SUPPLEMENTARY INFORMATION:

1. Background

On October 5, 2010, after having consulted with relevant Congressional committees and reached consensus on Malaysia’s participation with the other TPP negotiating partners (Australia, Brunei Darussalam, Chile, New Zealand, Peru, Singapore and Vietnam), the USTR informed Congress that the President intends to commence negotiations with Malaysia in the context of the ongoing negotiations of the TPP. The objective of this negotiation is to achieve a high-standard, 21st century agreement with a membership and coverage that provides economically significant market access opportunities for America’s workers, farmers, ranchers, service providers, and small businesses. The addition of Malaysia to the initial group of TPP negotiating partners will contribute meaningfully to the achievement of these goals.

In addition, under the Trade Act of 1974, as amended (19 U.S.C. 2151, 2153), in the case of an agreement such as the proposed TPP trade agreement, the President must (i) afford interested persons an opportunity to present their views regarding any matter relevant to the proposed agreement, (ii) designate an agency or inter-agency committee to hold a public hearing regarding the proposed agreement, and (iii) seek the advice of the U.S. International Trade Commission (ITC) regarding the probable economic effects on U.S. industries and consumers of the removal of tariffs and non-tariff barriers on imports pursuant to the proposed agreement.

USTR intends to hold a public hearing on matters related to Malaysia’s participation in the TPP negotiations on November 19, 2010. In addition, USTR has requested the ITC to provide advice to USTR on the probable economic effects of including Malaysia in a TPP agreement.

2. Public Comments

To assist USTR as it develops its negotiating objectives for the agreement, the TPSC Chair invites interested parties to submit written comments and/or oral testimony at a public hearing on matters relevant to Malaysia’s participation in the TPP negotiations. Comments and testimony may addresse the reduction or elimination of tariffs or non-tariff barriers on any articles provided for in the Harmonized Tariff Schedule of the United States (HTSUS) that are products of Malaysia, any concession that should be sought by the United States, or any other matter relevant to the inclusion of Malaysia in the proposed TPP agreement. The TPSC Chair invites comments on all of these matters and, in particular, seeks comments addressed to:

(a) General and product-specific negotiating objectives for Malaysia in the context of this proposed regional agreement.

(b) Economic costs and benefits to U.S. producers and consumers of removal of tariffs and removal or reduction in non-tariff barriers on articles traded with Malaysia.

(c) Treatment of specific goods (described by HTSUS numbers) under the proposed regional agreement, including comments on—

(1) Product-specific import or export interests or barriers,

(2) experience with particular measures that should be addressed in the negotiations, and

(3) approach to tariff negotiations, including recommended staging and ways to address export priorities and import sensitivities related to Malaysia in the context of this regional agreement.

(d) Adequacy of existing customs measures to ensure that qualifying imported goods from TPP countries, including Malaysia, receive preferential treatment, and appropriate rules of origin for goods entering the United States under the proposed regional agreement.

(e) Existing sanitary and phytosanitary measures and technical barriers to trade imposed by Malaysia that should be addressed in the negotiations.

(f) Existing barriers to trade in services between the United States and Malaysia that should be addressed in the negotiations.

(g) Relevant electronic commerce issues that should be addressed in the negotiations.

(h) Relevant trade-related intellectual property rights issues that should be addressed in the negotiations.

(i) Relevant investment issues that should be addressed in the negotiations.

(k) Relevant government procurement issues that should be addressed in the negotiations.

(l) Relevant environmental issues that should be addressed in the negotiations.

In addition to the matters described above, USTR is addressing new and emerging issues in this proposed regional agreement. Specifically, USTR is considering new approaches designed to promote innovation and...

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2009–0271]

Identification of Interstate Motor Vehicles: New York City, Cook County, and New Jersey Tax Identification Requirements; Petition for Determination

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice; Grant of petition for determination.

SUMMARY: The FMCSA grants three petitions submitted by the American Trucking Associations (ATA) requesting determinations that the commercial motor vehicle (CMV) identification requirements imposed by the State of New Jersey, New York City, and Cook County, Illinois are preempted by Federal law. The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU) prohibits States and their political subdivisions from requiring motor carriers to display in or on CMVs any form of identification other than forms required by the Secretary of Transportation, with certain exceptions.

FMCSA grants ATA’s requests because the three credential display requirements do not qualify for the relevant statutory exception for State display of credentials and are preempted by Federal statute.

DATES: This decision is effective October 20, 2010.

Interested persons, including persons who participate in the hearing, may submit written comments by no later than noon, Monday, November 22, 2010.

3. Requirements for Submissions
