Committee discussion is limited to Forest Service staff and Committee members. However, public input opportunity will be provided and individuals will have the opportunity to address the Committee at that time.

Jason C. Anderson,
District Ranger.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

Foreign-Trade Zone 22–Chicago, IL, Application for Subzone Baxter Healthcare Corporation (Pharmaceutical and Biological Product Manufacturing), Round Lake, IL

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Illinois International Port District, grantee of FTZ 22, requesting special-purpose subzone status for the pharmaceutical and biological intravenous (I.V.) product manufacturing facility of Baxter Healthcare Corporation (Baxter), located near Round Lake (Lake County), Illinois. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 15, 2010. The Baxter facility (500 manufacturing employees, approximately 154 acres/1,427,047 square feet (303,831 manufacturing square feet)) is located at 25212 W. Illinois Route 120, near Round Lake, Illinois. Activity to be conducted under FTZ procedures would include manufacturing, warehousing and distribution of pre-mixed, filled pharmaceutical and biological I.V. units (up to 70 million units annually) for export and the domestic market. Baxter is requesting to use zone procedures for the foreign-origin laminated film used to make the I.V. bags (HTSUS 3920.10, duty rate: 4.2%), representing some 7.5 percent of the finished product’s value.

FTZ procedures could exempt Baxter from customs duty payments on the foreign laminated film used in export production (up to some 7 percent of annual shipments). On its domestic sales, Baxter would be able to choose the duty rate during customs entry procedures that applies to the finished pharmaceutical and biological I.V. products (duty-free) for the foreign input noted above. FTZ designation may further allow Baxter to realize logistical benefits through the use of weekly customs entry and direct delivery procedures. The request indicates that the savings from FTZ procedures would help improve the plant’s international competitiveness.

In accordance with the Board’s regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board. Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is December 27, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 10, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via http://www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482–1367.

Andrew McGilvray,
Executive Secretary.

Potassium Permanganate From the People’s Republic of China: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: October 25, 2010.

SUMMARY: As a result of the determinations by the Department of Commerce (“Department”) and the International Trade Commission (“ITC”) that revocation of the antidumping duty order on potassium permanganate from the People’s Republic of China (“PRC”) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

SUPPLEMENTARY INFORMATION: On May 3, 2010, the Department published the notice of initiation of the sunset review of the antidumping duty order on potassium permanganate from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). See Initiation of Five-Year (“Sunset”) Review, 75 FR 23240 (May 3, 2010).

As a result of its review, the Department determined that revocation of the antidumping duty order on potassium permanganate from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. See Potassium Permanganate from the People’s Republic of China: Final Results of Expedited Sunset Review of Antidumping Duty Order, 75 FR 52509 (August 26, 2010).

On September 20, 2010, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on potassium permanganate from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable future. See Potassium Permanganate From China Determination, 75 FR 63856 (October 18, 2010), and USITC Publication 4183 (September 2010), Potassium Permanganate from China: Investigation No. 731–TA–125 (Third Review).

Scope of the Order

Imports covered by the order are shipments of potassium permanganate, an inorganic chemical produced in free-flowing, technical, and pharmaceutical grades. Potassium permanganate is currently classifiable under item 2841.61.00 of the Harmonized Tariff Schedule of the United States (“HTSUS”). The HTSUS item numbers are provided for convenience and customs purposes. The written description remains dispositive.

Continuation of the Order

As a result of these determinations by the Department and the ITC that
revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping order on potassium permanganate from the PRC. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the Federal Register of this notice of continuation.

Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

The Office of Competition and Economic Analysis (“OCEA”) is issuing this notice pursuant to 15 CFR 325.6(b), which requires the Secretary of Commerce to publish a summary of the certification in the Federal Register. Under section 305(a) of the Act and 15 CFR 325.11(a), any person aggrieved by the Secretary’s determination may, within 30 days of the date of this notice, bring an action in any appropriate district court of the United States to set aside the determination on the ground that the determination is erroneous.

Description of Amended Certificate

FCE’s Export Trade Certificate of Review has been amended to:

1. Add the following new Members of the Certificate within the meaning of section 325.2(1) of the Regulations (15 CFR 325.2(1)): Riverfront Packing Co. LLC, Vero Beach, FL; and Indian River Exchange Packers, Inc., Vero Beach, FL.

2. Delete the following Members from FCE’s Certificate: Dole Citrus, Vero Beach, FL; Harbor Island Citrus Inc., Vero Beach, FL; and Minton Sun, Inc. Ft. Pierce, FL.

Dated: October 18, 2010.
Joseph E. Flynn,
Director, Office of Competition and Economic Analysis.

Export Trade Certificate of Review

ACTION: Notice of issuance of an amended export trade certificate of review to Florida Citrus Exports L.C. (“FCE”) (Application #94–4A007).

SUMMARY: The U.S. Department of Commerce issued an amended Export Trade Certificate of Review to Florida Citrus Exports L.C. on October 13, 2010. The Certificate has now been amended nine times. The previous amendment was issued to FCE on May 8, 2000, and a notice of its issuance was published in the Federal Register on May 12, 2000 (65 FR 30564). The original Certificate for FCE was issued on February 23, 1995, and a notice of its issuance was published in the Federal Register on May 8, 1995 (60 FR 12735).

Stainless Steel Bar From India: Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: October 25, 2010.

FOR FURTHER INFORMATION CONTACT: Austin Redington, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482–1664.

SUPPLEMENTARY INFORMATION:

Background

On March 30, 2010, the Department of Commerce (“Department”) published a notice of initiation of an administrative review of the antidumping duty order on stainless steel bar from India covering the period February 1, 2009, through January 31, 2010. See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part, 75 FR 15679 (March 30, 2010). The preliminary results for this administrative review are currently due no later than October 31, 2010.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an antidumping duty order for which a review is requested and issue the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Due to the complexity of the issues in this case, the Department requires additional time to review and analyze the respondent’s sales and cost information and to issue supplemental questionnaires. In addition, pursuant to 19 CFR 351.307(b)(1)(iii), the Department plans to conduct verification in response to Venus Wire Industries Pvt. Ltd.’s (“Venus”) request for revocation.1 The Department will require time to conduct the verification and to write its verification report, prior to publishing the preliminary results. Thus, it is not practicable to complete the preliminary results of this review within the original time limit (i.e., October 31, 2010). Therefore, the Department is extending the time limit for completion of the preliminary results to no later than February 28, 2011, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(j)(1) of the Act.

1 See Venus’ February 24, 2010, letter “Request for Revocation of Dumping Order.”
