(Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: September 21, 2010.

Edward L. Connor,

Acting Federal Insurance and Mitigation Administrator, Department of Homeland Security, Federal Emergency Management Agency.

[FR Doc. 2010-25337 Filed 10-6-10; 8:45 am]

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2010-0003; Internal Agency Docket No. FEMA-B-1145]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities

listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before January 5, 2011.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1145, to Roy E. Wright, Deputy Director, Risk Analysis Division, Federal Insurance and

Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3461, or (e-mail) roy.e.wright@dhs.gov.

FOR FURTHER INFORMATION CONTACT: Roy E. Wright, Deputy Director, Risk Analysis Division, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3461, or (e-mail) roy.e.wright@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or

pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental

impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location **	Elevation and Depth	
				Existing	Modified
City of Suffolk, Virginia					
Virginia	City of Suffolk	Hampton Roads	From the intersection of Sandy Drive and South Road to approximately 310 feet south, extending approximately 500 feet west along Sandy Drive.	None	+8
Virginia	City of Suffolk	Unnamed Ponding areas controlled by Hampton Roads.	From the intersection of Sandy Drive and Hampton Road to approximately 1,100 feet south, and extending approximately 510 feet east along Sandy Drive.	None	+8

* National Geodetic Vertical Datum.

Depth in feet above ground.

+ North American Vertical Datum.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to Roy E. Wright, Deputy Director, Risk Analysis Division, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

RIN 9000-AL65

Federal Acquisition Regulation; Sudan Waiver Process

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Proposed rule.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (the Councils) are proposing to amend the Federal Acquisition Regulation (FAR) to revise section 25.702, Prohibition on contracting with entities that conduct restricted business operations in Sudan, to add specific criteria that an agency must address in a waiver request and a waiver consultation process regarding foreign policy aspects of the waiver request for consultations. This information will be provided, in a waiver request, to the President or his appointed designee for consideration on whether the prohibition on awarding a contract to a contractor that conducts business in Sudan should be waived.

DATES: Interested parties should submit written comments to the Regulatory Secretariat on or before December 6, 2010 to be considered in the formulation of a final rule.

ADDRESSES: Submit comments identified by FAR Case 2009-041 by any of the following methods:

- *Regulations.gov:* <http://www.regulations.gov>.

Submit comments via the Federal eRulemaking portal by inputting "FAR Case 2009-041" under the heading "Enter Keyword or ID" and selecting "Search." Select the link "Submit a

Comment" that corresponds with "FAR Case 2009-041." Follow the instructions provided at the "Submit a Comment" screen. Please include your name, company name (if any), and "FAR Case 2009-041" on your attached document.

- *Fax:* 202-501-4067.
- *Mail:* General Services

Administration, Regulatory Secretariat (MVCB), 1800 F Street, NW., Room 4041, ATTN: Hada Flowers, Washington, DC 20405.

Instructions: Please submit comments only and cite FAR Case 2009-041, in all correspondence related to this case. All comments received will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact Mr. Ernest Woodson, Procurement Analyst, at (202) 501-3775. For information pertaining to status or publication schedules, contact the Regulatory Secretariat at (202) 501-4755. Please cite FAR Case 2009-041.

SUPPLEMENTARY INFORMATION:

A. Background

The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) published a final rule, FAR Case 2008-004, Prohibition on Restricted Business Operations in Sudan and Imports from Burma, in the **Federal Register** at 74 FR 40463 on August 11, 2009, amending the FAR to implement section 6 of the Sudan Accountability and Divestment Act of 2007, Public Law 110-174. Section 6 requires certification in each contract entered into by an Executive Agency that the contractor does not conduct certain business operations in Sudan as described in the act. Additionally, section 6 establishes the President's authority to waive this requirement, on a case-by-case basis, if the President determines and certifies in writing to the appropriate congressional committees that it is in the national interest to do so.

Section 6 of the Sudan Accountability and Divestment Act of 2007 was implemented in the FAR but did not include a waiver consultation process and specific criteria for the waiver request. With the addition of these changes, the FAR will provide consistent guidance on specific criteria that must be included in the waiver request for consideration; and establish a consultation process to ensure all waiver request are reviewed by the appropriate agency experts.

The Councils propose to amend FAR 25.702-4 to add (1) waiver criteria that

agencies must address when requesting a waiver to enter into a contract with a firm that conducts restricted business operations in Sudan that will include specific criteria for the waiver request; and (2) a waiver consultation process that will require all requests to be submitted through the Office of Federal Procurement Policy (OFPP) to the President or his appointed designee for consideration. OFPP will be required to consult with the President's National Security Council, Office of African Affairs and the Department of State Sudan Office and Sanctions Office on foreign policy matters relevant to the waiver request and include this information in the recommendation to the President. All waiver requests must clearly explain why the product or service must be procured from the offeror for which the waiver is requested and why it is in the national interest to waive the statutory prohibition against contracting with an offeror that conducts prohibited business operations in Sudan. In addition, the waiver request must address any humanitarian efforts engaged in by the offeror, the human rights impact of doing business with that offeror, and the extent of the offeror's business operations in Sudan. All of the information required to be included in the waiver request will be considered in determining whether to recommend that the President waive the prohibition.

Additionally, individual and class waiver requests will be considered for a specific contract or class of contracts, as long as the waiver request has been reviewed and cleared by the agency head prior to submitting it to OFPP and the request includes the appropriate waiver information specified at FAR 25.702-4(c)(3). However, a waiver will not be issued for an indefinite period of time, and may be cancelled, if warranted.

In accordance with section 6 of the Sudan Accountability and Divestment Act of 2007, the Administrator of Federal Procurement Policy is required to submit semiannual reports, on April 15th and October 15th, to Congress, on waivers approved by the President. OFPP has submitted two reports to Congress since the publication of the first rule, FAR Case 2008-004, Prohibition on Restricted Business Operations in Sudan and Imports from Burma, but is proposing to include this reporting requirement in the FAR to emphasize this waiver process and reporting requirement.

This is a significant regulatory action and, therefore, was subject to review under section 6 of Executive Order 12866, Regulatory Planning and Review,
