The Department will determine and the U.S. Bureau of Customs and Border Protection (“CBP”) shall assess antidumping duties on all appropriate entries. Except where the Court of International Trade has issued a preliminary injunction enjoining the liquidation of certain entries during the period of review, we intend to issue appropriate assessment instructions directly to CBP 15 days after publication of these amended final results of review. For a general discussion of the application of assessment rates, see Final Results, 75 FR at 47776.

Extension of Time Limits for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), requires the Department to issue the final results in an administrative review of an antidumping duty order 120 days after the date on which the preliminary results are published. The Department may, however, extend the deadline for completion of the final results of an administrative review to 180 days if it determines it is not practicable to complete the review within the foregoing time period. See section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

The Department requires additional time to complete this review because the Department must analyze and consider significant issues raised in the parties’ case and rebuttal briefs and fully analyze the parties’ post-preliminary surrogate value submissions. Thus, it is not practicable to complete this review by the current due date. Therefore, we are extending the time for the completion of the final results of an administrative review to 180 days if it determines it is not practicable to complete this review within the foregoing time period. See section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Background

On August 5, 2010, the Department of Commerce ("Department") published in the Federal Register its preliminary results of the new shipper review of the antidumping duty order on non-frozen apple juice concentrate from the People’s Republic of China ("PRC"). This review covers the period June 1, 2009, through January 20, 2010. The final results of review are currently due no later than October 28, 2010.

Extension of Time Limit for Final Results of Review

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(i)(1), provide that the Department will issue the final results of review within 90 days after the date on which the preliminary results were issued. However, if the Secretary concludes that a new shipper review is extraordinarily complicated, the Secretary may extend the 90-day period to 150 days. See 19 CFR 351.214(i)(2).

The Department determines that this new shipper review involves extraordinarily complicated methodological issues, including the continued evaluation of the most appropriate methodology for valuing labor. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2), the Department is extending the time limit for the final results from 90 days to 150 days. Therefore, the final results will now be due no later than December 27, 2010.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B)(iv) and 777(i) of the Act.

Susan H. Kuhbach,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
