V. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any request in the Federal Register. Thereafter, following the public comment period, the EPA Administrator may approve the request. The notice of receipt for this action was published for comment in the Federal Register issued on February 2, 2010 (75 FR 5318) (FRL-8809-8). The comment period closed on August 2, 2010.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stock provisions for the products subject to this order are as follows.

The registrant may continue to sell and distribute existing stocks of products listed in Table 1 of Unit II. until October 14, 2011, which is 1 year after the publication of the cancellation order in the Federal Register. Thereafter, the registrant is prohibited from selling or distributing products listed in Table 1 of Unit II., except for export in accordance with FIFRA section 17, or proper disposal. Persons other than the registrant may sell, distribute, or use existing stocks of products listed in Table 1 of Unit II., until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.
