SUPPLEMENTARY INFORMATION: The DOL is seeking OMB reauthorization of the Annual Refiling Survey (ARS) information collection. While the primary purpose of the ARS is to verify or to correct the North American Industry Classification System (NAICS) code assigned to establishments, there are other important purposes of the ARS. The ARS seeks accurate mailing and physical location addresses of establishments as well as geographic codes such as county and township (independent city, parish, or island in some States).

The ARS constitutes an information collection within the meaning of the PRA. Under the PRA, a Federal agency generally cannot conduct or sponsor a collection of information unless it is currently approved by the OMB under the PRA and displays a currently valid OMB control number. Furthermore, the public is generally not required to respond to a collection of information unless it displays a currently valid OMB control number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under OMB Control Number 1220-0032. The current OMB approval is scheduled to expire on October 31, 2010. For additional information, see the related notice published in the **Federal Register** on May 27, 2010 (75 FR 29782).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES**

section within 30 days of publication of this notice in the **Federal Register**. In order to ensure the appropriate consideration, comments should reference OMB Control Number 1220-0032. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

BILLING CODE 4510-24-P

DEPARTMENT OF LABOR

Employee Benefits Security Administration

Exemptions From Certain Prohibited Transaction Restrictions

AGENCY: Employee Benefits Security Administration, Labor.

ACTION: Grant of Individual Exemptions.

SUMMARY: This document contains exemptions issued by the Department of Labor (the Department) from certain of the prohibited transaction restrictions of the Employee Retirement Income Security Act of 1974 (ERISA or the Act) and/or the Internal Revenue Code of 1986 (the Code). This notice includes the following: 2010-28, John D. Simmons Individual Retirement Act (the IRA), D-11597; and 2010-29, Boston Carpenters Apprenticeship and Training Fund (the Fund), L-11624.

SUPPLEMENTARY INFORMATION: A notice was published in the **Federal Register** of the pendency before the Department of a proposal to grant such exemption. The notice set forth a summary of facts and representations contained in the application for exemption and referred interested persons to the application for a complete statement of the facts and representations. The application has been available for public inspection at the Department in Washington, DC. The notice also invited interested persons to submit comments on the requested exemption to the Department. In addition the notice stated that any interested person might submit a written request that a public hearing be held (where appropriate). The applicant has represented that it has complied with the requirements of the notification to interested persons. No requests for a hearing were received by the Department. Public comments were received by the Department as described in the granted exemption.

The notice of proposed exemption was issued and the exemption is being granted solely by the Department because, effective December 31, 1978, section 102 of Reorganization Plan No. 4 of 1978, 5 U.S.C. App. 1 (1996), transferred the authority of the Secretary of the Treasury to issue exemptions of the type proposed to the Secretary of Labor.

Statutory Findings

In accordance with section 408(a) of the Act and/or section 4975(c)(2) of the Code and the procedures set forth in 29 CFR Part 2570, Subpart B (55 FR 32836, 32847, August 10, 1990) and based upon the entire record, the Department makes the following findings:

(a) The exemption is administratively feasible;

(b) The exemption is in the interests of the plan and its participants and beneficiaries; and

(c) The exemption is protective of the rights of the participants and beneficiaries of the plan.

John D. Simmons Individual Retirement Account (the IRA) Located in West Chester, PA

[Prohibited Transaction Exemption 2010–28; Exemption Application No. D–11597]

Exemption

The sanctions resulting from the application of section 4975(c)(1)(A)–(E) of the Code, shall not apply to the sale (the Sale) by the IRA to John D. Simmons, a disqualified person with respect to the IRA,* of a 50 percent interest (the Interest) in a condominium, provided that the following conditions are satisfied:

(a) The terms and conditions of the Sale are at least as favorable to the IRA as those obtainable in an arm's length transaction with an unrelated party;

(b) The Sale is a one-time transaction for cash;

(c) As consideration, the IRA receives the fair market value of the Interest as determined by a qualified, independent appraiser in an updated appraisal on the date of Sale; and

(d) The IRA pays no commissions, costs, fees, or other expenses with respect to the Sale.

Written Comment

In the notice of proposed exemption, the Department invited all interested persons to submit written comments and requests for a hearing within 30 days from the date of publication of the notice of proposed exemption in the **Federal Register**. All comments and requests for a hearing were due by September 5, 2010. Although the Department received no comments or requests for a hearing during the comment period, the Department noticed that Condition (c) of the proposal needed to be revised for technical accuracy.

As drafted in the proposal, Condition (c) states that as consideration for the Sale of the Interest, the IRA will receive the lesser of \$192,500 or the fair market value of the Interest as determined by a qualified, independent appraiser in an updated appraisal on the date of the Sale. The Department intended that the IRA should receive the fair market value for the Interest on the date of the Sale. Therefore, it has deleted the words "the lesser of \$192,500 or" in Condition (c) of the final exemption and notes a corresponding change in Representation 11(b) in the notice of proposed exemption. The revised condition now reads as follows:

(c) As consideration, the IRA receives the fair market value of the Interest as determined by a qualified, independent

appraiser in an updated appraisal on the date of the Sale;

After giving full consideration to the entire record, the Department has decided to grant the exemption. The complete application file is made available for public inspection in the Public Disclosure Room of the Employee Benefits Security Administration, Room N–1513, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210.

For a more complete statement of the facts and representations supporting the Department's decision to grant this exemption, refer to the notice of proposed exemption published on August 6, 2010 at 75 FR 47642.

General Information

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act, which among other things require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(B) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) This exemption is supplemental to and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative exemptions and transactional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

(3) The availability of this exemption is subject to the express condition that the material facts and representations contained in the application accurately describes all material terms of the transaction which is the subject of the exemption.

Signed at Washington, DC, this 1st day of October 2010.

SUPPLEMENTARY INFORMATION:

I. Abstract

NASA Johnson Space Center (JSC) regularly employs cooperative (Co-op) and Intern employees. This information is collected from public citizens (landlords) in and around the JSC area, who may have rooms, residences, or apartments available for rent by the co-ops and interns. Contact information for these landlords is compiled and made available to co-ops and interns who are travelling into the JSC area from distant Texas cities or from out-of-state. Access to this information, prior to co-op and intern arrival, would facilitate advance housing arrangements, and ease the burden of securing housing after arrival.

II. Method of Collection

NASA does not prescribe a format for submission, though encourages the use of computer technology for submission.
