The Commission is requesting an extension (no change in the reporting, recordkeeping and/or third party disclosure requirements) of this information collection. The Commission is reporting a decrease of 2,000 hours in total annual burden. This decrease adjustment is due to an Order, FCC 08–12, which granted numerous carriers forbearance from compliance to the relevant rules. The number of respondents decreased from six to one.

Section 64.901 requires carriers to separate their regulated costs from nonregulated costs using the attributable cost method of cost allocation. Carriers must follow the principles described in 47 CFR 64.901.

Section 64.903(a) requires Local Exchange Carriers (LECs) with annual operating revenues equal to or above the indexed revenue threshold as defined in 47 CFR 32.9000 to file a cost allocation manual (CAM). Section 64.903(b) requires that carriers update their cost allocation manuals at least annually, except that changes to the cost apportionment table and the description of time reporting procedures must be filed at the time of implementation. The FCC uses the manuals to ensure that all costs are properly classified.

Filing of cost allocation manuals and occasional updates are subject to the uniform format and standard procedures specified in Responsible Accounting Officer (RAO) Letter 19. RAO Letter 26 provides guidance to carriers in revising their CAMs to reflect changes to affiliate transactions rules pursuant to the *Accounting Safeguard Order* (FCC 96–490).

The CAM is reviewed by Commission staff to ensure that all costs are properly classified between regulated and non-regulated activity. Uniformity in the CAMs helps improve the joint cost allocation process. In addition, the uniformity gives the Commission greater reliability in financial data submitted by the carriers through the Automated Reporting Management Information System (ARMIS).

Request for Comments

Under the Paperwork Reduction Act (“PRA”), 44 U.S.C. 3501-3521, Federal agencies must obtain approval from OMB for each collection of information they conduct or sponsor. “Collection of information” means agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. 44 U.S.C. 3502(3); 5 CFR 1320.3(c). As required by section 3506(c)(2)(A) of the PRA, the FTC is providing this opportunity for public comment before requesting that OMB extend the existing paperwork clearance for the regulations noted herein.

The FTC invites comments on: (1) Whether the required collection of

information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (2) the accuracy of the agency’s estimate of the burden of the required collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
