

environmental impact analysis processes; all comments obtained throughout the extended scoping effort are available in the administrative record.

On August 21, 2009, the Warner Valley Comprehensive Site Plan/Draft Environmental Impact Statement (Draft EIS) was released for a 90-day public review period, closing on November 21, 2009. Three public open houses were hosted; on September 2 in Chester, September 3 in Anderson, and September 8 in Vacaville. Copies of the Draft EIS were available for review at local libraries and the open houses, and an electronic version was posted at both Lassen Volcanic National Park's Web site <http://www.nps.gov/lavo/parkmgmt/index.htm> and the NPS Planning, Environment and Public Comment Web site <http://parkplanning.nps.gov>. A total of 33 comment letters were received, including from Greenville Rancheria, the Environmental Protection Agency, the Federal Emergency Management Agency, the California Regional Water Quality Control Board, the Northern Sierra Air Quality District, the Almanor Basin Fire Safe Council, and assorted letters from groups and individuals. Topics mentioned most frequently included: Restoration of Drakesbad Meadow; removal of Dream Lake Dam; alternative energy use; changes to campgrounds and redesign of trails and pathways; proposed new concessioner employee housing; and relocation of the volleyball court. Personal letters conveyed opinions both in favor and against actions proposed—some of these comments arose out of interest in preserving Drakesbad Guest Ranch in its present condition without any significant changes. Agencies provided information regarding regulatory requirements and permitting. Comments and responses are detailed in Chapter 6 of the Final EIS.

Supplementary Information: The Final EIS will be distributed in the same manner as the Draft EIS. In addition to this announcement, availability of the document will be publicized through local and regional press media. The document will be available at park headquarters and at local public libraries, and an electronic version will also be posted on the Lassen Volcanic National Park and NPS Web sites (*see above*). New requests for the document can be made at (530) 595-4444 extension 5101 or lavo_planning@nps.gov. Not sooner than thirty days after the **Federal Register** notice by the Environmental Protection Agency of availability of the Final EIS, a Record of Decision may be

prepared. As a delegated EIS, the official responsible for approval of the Comprehensive Site Plan is the Regional Director, Pacific West Region. The official subsequently responsible for implementation will be the Superintendent, Lassen Volcanic National Park.

Dated: March 19, 2010.

Patricia L. Neubacher,
Acting Regional Director, Pacific West Region.

Aquatic Nuisance Species Task Force Meeting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of meeting.

SUMMARY: This notice announces a meeting of the Aquatic Nuisance Species (ANS) Task Force. The meeting is open to the public. The meeting topics are identified in the **SUPPLEMENTARY INFORMATION** section.

DATES: The ANS Task Force will meet from 8 a.m. to 5 p.m. on Wednesday, November 3 through Thursday, November 4, 2010.

ADDRESSES: The ANS Task Force meeting will take place at the Holiday Inn—Arlington at Ballston, 4610 N. Fairfax Drive, Arlington, VA 22203 (703-243-9800). You may inspect minutes of the meeting at the office of the Chief, Division of Fisheries and Aquatic Resource Conservation, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Arlington, VA 22203, during regular business hours, Monday through Friday. You may also view the minutes on the ANS Task Force Web site at: <http://anstaskforce.gov/meetings.php>.

FOR FURTHER INFORMATION CONTACT: Susan Mangin, Executive Secretary, ANS Task Force, by phone at (703) 358-2466, or by e-mail at Susan_Mangin@fws.gov.

SUPPLEMENTARY INFORMATION: Under section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App.), this notice announces meetings of the ANS Task Force. The ANS Task Force was established by the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 (Pub. L. 106-580, as amended).

Topics that the ANS Task Force plans to cover during the meeting include: Regional Panel issues and recommendations, updates on ANSTF-approved species management and control plans, vector management, and consideration for approval of State ANS management plans. The agenda and other related meeting information are on the ANS Task Force Web site at: <http://anstaskforce.gov/meetings.php>.

Dated: September 24, 2010.

Bryan Arroyo,
Co-Chair, Aquatic Nuisance Species Task Force, Assistant Director—Fisheries & Habitat Conservation.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1088 (Final)]

Polyvinyl Alcohol From Taiwan

AGENCY: United States International Trade Commission.

ACTION: Scheduling of the final phase of an antidumping investigation.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping investigation No. 731-TA-1088 (Final) under section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of less-than-fair-value imports from Taiwan of polyvinyl alcohol, provided for in subheading 3905.30.00 of the Harmonized Tariff Schedule of the United States.¹

For further information concerning the conduct of this phase of the investigation, hearing procedures, and rules of general application, consult the

¹ For purposes of this investigation, the Department of Commerce has defined the subject merchandise as all PVA hydrolyzed in excess of 80 percent, whether or not mixed or diluted with commercial levels of defoamer or boric acid. PVA in fiber form and PVB-grade low-ash PVA are not included in the scope of this investigation. PVB-grade low-ash PVA is defined to be PVA that meets the following specifications: Hydrolysis, Mole % of 98.40 ± 0.40, 4% Solution Viscosity 30.00 ± 2.50 centipois, and ash—ISE, wt% less than 0.60, 4% solution color 20mm cell, 10.0 maximum APHA units, haze index, 20mm cell, 5.0, maximum. The merchandise under investigation is currently classifiable under subheading 3905.30.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.
