OMB number, and OS document identifier, to Sherette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690–5683. Send written comments and recommendations for the proposed information collection within 30 days of this notice directly to the OS OMB Desk Officer; faxed to OMB at 202–395–5806.

Abstract: The purpose of the State Health Information Exchange Cooperative Agreement Program, as authorized by Section 3013 of the American Recovery and Reinvestment Act is to provide grants to States and Qualified State Designated Entities to facilitate and expand the secure, electronic movement and use of health information among organizations according to national recognized standards. As part of that project, States and Qualified State Designated Entities are required to provide biannual program progress reports and report on performance measures during the implementation phase of the cooperative agreement. This request is for those two data gathering requirements. The data collection will last four years, which is the duration of the project, and this request is for the data collection for the first three years of that project period.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

[Document Identifier: OS–0990–NEW; 30-day notice]

Agency Information Collection Request; 30-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency’s functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to Sherette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690–5683. Send written comments and recommendations for the proposed information collections within 30 days of this notice directly to the OS OMB Desk Officer; faxed to OMB at 202–395–5806.

Proposed Project: ONC State HIE State Plans—OMB No. 0990–NEW—Office of the National Coordinator for Health Information Technology.

Abstract: The purpose of the State Health Information Exchange Cooperative Agreement Program, as authorized by Section 3013 of the American Recovery and Reinvestment Act is to provide grants to States and Qualified State Designated Entities to facilitate and expand the secure, electronic movement and use of health information among organizations according to national recognized standards. Section 3013 requires States and Qualified State Designated Entities to have approved State Plans, consisting of strategic and operational components, before funding can be used for implementation activities. The State Plans must be submitted to the National Coordinator for Health Information Technology during the first year of the project period in order to receive implementation funding through the cooperative agreement. Annual updates to the State plans will be required in the three remaining project periods. The data collection will last four years, which is the duration of the project, and this request is for the data collection for the first three years of that project period.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Medicaid Program: Implementation of Section 614 of the Children’s Health Insurance Program Reauthorization Act of 2009 for Adjustments to the Federal Medical Assistance Percentage for Medicaid Federal Matching Funds

AGENCY: Office of the Secretary, Department of Health and Human Services.

ACTION: Final notice.

SUMMARY: For purposes of Title XIX (Medicaid) of the Social Security Act, the Federal Medical Assistance Percentage (FMAP), defined in section 1905(b) of the Social Security Act, for each State beginning with fiscal year 2006 is subject to adjustment pursuant to section 614 of the Children’s Health Insurance Program Reauthorization Act of 2009 (CHIPRA), Public Law 111–3. Section 614 provides for a recalculation of the FMAP disregarding identifiable significantly disproportionate employer pension or insurance fund contributions for a State. These contributions, when counted, increase State personal income and, by operation of the statutory formula to calculate the FMAP, would decrease the FMAP for the State. This final notice announces the methodology that the U.S. Department of Health and Human Services will use to determine the need for, and amount of, any such recalculation of the FMAP for a State.

A. Background

Section 1905(b) of the Social Security Act defines the Federal Medical Assistance Percentage (FMAP), which is used to determine the share of Federal matching funds paid to each State for medical assistance payments under an approved Medicaid State plan under Title XIX of the Social Security Act. These FMAP rates are also used to determine Federal matching funds rates for State expenditures for assistance payments under certain social service programs under Title IV of the Social Security Act and for child health assistance expenditures under the Children’s Health Insurance Program under title XXI of the Social Security Act. In other Federal Register issuances, we have addressed changes to these FMAP rates required under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5).

This notice addresses adjustments to the FMAP rates that are applicable only to the Medicaid program and required by Section 614 of the Children’s Health Insurance Program Reauthorization Act of 2009 (CHIPRA). Section 614 specifies that certain significantly disproportionate employer pension or insurance fund contributions shall be disregarded when computing the per capita income used to calculate the FMAP. The statutory formula for calculating the FMAP is based on the ratio of the State’s per capita income to the per capita income of the entire United States. Under this formula, States with higher per capita income levels could have lower FMAP rates than States with lower per capita income levels. Significantly disproportionate employer pension or insurance fund contributions increase State personal income and, by operation of the statutory formula, could result in lower FMAPs than if those contributions were disregarded. CHIPRA requires adjustments to the Fiscal Year 2006 (FY06) through Fiscal Year 2010 (FY10) Medicaid FMAP rates and to any future FMAP calculation.

A notice with comment on the proposed implementation of Section 614 was published in the Federal Register on June 7, 2010. Only one person sent in comments during the 30-day period.

B. Calculation of the FMAP Adjustment Under CHIPRA

Section 614 of CHIPRA requires that the Title XIX Medicaid FMAP shall be adjusted for any States that had significantly disproportionate employer pension and insurance fund contributions. A significantly disproportionate employer contribution is defined as any identifiable employer contribution towards pension or other employee insurance funds that is estimated to accrue to residents of such
