possible.

Additional Information

This revised clearance request is based on the previous ECA/P/V information collection which submitted a question bank of possible questions ECA/P/V might use in surveys. This is necessary since large portions of these surveys will share the same questions, and this collection will avoid duplicating work load. For this submission, the question bank has been further refined and edited based on anticipated collection of evaluation or performance measurement data during the next clearance period.

Dated: September 2, 2010.

Acting Chief of Staff, Bureau of Educational and Cultural Affairs, Department of State.
