

The System's User Guide explains, in detail, the methods for filing a claim.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁴ which requires, among other things, that the rules of a national securities association be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change will assist in the efficient administration of arbitrations by updating the relevant rule language to reflect that claimants may file all of the initial documents electronically through the System. FINRA believes these technical, non-substantive amendments will enhance the Codes by making them easier to understand and apply.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6) thereunder.⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63052; File No. SR-BX-2010-067]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend BX Rule 4751 To Include Order Collar Functionality

October 6, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 1, 2010, NASDAQ OMX BX, Inc. (the "Exchange" or "BX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as constituting a non-controversial rule change under Rule 19b-4(f)(6) under the Act,³ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The exchange proposes to amend BX Rule 4751 to include Order Collar functionality that cancels any portion of any Unpriced orders (also known as market orders) submitted to the Exchange that would execute at a price that is more than \$0.25 or 5 percent worse than the national best bid and offer at the time the order initially reaches the Exchange, whichever is greater. The text of the proposed rule change is available at <http://nasdaqomxbx.cchwallstreet.com>, at BX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

³ 17 CFR 240.19b-4(f)(6).

Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to protect market participants by reducing the risk that unpriced orders, also known as market orders, will execute at prices that are significantly worse than the national best bid and offer ("NBBO") at the time the Exchange receives the order. BX believes that most market participants expect that their order will be executed at its full size at a price reasonably related to the prevailing market. However, participants may not be aware that there is insufficient liquidity at or near the NBBO to fill the entire order, particularly for more thinly-traded securities. These Unpriced orders can be disruptive both to the BX and to other markets that are impacted by BX's participation in the national market system.

BX is proposing to implement order collar functionality that cancels any portion of any unpriced orders that would execute on BX at a price that is the greater of \$0.25 or 5 percent worse than the NBBO at the time BX receives the order. Unpriced orders that would be subject to this calculation and potential cancellation are defined in new BX Rule 4751(f)(10).

The following example illustrates the Order Collar functionality. A market participant submits an Unpriced order to buy 500 shares. The NBBO is \$6.00 bid by \$6.05 offer, with 100 shares available on each side. Both sides of the NBBO are set by BX and BX has 100 shares available at the \$6.05 to sell at the offer price and also has reserve orders to sell 100 shares at \$6.32 and 400 shares at \$6.40. No other market center is publishing offers to sell the security in between \$6.05 and \$6.40.

In this example, the Unpriced Order would be executed in the following manner:

- 100 shares would be executed by BX at the \$6.05;
- 100 shares executed by BX at \$6.32 (more than \$0.25 but less than 5 percent worse than the NBBO); and
- 300 shares, representing the remainder of the Unpriced Order, would be cancelled because the remaining liquidity available at \$6.40 is more than 5 percent worse than the NBBO.

BX believes that market participants who wish to trade at prices further away

from the NBBO than the Unpriced Order thresholds would permit, may still accomplish their strategy by submitting a marketable limit order to BX. In the example above, a market participant with such a strategy could have input a limit order with a price of \$7.00, which would have executed up to its full size provided liquidity is available. BX's proposal is similar to a rule change already implemented by NASDAQ, BATS Exchange, Inc. and NYSE Arca, Inc.⁴

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act in general,⁵ and furthers the objectives of Section 6(b)(5) of the Act in particular,⁶ in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by avoiding execution of unpriced orders on the Exchange at prices that are significantly worse than the NBBO at the time the order is initially received by the Exchange. The Exchange believes that the NBBO provides reasonable guidance of the current value of a given security and therefore that market participants should have confidence that their unpriced orders will not be executed at a significantly worse price than the NBBO.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if

consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.⁹ However, Rule 19b-4(f)(6)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative upon filing. The Commission notes (i) the proposal is similar to existing thresholds on market orders adopted by The NASDAQ Stock Market LLC, BATS Exchange, Inc., and NYSE Arca, Inc; (ii) it presents no novel issues; and (iii) the functionality is voluntary, and it may provide a benefit to market participants. For these reasons, the Commission believes it is consistent with the protection of investors and the public interest to waive the 30-day operative delay, and hereby grants such waiver.¹¹

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

October 5, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b–4 thereunder,² notice is hereby given that on October 1, 2010, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to make conforming changes to FINRA Rules 6420, 6610, 6622, 7310 and 7410 to reconcile amendments approved pursuant to two recent proposed rule changes: SR–FINRA–2010–003, which was implemented on June 28, 2010, and SR–FINRA–2009–061, which will be implemented on November 1, 2010.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified

² 17 CFR 240.19b–4.

³ 17 CFR 240.19b–4(f)(6).

in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 16, 2009, FINRA filed proposed rule change SR–FINRA–2009–061 to amend its trade reporting rules to (1) require that members report over-the-counter (“OTC”) equity transactions ⁴ to FINRA within 30 seconds of execution and report certain trade cancellations to FINRA within 30 seconds of cancellation; (2) require that members report secondary market transactions in non-exchange-listed direct participation program (“DPP”) securities to FINRA within 30 seconds of execution; and (3) make certain conforming changes to the rules relating to the OTC Reporting Facility (“ORF”). In that filing, FINRA proposed, among other things, to amend Rules 6420, 6610, 6622, 6623, 7310, 7330 and 7410. SR–FINRA–2009–061 was approved by the Commission on March 31, 2010,⁵ and will be implemented on November 1, 2010.

On January 15, 2010, FINRA filed proposed rule change SR–FINRA–2010–003, in pertinent part, to (1) amend Rules 6610, 6622, 6623, 7310 and 7330 regarding reporting transactions in restricted equity securities to the ORF; and (2) update the definition of “OTC Equity Security” in Rules 6420 and 7410. SR–FINRA–2010–003 was approved by the Commission on April 23, 2010,⁶ and was implemented on June 28, 2010. The underlying text of SR–FINRA–2010–003 did not reflect the amendments that were approved pursuant to SR–FINRA–2009–061,

⁴ Specifically, OTC equity transactions are: (1) Transactions in NMS stocks, as defined in SEC Rule 600(b) of Regulation NMS, effected otherwise than on an exchange, which are reported through the Alternative Display Facility (“ADF”) or a Trade Reporting Facility (“TRF”); and (2) transactions in “OTC Equity Securities,” as defined in FINRA Rule 6420 (i.e., non-NMS stocks such as OTC Bulletin Board and Pink Sheets securities), which are reported through the OTC Reporting Facility (“ORF”).

⁵ See Securities Exchange Act Release No. 61819 (March 31, 2010), 75 FR 17806 (April 7, 2010) (Notice of Filing of Amendment No. 2 and Order Granting Accelerated Approval; File No. SR–FINRA–2009–061).

⁶ See Securities Exchange Act Release No. 61979 (April 23, 2010), 75 FR 23316 (May 3, 2010) (Order Approving Proposed Rule Change, as Modified by Amendment Nos. 1 and 2; File No. SR–FINRA–2010–003).
