SUPPLEMENTARY INFORMATION:

Background

The importation and interstate movement of garbage is regulated by the Animal and Plant Health Inspection Service under 7 CFR 330.400 and 9 CFR 94.5 in order to protect against the introduction into and dissemination within the United States of plant and animal pests and diseases.

On January 19, 2010, we published in the **Federal Register** (75 FR 2845-2846, Docket No. APHIS-2006-0172) a notice¹ in which we announced the availability, for public review and comment, of an environmental assessment documenting our review and analysis of the environmental impacts associated with, and alternatives to, the movement of palletized or containerized baled municipal solid waste to three existing ports on the Columbia River via barge and the transfer and transportation of the waste via truck or rail to the landfill.

We solicited comments on the environmental assessment for 30 days ending on February 18, 2010. We received 37 comments by that date. The commenters raised several issues, including the potential for invasive species/pest introductions, impacts on air and water quality, impacts on fish and wildlife habitat, impacts on existing infrastructure (highway, rail, and barge), increased traffic at associated ports, and the adequacy of the environmental assessment's analysis of cumulative effects.

On May 27, 2010, we published in the **Federal Register** (75 FR 29706, Docket No. APHIS-2006-0172) a notice announcing the availability of a final

environmental assessment and our finding of no significant impact (FONSI).

Although the agency had requested public comment on the environmental assessment published on January 19, 2010, with comments due on February 18, 2010, we received new information regarding potential impacts from that action after the FONSI had been issued. Because APHIS had not previously had the opportunity to evaluate this new information, we have decided to withdraw the FONSI effective immediately and reevaluate the potential environmental impacts that may be associated with this action.

Done in Washington, DC, this 28th day of September 2010.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* October 4, 2010

FOR FURTHER INFORMATION CONTACT: Susan Pulongbarit, or Paul Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4031, or (202) 482-0413.

SUPPLEMENTARY INFORMATION:

Background

On August 9, 2010, the Department of Commerce ("Department") published in the **Federal Register** the final results of the fourth administrative review of the antidumping duty order on certain frozen warmwater shrimp from the Socialist Republic of Vietnam ("Vietnam") for the period from February 1, 2008, through January 31, 2009.¹

On August 10, 2010, Minh Phu Seafood Corporation (and its affiliates Minh Qui Seafood Co., Ltd. and Minh Phat Seafood Co., Ltd. (collectively "Minh Phu Group")), Nha Trang Seaproduct Company ("Nha Trang Seafoods"), and Minh Hai-Joint Stock Seafoods Processing Company ("Seaprodex Minh Hai") (collectively "Respondents") filed a timely allegation that the Department made various ministerial errors in the *Final Results* and requested, pursuant to 19 CFR 351.224, that the Department correct the alleged ministerial errors. No other parties in this proceeding submitted comments on the Department's final margin calculations. Based upon our analysis of the comments and allegations of ministerial errors, we made changes to the margin calculation for Nha Trang Seafoods and the Minh Phu Group, and corrected Seaprodex Minh Hai's separate rate status. Furthermore, as a result of correcting the errors in the margin calculations for Nha Trang Seafoods and the Minh Phu Group, the margin for the companies granted separate-rate status were also revised because the margin for those companies were derived from Nha Trang Seafoods' and the Minh Phu Group's margins.

Scope of the Antidumping Duty Order

The scope of this order includes certain warmwater shrimp and prawns, whether frozen, wild-caught (ocean harvested) or farm-raised (produced by aquaculture), head-on or head-off, shell-on or peeled, tail-on or tail-off, 3535 "Tails" in this context means the tail fan, which includes the telson and the uropods, deveined or not deveined, cooked or raw, or otherwise processed in frozen form.

The frozen warmwater shrimp and prawn products included in the scope of this investigation, regardless of definitions in the Harmonized Tariff Schedule of the United States ("HTS"), are products which are processed from warmwater shrimp and prawns through freezing and which are sold in any count size.

The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the Penaeidae family. Some examples of the farmed and wild-caught warmwater species include, but are not limited to, whiteleg shrimp (*Penaeus vannamei*), banana prawn (*Penaeus merguensis*), fleshy prawn (*Penaeus chinensis*), giant river prawn (*Macrobrachium rosenbergii*), giant tiger prawn (*Penaeus monodon*), redspotted

shrimp (*Penaeus brasiliensis*), southern brown shrimp (*Penaeus subtilis*), southern pink shrimp (*Penaeus notialis*), southern rough shrimp (*Trachypenaeus curvirostris*), southern white shrimp (*Penaeus schmitti*), blue shrimp (*Penaeus stylirostris*), western white shrimp (*Penaeus occidentalis*), and Indian white prawn (*Penaeus indicus*).

Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope of this investigation. In addition, food preparations, which are not “prepared meals,” that contain more than 20 percent by weight of shrimp or prawn are also included in the scope of this investigation.

