the Senate and U.S. House of Representatives, and the Library of Congress to establish the President’s Council on Fitness, Sports, and Nutrition (Council) as a non-discretionary Federal advisory committee. The amended charter was filed on September 10, 2010.

Objective and Scope of Activities. Under Executive Order 13545, the Secretary of Health and Human Services (Secretary) is directed to develop and coordinate a national program to enhance physical activity, fitness, sports participation, and good nutrition. The Secretary is directed to carry out this national program in consultation with the Secretaries of Agriculture and Education. In implementing the provisions of Executive Order 13545, the Secretary shall be guided by the science-based Federal Dietary Guidelines for Americans and the Physical Activity Guidelines for Americans. The Secretary shall undertake nutrition-related activities under Executive Order 13545 in coordination with the Secretary of Agriculture.

Under Executive Order 13545, the President’s Council on Fitness, Sports, and Nutrition shall function (a) To advise the President, through the Secretary, concerning progress made in carrying out the provisions of Executive Order 13545 and shall recommend to the President, through the Secretary, actions to accelerate progress; (b) to advise the Secretary on ways to promote regular physical activity, fitness, sports participation, and good nutrition; (c) as a liaison to relevant State, local, and private entities in order to advise the Secretary about programs and services at the local, State, and national levels; and (d) to monitor the need to enhance programs and educational and promotional materials sponsored, overseen, or disseminated by the Council. In performing its functions, the Council shall take into account the Federal Dietary Guidelines for Americans and the Physical Activity Guidelines for Americans.

Membership and Designation. The President’s Council on Fitness, Sports, and Nutrition shall be composed of up to 25 members appointed by the President. The President may designate one or more members as Chair or Vice Chair. Members of the Council shall serve for a term of two years, shall be eligible for reappointment, and may continue to serve after the expiration of their terms until the appointment of a successor. Members of the Council shall be classified as special Government employees (SGEs).

Administrative Management and Support. The Secretary shall appoint an Executive Director of the Council who shall serve as a liaison to the Secretary and the White House on matters and activities pertaining to the Council. HHS will provide funding and administrative support for the Council to the extent permitted by law within existing appropriations. Staff will be assigned to support the activities of the Council. Each executive department and agency shall, to the extent permitted by law and subject to the availability of funds, furnish such information and assistance to the Secretary and the Council as they may request. Management and oversight for support services provided to the Council will be the responsibility of the Office of the Assistant Secretary for Health, which is a staff division within the Office of the Secretary, HHS.

A copy of the charter for the Council can be obtained from the designated contacts or by accessing the FACA database that is maintained by the GSA Committee Management Secretariat. The Web site for the FACA database is http://fido.gov/facadatabase.

National Committee on Vital and Health Statistics: Meeting

Pursuant to the Federal Advisory Committee Act, the Department of Health and Human Services (HHS) announces the following advisory committee meeting.

Name: National Committee on Vital and Health Statistics (NCVHS), Quality Subcommittee Meeting.

Time and Date:
October 18, 2010 10 a.m.–5:30 p.m. EST.
October 19, 2010 9 a.m.–3 p.m. EST.
Place: National Center for Health Statistics, 3311 Toledo Road, Auditorium A&B, Hyattsville, MD 20782.

Status: Open.

Purpose: The purpose of this meeting is to gain perspectives on the current activities necessary to support anticipated data needs in the medium term (3–5 year) of health care stakeholders—specifically consumers, providers, payers and regulators—to support quality measurement and improvement initiatives and their impact on both a population and individual level. The meeting will seek to identify critical path activities needed to advance quality measurement, including but not limited to future information needs and data sources.
