Procedures for Providing Public Input: Public comment for consideration by EPA's Federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a Federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a Federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a teleconference meeting will be limited to three minutes per speaker, with no more than a total of one hour for all speakers. Interested parties should contact Dr. Nugent at the contact information provided above by November 5, 2010, to be placed on the public speaker list for the teleconferences on November 9, 2010. Interested parties should contact Dr. Stallworth at the contact information provided above by December 2, 2010, to be placed on the public speaker list for the teleconferences on December 6, 2010. **Written Statements:** Written statements for the November teleconferences should be received by Dr. Nugent by November 5, 2010 so that the information can be made available to the Panel for their consideration prior to the teleconference call. Written statements for the December teleconference should be received by Dr. Stallworth by December 2, 2010. Written statements should be supplied to the appropriate DFO in the following formats: One hard copy with original signature and one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, MS Word, WordPerfect, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Submitters are asked to provide versions of each November 5, 2010 document submitted with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Nugent or Dr. Stallworth, as appropriate, at the phone number or e-mail address noted above, preferably at least ten days prior to the meeting, to give EPA as much time as possible to process your request.
