Food and Nutrition Service

Agency Information Collection Activities: Proposed Collection; Comment Request Form FNS–648, WIC Local Agency Directory Report

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Food and Nutrition Service’s (FNS) intention to request an extension for a currently approved information collection, the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Local Agency Directory Report which lists the names and addresses of all WIC local agencies.

DATES: Comments on this notice must be received by December 27, 2010.

ADDRESS: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to: Debra Whitford, Director, Supplemental Food Programs Division, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Room 520, Alexandria, VA 22302. Comments will also be accepted through the Federal eRulemaking Portal. Go to http://www.regulations.gov and follow the online instructions for submitting comments electronically.

FOR FURTHER INFORMATION CONTACT: All responses to this notice will be summarized and included in the request for OMB approval, and will become a matter of public record.

Forest Service

Prince of Wales Resource Advisory Committee

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: The Prince of Wales Resource Advisory Committee will meet in Craig, Alaska, November 5, 2010. The purpose of this meeting is to discuss potential projects under the Secure Rural Schools and Community Self-Determination Act of 2008.

DATES: The meeting will be held November 5, 2010 from 9 a.m. to 4 p.m.

ADDRESS: The meeting will be held at the Craig Ranger District 504 9th Street, Craig, Alaska. Send written comments to Prince of Wales Resource Advisory Committee, c/o District Ranger, USDA Forest Service, P.O. Box 500, Craig, AK 99921, or electronically to Rebecca Sakraida, RAC Coordinator at rsakraida@fs.fed.us.

FOR FURTHER INFORMATION CONTACT: Rebecca Sakraida, RAC Coordinator Craig Ranger District, Tongass National Forest, (907) 826–1601.
DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 60–2010]

Foreign-Trade Zone 22–Chicago, IL, Application for Subzone Baxter Healthcare Corporation (Pharmaceutical and Biological Product Manufacturing), Round Lake, IL

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Illinois International Port District, grantee of FTZ 22, requesting special-purpose subzone status for the pharmaceutical and biological intravenous (I.V.) product manufacturing facility of Baxter Healthcare Corporation (Baxter), located near Round Lake (Lake County), Illinois. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 15, 2010.

The Baxter facility (500 manufacturing employees, approximately 154 acres/1,427,047 square feet (303,831 manufacturing square feet)) is located at 25212 W. Illinois Route 120, near Round Lake, Illinois. Activity to be conducted under FTZ procedures would include manufacturing, warehousing and distribution of pre-mixed, filled pharmaceutical and biological I.V. units (up to 70 million units annually) for export and the domestic market. Baxter is requesting to use zone procedures for the foreign-origin laminated film used to make the I.V. bags (HTSUS 3920.10, duty rate: 4.2%), representing some 7.5 percent of the finished product’s value.

FTZ procedures could exempt Baxter from customs duty payments on the foreign laminated film used in export production (up to some 7 percent of annual shipments). On its domestic sales, Baxter would be able to choose the duty rate during customs entry procedures that applies to the finished pharmaceutical and biological I.V. products (duty-free) for the foreign input noted above. FTZ designation may further allow Baxter to realize logistical benefits through the use of weekly customs entry and direct delivery procedures. The request indicates that the savings from FTZ procedures would help improve the plant’s international competitiveness.

In accordance with the Board’s regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board. Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is December 27, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 10, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via http://www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482–1367.

Andrew McGilvray,
Executive Secretary.

Potassium Permanganate From the People’s Republic of China: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: October 25, 2010.

SUMMARY: As a result of the determinations by the Department of Commerce (“Department”) and the International Trade Commission (“ITC”) that revocation of the antidumping duty order on potassium permanganate from the People’s Republic of China (“PRC”) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

SUPPLEMENTARY INFORMATION: On May 3, 2010, the Department published the notice of initiation of the sunset review of the antidumping duty order on potassium permanganate from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). See Initiation of Five-Year (“Sunset”) Review, 75 FR 23240 (May 3, 2010).

As a result of its review, the Department determined that revocation of the antidumping duty order on potassium permanganate from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. See Potassium Permanganate from the People’s Republic of China: Final Results of Expedited Sunset Review of Antidumping Duty Order, 75 FR 52509 (August 26, 2010).

On September 20, 2010, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on potassium permanganate from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable future. See Potassium Permanganate From China Determination, 75 FR 63856 (October 18, 2010), and USITC Publication 4183 (September 2010), Potassium Permanganate from China: Investigation No. 731–TA–125 (Third Review).

Scope of the Order

Imports covered by the order are shipments of potassium permanganate, an inorganic chemical produced in free-flowing, technical, and pharmaceutical grades. Potassium permanganate is currently classifiable under item 2841.61.00 of the Harmonized Tariff Schedule of the United States (“HTSUS”). The HTSUS item numbers are provided for convenience and customs purposes. The written description remains dispositive.

Continuation of the Order

As a result of these determinations by the Department and the ITC that
