

*Comments are particularly invited on:* Whether this collection of information is necessary for the proper performance of functions of the Office of Personnel Management, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Approximately 8,000 reports of missing payments are processed each year. Of these, we estimate that 7,800 are reports of missing checks. Approximately 200 reports of missing checks are reported using RI 38–31 and 7,600 are reported by telephone. A response time of ten minutes per form reporting a missing check is estimated; the same amount of time is needed to report the missing checks or electronic funds transfer (EFT) payments using the telephone. The annual burden for reporting missing checks is 1,300 hours. The remaining 200 reports relate to EFT payments. No missing EFT payments are reported using RI 38–31. The annual burden for reporting missing EFT payments is 33 hours. The total burden is 1,333 hours.
