

of a targeted survey, important details will be gathered regarding: (a) The information that drivers possessed prior to and during a storm, including knowledge of observed and forecast weather conditions; (b) sources of weather and road information; (c) any modification of travel and/or commute plans, based on event information; (d) anticipation and perception of storm impacts and severity; and (e) perception and behavioral response to messages conveyed by the NWS and UDOT, along with their satisfaction of information provided. Analyses of the information gathered will focus on driver knowledge, perceptions, and decisionmaking. Ultimately, the results of this survey will provide insight on how the Weather Enterprise may more effectively communicate hazard information to the public in a manner which leads to improved response (*i.e.*, change travel times, modes, etc.). With a sufficient level of behavior change, it should be possible to improve safety and reduce the costs associated with weather-related congestion and associated delays. Additionally, the project will shed light upon the interrelationship between meteorological phenomena, road conditions, and their combined impact on travel.

Affected Public: Individuals or households.

Frequency: One time.

Respondent's Obligation: Voluntary.

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Expanded Vessel Monitoring System Requirement in the Pacific Coast Groundfish Fishery

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before December 6, 2010.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at *dHynek@doc.gov*).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Becky Renko, (206) 526-6110 or *Becky.Renko@noaa.gov*.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a renewal of a currently approved information collection.

NOAA has established large-scale depth-based management areas, referred to as Groundfish Conservation Areas (GCAs), where groundfish fishing is prohibited or restricted. These areas were specifically designed to reduce the catch of species while allowing healthy fisheries to continue in areas and with gears where little incidental catch of overfished species is likely to occur. Because NOAA needs methods to effectively enforce area restrictions, certain commercial fishing vessels are required to install and use a vessel monitoring system (VMS) that automatically sends hourly position reports. Exemptions from the reporting requirement are available for inactive vessels or vessels fishing outside the monitored area. The vessels are also required to declare what gear will be used.

To ensure the integrity of the GCAs and Rockfish Conservation Areas (RCA), a pilot VMS program was implemented on January 1, 2004. The pilot program required vessels registered to Pacific Coast groundfish fishery limited entry permits to carry and use VMS transceiver units while fishing off the coasts of Washington, Oregon and California. On January 1, 2007, the VMS program coverage was expanded to include all open access fisheries in addition to the limited entry fisheries.

A change request to expand the available fishery declarations will be published as part of a final rule, RIN 0648-AY68, in late 2010. As stated in the proposed rule for RIN 0648-AY68 (75 FR 53380, August 31, 2010), the public reporting burden for the changes to the declaration reporting system are not expected to change the public reporting burden.

II. Method of Collection

The installation/activation reports are available over the Internet. Due to the need for the owner's signature, installation reports must be faxed or mailed to NMFS. Hourly position reports are automatically sent from VMS transceivers installed aboard vessels. Exemption reports and declaration reports are submitted via a toll-free telephone number.

III. Data

OMB Control Number: 0648-0573.

Form Number: None.

Type of Review: Regular submission (renewal of a currently approved collection).

Affected Public: Business or other for-profit organizations; individuals or households.

Estimated Number of Respondents: 1,500.

Estimated Time per Response: VMS installation: 4 hours; VMS maintenance: 4 hours; installation, exemption and activation reports: 5 minutes each; and declaration reports: 4 minutes.

Estimated Total Annual Burden Hours: 8,581.

Estimated Total Annual Cost to Public: \$2,900,250.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be

collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: October 1, 2010.

Chlorinated Isocyanurates From the People's Republic of China: Notice of Extension of Time Limit for the Final Results of the 2008-2009 Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* October 7, 2010.

FOR FURTHER INFORMATION CONTACT: Brandon Petelin or Charles Riggle, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-8173 or (202) 482-0650, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 14, 2010, the Department of Commerce ("Department") published its preliminary results of review of the antidumping order on chlorinated isocyanurates from the People's Republic of China ("PRC").¹ This review covers the period June 1, 2008, through May 31, 2009. The final results of review are currently due no later than October 12, 2010.

Extension of Time Limit for Final Results of Review

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall issue the

final results of an administrative review within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 180 days.

On September 17, 2010, the Department published a notice extending the time limit for the final results of this administrative review by 30 days, *i.e.*, until October 12, 2010.² The Department now finds that it is not practicable to complete the final results of the administrative review of chlorinated isocyanurates from the PRC before the current deadline due to complicated surrogate value issues, including the most appropriate methodology for valuing labor, for the final results. We find that additional time is needed to complete these final results. Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the final results of the administrative review by an additional 30 days. As a result, these final results are due on Wednesday, November 10, 2010, 180 days after the date on which the preliminary results were published.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: October 1, 2010.

Susan H. Kuhbach,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Frozen Warmwater Shrimp From India and Thailand: Notice of Extension of Time Limits for the Preliminary Results of the 2009-2010 Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Elizabeth Eastwood, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of

Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-3874.

Background

On April 7, 2010, the Department of Commerce (the Department) published a notice of initiation of the administrative reviews of the antidumping duty orders on certain frozen warmwater shrimp from Brazil, India, and Thailand covering the period February 1, 2009, through January 31, 2010. See *Certain Frozen Warmwater Shrimp from Brazil, India, and Thailand: Notice of Initiation of Administrative Reviews*, 75 FR 17693 (Apr. 7, 2010).

On July 9, 2010, the Department selected respondents for individual examination in the India and Thailand reviews and issued questionnaires to them.¹ See the July 9, 2010, memoranda from Elizabeth Eastwood to James Maeder entitled, "2009-2010 Antidumping Duty Administrative Review of Certain Frozen Warmwater Shrimp from India: Selection of Respondents for Individual Review," and "2009-2010 Antidumping Duty Administrative Review on Certain Frozen Warmwater Shrimp from Thailand: Selection of Respondents for Individual Review." We received responses to these questionnaires in August and September 2010.

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination in an administrative review within 245 days after the last day of the anniversary month of an order or finding for which a review is requested. Consistent with section 751(a)(3)(A) of the Act, the Department may extend the 245-day period to 365 days if it is not practicable to complete the review within a 245-day period. The deadline for the preliminary results of these administrative reviews is currently November 1, 2010.² The Department determines that completion of the preliminary results of these reviews within the statutory time period is not practicable because it is examining: (1) An allegation of a particular market situation for the respondents in Thailand; and (2) a cost allegation from the petitioner for Apex Exports in India.

¹ The Department rescinded the administrative review of certain frozen warmwater shrimp from Brazil on June 10, 2010. See *Certain Frozen Warmwater Shrimp from Brazil: Notice of Rescission of Antidumping Duty Administrative Review*, 75 FR 32915 (June 10, 2010).

² The original due date for the preliminary results, October 31, 2010, is a Sunday.