Excluded from the scope are: (1) Breaded shrimp and prawns (HTS subheading 1605.20.10.20); (2) shrimp and prawns generally classified in the Pandalidae family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell-on or peeled (HTS subheadings 0306.23.00.20 and 0306.23.00.40); (4) shrimp and prawns in prepared meals (HTS subheading 1605.20.05.10); (5) dried shrimp and prawns; (6) canned warmwater shrimp and prawns (HTS subheading 1605.20.10.40); (7) certain dusted shrimp; and (8) certain battered shrimp. Dusted shrimp is a shrimp-based product: (1) That is produced from fresh (or thawed-from-frozen) and peeled shrimp; (2) to which a “dusting” layer of rice or wheat flour of at least 95 percent

purity has been applied; (3) with the entire surface of the shrimp flesh thoroughly and evenly coated with the flour; (4) with the non-shrimp content of the end product constituting between four and 10 percent of the product’s total weight after being dusted, but prior to being frozen; and (5) that is subjected to individually quick frozen (“IQF”) freezing immediately after application of the dusting layer. Battered shrimp is a shrimp-based product that, when dusted in accordance with the definition of dusting above, is coated with a wet viscous layer containing egg and/or milk, and par-fried.

The products covered by this investigation are currently classified under the following HTS subheadings: 0306.13.00.03, 0306.13.00.06, 0306.13.00.09, 0306.13.00.12, 0306.13.00.15, 0306.13.00.18, 0306.13.00.21, 0306.13.00.24, 0306.13.00.27, 0306.13.00.40, 1605.20.10.10, and 1605.20.10.30. These HTS subheadings are provided for convenience and for customs purposes only and are not dispositive, but rather the written description of the scope of this investigation is dispositive.

Amended Final Results of the Review

The Act defines “ministerial error” as including “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.” See section

751(h) of the Act. After analyzing Respondents’ comments, we have determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made certain ministerial errors in our calculations for the final results with respect to certain surrogate values for Nha Trang Seafoods, the surrogate SG&A ratio for Nha Trang Seafoods and the Minh Phu Group, and Seaprodex Min Hai’s separate rate status. For a detailed discussion of these ministerial errors, as well as the Department’s analysis of these errors, see Memorandum to James C. Doyle, through Scot T. Fullerton, from Susan Pulongbarit, regarding “Fourth Antidumping Administrative Review of Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Ministerial Error Memorandum,” dated concurrently with this notice (“Ministerial Errors Memo”).

Because we have revised the rates for Nha Trang Seafoods and the Minh Phu Group, we are also revising the margin for the companies granted separate-rate status because the margin for those companies was calculated as the simple average of Nha Trang Seafoods’ and the Minh Phu Group’s margins. In accordance with section 751(h) of the Act, we are amending the final results of the fourth administrative review of certain warmwater shrimp from Vietnam. As a result of correcting the ministerial errors discussed above, we determine that the following dumping margins exist for the period February 1, 2008, through January 30, 2009:

The Department will determine and the U.S. Bureau of Customs and Border Protection ("CBP") shall assess antidumping duties on all appropriate entries. Except where the Court of International Trade has issued a preliminary injunction enjoining the liquidation of certain entries during the period of review, we intend to issue appropriate assessment instructions directly to CBP 15 days after publication of these amended final results of review. For a general discussion of the application of assessment rates, see *Final Results*, 75 FR at 47776.

Cash Deposit Requirements

For all shipments of certain warmwater shrimp from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date of these *Amended Final Results*, as provided by section 751(a)(2)(C) of the Act: (1) For companies covered by this review, the cash deposit rate will be the rate listed above; (2) for previously reviewed or investigated companies other than those covered by this review, the cash deposit rate will be the company-specific rate established for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the producer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) if neither the exporter nor the producer is a firm covered in this review, a prior review, or the investigation, the cash deposit rate will be 25.76 percent, the Vietnam-wide rate established in the less-than-fair-value investigation. These deposit requirements shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement

² See Letter from Thompson Hine representing the Minh Phu Group, Nha Trang Seafoods, Camimex, and Grobest, to Secretary of Commerce, regarding Certain Frozen Warmwater Shrimp from Vietnam: Case Brief on behalf of Certain Respondents, dated, April 21, 2010 ("Respondents Case Brief") at 44 for proprietary named used by importer.

³ See Respondents Case Brief at 24 for proprietary name used by importer.

⁴ See Respondents Case Brief at 44 for proprietary names used by importers.

⁵ See Respondents Case Brief at 44 for proprietary names used by importers.

could result in the presumption that reimbursement of antidumping duties occurred and the subsequent increase in antidumping duties by the amount of antidumping duties reimbursed.

Administrative Protective Order

This notice also is the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These amended final results of administrative review and notice are issued and published in accordance with sections 751(h), and 777(i)(1) of the Act, and 19 CFR 351.224.
