14. On a separate page, the names, addresses, telephone and fax numbers of three individuals willing to provide information concerning the applicant’s qualifications for service, including the applicant’s character, reputation, reliability, judgment, and familiarity with international trade law.

Current Roster Members and Prior Applicants

Current members of the Chapter 19 roster who remain interested in inclusion on the Chapter 19 roster must submit updated applications. Individuals who have previously applied but have not been selected may reapply. If an applicant, including a current or former roster member, has previously submitted materials referred to in item 9, such materials need not be resubmitted.

Public Disclosure

Applications normally will not be subject to public disclosure and will not be posted publicly on www.regulations.gov. They may be referred to other federal agencies in the course of determining eligibility for the roster, and shared with foreign governments and the NAFTA Secretariat in the course of panel selection.

False Statements

Pursuant to section 402(c)(5) of the NAFTA Implementation Act, false statements by applicants regarding their personal or professional qualifications, or financial or other relevant interests that bear on the applicants’ suitability for placement on the Chapter 19 roster or for appointment to binational panels, are subject to criminal sanctions under 18 U.S.C. 1001.

Paperwork Reduction Act

This notice contains a collection of information provision subject to the Paperwork Reduction Act (“PRA”) that has been approved by the Office of Management and Budget ("OMB"). Notwithstanding any other provision of law, no person is required to respond to nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the PRA unless that collection of information displays a currently valid OMB number. This notice’s collection of information burden is only for those persons who wish voluntarily to apply for nomination to the NAFTA Chapter 19 roster. It is expected that the collection of information burden will be under 3 hours. This collection of information contains no annual reporting or record keeping burden. This collection of information was approved by OMB under OMB Control Number 0350-0014. Please send comments regarding the collection of information burden or any other aspect of the information collection to USTR at the above e-mail address or fax number.

Privacy Act

The following statements are made in accordance with the Privacy Act of 1974, as amended (5 U.S.C. 552a). The authority for requesting information to be furnished is section 402 of the NAFTA Implementation Act. Provision of the information requested above is voluntary; however, failure to provide the information will preclude your consideration as a candidate for the NAFTA Chapter 19 roster. This information is maintained in a system of records entitled “Dispute Settlement Panelists Roster.” Notice regarding this system of records was published in the Federal Register on November 30, 2001. The information provided is needed, and will be used by USTR, other federal government trade policy officials concerned with NAFTA dispute settlement, and officials of the other NAFTA Parties to select well-qualified individuals for inclusion on the Chapter 19 roster and for service on Chapter 19 binational panels.

Steven F. Fabry,
Assistant United States Trade Representative for Monitoring and Enforcement.

BILLING CODE 3190–W1–P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[Docket No. AB 290 (Sub-No. 322X); Docket No. AB 414 (Sub-No. 5X)]

Norfolk Southern Railway Company—Abandonment Exemption—in Polk County, IA; Iowa Interstate Railroad—Discontinuance of Service Exemption—in Polk County, IA

Norfolk Southern Railway Company (NSR) and Iowa Interstate Railroad (IaIS) (collectively, applicants) have jointly filed a verified notice of exemption under 49 CFR pt. 1152 subpart F—Exempt Abandonments and Discontinuances of Service for NSR to abandon, and for IaIS to discontinue service over, a 1.70-mile line of railroad between milepost DU 353.00 and milepost DU 354.70, in Grimes, Polk County, Iowa.\(^{3}\) The line traverses

\(^{3}\) In 1995, IaIS was authorized to lease and operate 13.9 miles of rail line owned by Norfolk and Western Railway Company (NSR’s predecessor), including the segment at issue here. Iowa Interstate R.R.—Lease and Operation Exemption—Norfolk and W. Ry., FD 32731 (ICC served Oct. 13, 1995).

The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board’s Office of Environmental Analysis (OEA) in its independent investigation) cannot be made before the abandonment exemption’s effective date. See Exemption of Out-of-Serv. Rail Lines, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption’s effective date.

\(^{4}\) Each OFA must be accompanied by the filing fee, which is currently set at $1,500. See 49 CFR 1002.2(b)(25).

Federal Aviation Administration

Approval of Noise Compatibility Program for Chicago Executive Airport, Prospect Heights and Wheeling, IL

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its findings on the noise compatibility program (NCP) submitted by the Chicago Executive Airport Board of Directors for Chicago Executive Airport. The FAA approved the NCP under the provisions of 49 U.S.C. 47501 et seq. (the Aviation Safety and Noise Abatement Act, herein referred to as “the Act”) and 14 CFR part 150. On March 1, 2010, the FAA determined that the noise exposure maps submitted by Chicago Executive Airport Board of Directors for Chicago Executive Airport were in compliance with applicable requirements. On September 30, 2010, the FAA approved the Chicago Executive Airport noise compatibility program. Twenty-one of the twenty-seven recommendations of the program were approved.

DATES: Effective Date: The effective date of the FAA’s approval of the Chicago Executive Airport noise compatibility program is September 30, 2010.

FOR FURTHER INFORMATION CONTACT: Ms. Amy Hanson, Environmental Protection Specialist, CHI–603, Federal Aviation Administration, Chicago Airport District Office, 2300 East Devon Avenue, Des Plaines, IL 60018. Telephone number: 847–294–7354. Documents reflecting this FAA action may also be reviewed at this same location.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA has given its approval to the Noise Compatibility Program for Chicago Executive Airport, effective October 1, 2010.

The Chicago Executive Airport Board of Directors for Chicago Executive Airport submitted to the FAA the noise exposure maps, descriptions, and other documentation produced during the noise compatibility study. The Chicago Executive Airport noise exposure maps were determined by the FAA to be in compliance with applicable requirements on March 1, 2010. Notice of this determination was published in the Federal Register on March 12, 2010, Volume 75, Number 48, pages 11990 and 11991.

Under section 47504 of the Act, an airport operator who has previously submitted a noise exposure map may submit to the FAA a noise compatibility program which sets forth the measures taken or proposed by the airport operator for the reduction of existing non-compatible land uses and prevention of additional non-compatible land uses within the area covered by the noise exposure maps. The Act requires such programs to be developed in consultation with interested and affected parties including local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with Federal Aviation Regulations (FAR) Part 150 is a local program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for the FAA’s approval or disapproval of FAR Part 150 program recommendations is measured according to the standards expressed in Part 150 of the Act and is limited to the following determinations:

a. The noise compatibility program was developed in accordance with the provisions and procedures of FAR Part 150;

b. Program measures are reasonably consistent with achieving the goals of reducing existing non-compatible land uses around the airport and preventing the introduction of additional non-compatible land uses;

c. Program measures would not create an undue burden on interstate or foreign commerce, unjustly discriminate against types or classes of aeronautical uses, violate the terms of airport grants agreements, or intrude into areas preempted by the Federal Government;

d. Program measures relating to the use of flight procedures can be implemented within the period covered by the program without derogating safety, adversely affecting the efficient use of navigable airspace and air traffic control systems, or adversely affecting other powers and responsibilities of the Administrator prescribed by law.

The submitted program included twenty-seven proposed actions for noise mitigation on and off the airport, as applicable. The FAA completed its review and determined that the procedural and substantive requirements of the Act and FAR Part 150 have been satisfied.

On October 1, 2010, the FAA approved the Chicago Executive Airport noise compatibility program. Twenty-one of the twenty-seven recommendations of the program were approved.
