

recommendations for the proposed information collections within 30 days of this notice directly to the OS OMB Desk Officer; faxed to OMB at 202-395-5806.

*Proposed Project:* An Assessment of the Sustainability and Impact of Community Coalitions Once Federal Funding Has Expired—OMB No. 0990-NEW—Assistant Secretary Planning Evaluation (ASPE).

*Abstract:* The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is requesting Office of Management and Budget (OMB) approval on a new collection to conduct a survey of community coalitions formerly funded by the Community Access Program (CAP)/Healthy

Communities Access Program (HCAP) to learn about their sustainability and impact post-federal funding. ASPE will use the CAP/HCAP experience to examine the long-term sustainability of coalitions that successfully completed for grant funding from the Department of Health and Human Services (DHHS). As part of the study, a one-time, self-administered survey will be administered to the 260 coalitions funded through CAP/HCAP, providing a unique set of data to assess coalition sustainability and the factors that enable and hinder sustainability. The survey will focus on CAP/HCAP coalitions' structure, funding, activities, impact, and outcomes post-funding. The survey design and content is informed by a

review of the literature on community coalitions including coalition organization, functions, impact, and sustainability. Results from the survey will also inform the selection of sites for key informant interviews and site visits. Specifically, telephone interviews will occur with a subset of 20 CAP/HCAP coalitions that have been sustained as well as 20 CAP/HCAP coalitions that have not been sustained. The key informant interviews will utilize a structured instrument tailored to the coalitions' experiences. Site visits will be conducted with seven coalitions that were sustained post-funding. Data collection activities will be completed within 18 months of OMB Clearance.

ESTIMATED ANNUALIZED BURDEN TABLE

Type of respondent	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Social and Community Service Managers/survey .....	260	1	35/60	152
Social and Community Service Managers/key informant interviews .....	40	1	45/60	30
Total .....				182

**Agency Information Collection Request. 30-Day Public Comment Request**

**AGENCY:** Office of the Secretary, HHS. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to

minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to *Sherette.funncoleman@hhs.gov*, or call the Reports Clearance Office on (202) 690-5683. Send written comments and recommendations for the proposed information collections within 30 days of this notice directly to the OS OMB Desk Officer; faxed to OMB at 202-395-5806.

*Proposed Project:* Prevention and Wellness-Leveraging National Organizations—OMB No. 0990-New-Office of Public Health and Science (OPHS).

*Abstract:* The Office of Public Health and Science is requesting an approval by OMB on a new collection. The American Recovery and Reinvestment Act (ARRA) Prevention and Wellness-Leveraging National Organizations is a cooperative agreement program authorized under 42 U.S.C. 300k-1, 300, section 1701 of the Public Health Service Act, as amended. The funding opportunity focuses on two categories of activities:

- Category A: Obesity prevention through improved nutrition and increased physical activity

- Category B: Tobacco prevention and control

The National Organizations who receive funding will be supporting Communities Putting Prevention to Work (CPPW)-funded communities by providing expertise and technical assistance to help implement select MAPPs (Media, Access, Point of Purchase/Promotion, Pricing, and Social Support and Services) strategies through national organizations' systems and networks. The National Organizations will work to sustain community prevention efforts beyond Recovery Act CPPW funding and support the National Prevention Media Initiative through co-branding and augmenting HHS-developed media campaigns in communities.

The outcome measures that will be collected from funded National Organizations include approval/enactment of MAPPs-related policy, systems, and environmental change in physical activity, nutrition, and tobacco in funded communities. Since a critical component of the National Organizations is to support and assist CPPW-funded communities with their expert resources, the National Organizations and the CPPW-funded communities will share ownership of the same outcome measures. Because the National Organizations and their local affiliates have a distinct supporting role in these community-

wide efforts, the output measures track the kinds of added value to be derived

from involvement of the National Organizations and its local affiliates in

the community-wide efforts which should help drive the outcome measure.

*Proposed Project:* Regional Extension Center (REC) Cooperative Agreement Program OMB No. 0990-NEW—Office of the National Coordinator for Health Information Technology

*Abstract:* The REC Cooperative Agreement program has been targeted as the Department of Health and Human Services' (HHS) high priority programs

and is supportive of HHS Strategic Goal 1: Health Care, objective 1.3: Improve health care quality, safety, cost, and value. Each Regional Center is required to plan and implement the outreach, education and technical assistance necessary to meet the objective of assisting providers in its geographic service area to achieve meaningful use of electronic health records (EHR). Each Center is required to report data on a monthly basis, throughout the 24-month duration of the first project period, including the number of providers registered via signed agreements with the REC, the number of providers who have purchased and are using an ONC-certified HER, with e-prescribing and quality reporting functionalities, and the number of providers who have become meaningful users of EHR, in a certification process determined by the Center for Medicaid and Medicare Services (CMS). The tool provides a data hub and central location for program participants to collect this data. Additionally it allows for the synergy of grantee business processes and technology to increase transparency, portability, and accuracy of ONC-monthly and ARRA-quarterly reporting requirements.
