Description: The 2010 Congressional Appropriation tasks the Bureau of Labor Statistics (BLS) with producing occupational employment and wage data on green jobs. This initiative will produce information on: (1) The number of and trend over time in green jobs, (2) the industrial, occupational, and geographic distribution of green jobs, and (3) the wages of the workers in these jobs. BLS presented its approach to measuring green jobs and the proposed definition of green jobs in a March 16, 2010, **Federal Register** Notice (75 FR 12571). The measurement approach includes two types of surveys: One on jobs related to producing green goods and services, and one on jobs related to using environmentally friendly production processes and practices. This request for OMB approval concerns testing research for the second type of survey, on jobs related to environmentally friendly production processes and practices. The research described in this information collection request focuses on defining environmentally friendly production technologies and practices and the ability of firms to provide occupation and wage information on jobs associated with those defined technologies and practices.

Linda Watts Thomas,

Acting Departmental Clearance Officer.

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed extension of
