BILLING CODE 4150-45-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 10-1805; MB Docket No. 10-117; RM-11601]

Radio Broadcasting Services; Grants Pass, Oregon

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Audio Division, at the request of Three Rivers Broadcasting LLC, allots FM Channel 257A at Grants Pass, Oregon, as the community's second commercial FM transmission service. Channel 257A can be allotted at Grants Pass, consistent with the minimum distance separation requirements of the Commission's rules, at coordinates 42-25-25 NL and 123-26-25 WL, with a site restriction of 8.7 km (5.4 miles) west of the community. See SUPPLEMENTARY INFORMATION infra.

DATES: Effective November 12, 2010.

FOR FURTHER INFORMATION CONTACT: Deborah Dupont, Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Report and Order, MB Docket No. 10-117, adopted September 24, 2010, and released September 27, 2010. The full text of this Commission decision is available for inspection and copying during normal business hours in the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room CY-A257, Washington, DC 20554. The complete text of this decision also may be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC 20554, (800) 378-3160, or via the company's Web site, http://www.bcpweb.com. This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506 (c)(4). The Commission will send a copy of this Report and Order in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, see U.S.C. 801(a)(1)(A).

List of Subjects in 47 CFR Part 73

Radio, Radio broadcasting.

■ For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR Part 73 as follows:

PART 73—RADIO BROADCAST SERVICES

■ 1. The authority citation for Part 73 continues to read as follows:

Authority: 47 U.S.C. 154, 303, 334, 336.

§ 73.202 [Amended]

■ 2. Section 73.202(b), the Table of FM Allotments under Oregon, is amended by adding Grants Pass, Channel 257A. Federal Communications Commission.

John A. Karousos, Assistant Chief, Audio Division, Media Bureau.

BILLING CODE 6712-01-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 635

RIN 0648-XZ43

Atlantic Highly Migratory Species; Inseason Action To Close the Commercial Non-sandbar Large Coastal Shark Research Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of fishery closure.

SUMMARY: NMFS is closing the commercial shark research fishery for non-sandbar large coastal sharks (LCS). This action is necessary because landings for the 2010 fishing season have reached at least 80 percent of the available quota.

DATES: The commercial shark research fishery for non-sandbar LCS is closed effective 11:30 p.m. local time October 12, 2010 until, and if, NMFS announces, via a notice in the Federal Register that additional quota is available and the season is reopened.

FOR FURTHER INFORMATION CONTACT: Karyl Brewster-Geisz or Peter Cooper, 301-713-2347; fax 301-713-1917.

SUPPLEMENTARY INFORMATION: The Atlantic shark fisheries are managed under the 2006 Consolidated Atlantic Highly Migratory Species (HMS) Fishery Management Plan (FMP), its amendments, and its implementing regulations found at 50 CFR part 635

issued under authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*).

Under § 635.5(b)(1), shark dealers are required to report to NMFS all sharks landed every two weeks. Dealer reports for fish received between the 1st and 15th of any month must be received by NMFS by the 25th of that month. Dealer reports for fish received between the 16th and the end of any month must be received by NMFS by the 10th of the following month. Under § 635.28(b)(2), when NMFS projects that fishing season landings for a species group have reached or are about to reach 80 percent of the available quota, NMFS will file for publication with the Office of the **Federal Register** a notice of closure for that shark species group that will be effective no fewer than 5 days from the date of filing. From the effective date and time of the closure until NMFS announces, via a notice in the **Federal Register**, that additional quota is available and the season is reopened, the fishery for that species group is closed, even across fishing years.

On January 5, 2010 (75 FR 250), NMFS announced that the shark research fishery for the 2010 fishing year was open and the available non-sandbar LCS research fishery quota was 37.5 metric tons (mt) dressed weight (dw) (82,673 lb dw). Dealer reports through the August 31, 2010 reporting period indicate that 31.8 mt dw or 85 percent of the available shark research fishery quota for non-sandbar LCS has

been landed. Dealer reports received to date indicate that 10.3 percent of the quota was landed from the opening of the fishery on January 5, 2010, through January 31, 2010; 8.7 percent of the quota was landed in February; 3 percent of the quota was landed in March; 5 percent of the quota was landed in April; 13 percent of the quota was landed in May; 6 percent of the quota was landed in June; 21.1 percent of the quota was landed in July; and 17.9 percent of the quota was landed in August. The fishery has reached 85 percent of the quota, which exceeds the 80 percent limit specified in the regulations. Accordingly, NMFS is closing the commercial non-sandbar LCS research fishery as of 11:30 p.m. local time October 12, 2010. This closure does not affect any other shark fishery.

During the closure, persons engaged in a shark research fishery trip aboard vessels issued a shark research permit under 50 CFR 635.32(f) with a NMFS-approved observer onboard, may not retain non-sandbar LCS. Vessels issued a shark research permit that are engaged in a commercial shark fishing trip outside of the shark research fishery may retain non-sandbar LCS caught in the Atlantic region, as long as the Atlantic region remains open for commercial harvest of non-sandbar LCS by Atlantic shark limited access permit holders. A shark dealer issued a permit pursuant to § 635.4 may not purchase or receive non-sandbar LCS from a vessel issued a shark research permit returning

from a shark research fishery trip with a NMFS-approved observer on board. Permitted shark dealers or processors may possess non-sandbar LCS that were harvested during a shark research fishery trip, as long as the non-sandbar LCS were off-loaded, and sold, traded, or bartered, prior to the effective date of the closure and were held in storage.

Classification

Pursuant to 5 U.S.C. 553(b)(B), the Assistant Administrator for Fisheries, NOAA (AA), finds that providing for prior notice and public comment for this action is impracticable and contrary to the public interest because the fishery is currently underway, and any delay in this action would cause overharvest of the quota and be inconsistent with management requirements and objectives. If the quota is exceeded, the affected public is likely to experience reductions in the available quota and a lack of fishing opportunities in future seasons. For these reasons, the AA also finds good cause to waive the 30-day delay in effective date pursuant to 5 U.S.C. 553 (d)(3). This action is required under § 635.28(b)(2) and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 7, 2010.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
