SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63139; File No. SR-ISE-2010-99]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Order Granting Accelerated Approval of Proposed Rule Change To Adopt ISE Rule 421 Relating to Proxy Voting

October 20, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 6, 2010, the International Securities Exchange, LLC (“ISE” or “Exchange”) filed with the Securities and Exchange

Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons, and is approving the proposed rule change on an accelerated basis.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to adopt Rule 421 (Proxy Voting), in accordance with the provisions of Section 957 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”).

The text of the proposed rule change is available on the Exchange’s Internet Web site at <http://www.ise.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to adopt ISE Rule 421 (Proxy Voting), in accordance with the provisions of Section 957 of the Dodd-Frank Act, to prohibit Members from voting uninstructed shares if the matter voted on relates to (i) the election of a member of the board of directors of an issuer (other than an uncontested election of a director of an investment company registered under the Investment Company Act of 1940 (the “Investment Company Act”)), (ii) executive compensation, or (iii) any other significant matter, as determined by the Commission, by rule.

Section 957 of the Dodd-Frank Act amends Section 6(b)³ of the Act to

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78f(b).

require the rules of each national securities exchange to prohibit any member organization that is not the beneficial owner of a security registered under Section 12⁴ of the Act from granting a proxy to vote the security in connection with certain stockholder votes, unless the beneficial owner of the security has instructed the member organization to vote the proxy in accordance with the voting instructions of the beneficial owner. The stockholder votes covered by Section 957 include any vote with respect to (i) the election of a member of the board of directors of an issuer (other than an uncontested election of a director of an investment company registered under the Investment Company Act), (ii) executive compensation, or (iii) any other significant matter, as determined by the Commission, by rule.

Accordingly, in order to carry out the requirements of Section 957 of the Dodd-Frank Act, the Exchange proposes to adopt proposed ISE Rule 421 to prohibit any Member from giving a proxy to vote stock that is registered in its name, unless: (i) Such Member is the beneficial owner of such stock; (ii) pursuant to the written instructions of the beneficial owner; or (iii) pursuant to the rules of any national securities exchange or association of which it is a member provided that the records of the Member clearly indicate the procedure it is following. The Exchange is proposing to adopt these rules because other national securities exchanges and associations do allow proxy voting under certain limited circumstances while the current Exchange Rules are silent on such matters. Therefore, a Member that is also a member of another national securities exchange or association may vote the shares held for a customer when allowed under its membership at another national securities exchange or association, provided that the records of the Member clearly indicate the procedure it is following.

More specifically, a Member that is not the beneficial owner of a security registered under Section 12 of the Act is prohibited from granting a proxy to vote the security in connection with a shareholder vote with respect to the election of a member of the board of directors of an issuer (except for a vote with respect to uncontested election of a member of the board of directors of any investment company registered under the Investment Company Act), executive compensation, or any other significant matter, as determined by the Commission, by rule, unless the

beneficial owner of the security has instructed the Member to vote the proxy in accordance with the voting instructions of the beneficial owner.

Because Section 957 of the Dodd-Frank Act does not provide for a transition phase, the Exchange is proposing to adopt the proposed rule change pursuant to Section 19(b) of the Act to comply with Section 957 of the Dodd-Frank Act and is requesting that the Commission approve the proposal on an accelerated basis. Additionally, proposed ISE Rule 421(a) is based on NYSE Arca, Inc. ("NYSE Arca") rule 9.4 and Financial Industry Regulatory Authority ("FINRA") rule 2251 and proposed ISE Rule 421(b) is based on Nasdaq rule 2251(d).

2. Statutory Basis

The basis under the Act for these proposed rule changes is the requirement under Section 6(b)(5)⁵ to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest. The Exchange is adopting this proposed rule change to comply with the requirements of Section 957 of the Dodd-Frank Act, and therefore believes the proposed rule change to be consistent with the Act, particularly with respect to the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-ISE-2010-99 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-ISE-2010-99. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street, NE., Washington DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of ISE. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-ISE-2010-99 and should be submitted on or before November 16, 2010.

IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

In its filing, ISE requested that the Commission approve the proposal on an accelerated basis so that the Exchange could immediately comply with the requirements imposed by the Dodd-Frank Act, and because the proposed rule text is based upon NYSE Arca Rule 9.4, FINRA Rule 2251, and Nasdaq Rule 2251(d). After careful consideration, the Commission finds that the proposed

⁴ 15 U.S.C. 781.

⁵ 15 U.S.C. 78f(b)(5).

rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁶

The Commission believes that proposed Rule 421(a) is consistent with Section 6(b)(5)⁷ of the Act, which provides, among other things, that the rules of the Exchange must be designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, and are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

Under proposed Rule 421(a), a Member shall be prohibited from voting uninstructed shares unless: (1) That member is the beneficial owner of the stock; (2) pursuant to the written instructions of the beneficial owner; or (3) pursuant to the rules of any national securities exchange or association of which it is also a member, provided that the member's records clearly indicate the procedure it is following. This provision is based upon NYSE Arca Rule 9.4 and FINRA Rule 2251, which were previously approved by the Commission.⁸ The Commission notes that the proposed change to Rule 421(a) will provide clarity to ISE members going forward on whether broker discretionary voting is permitted by ISE members under limited circumstances when the ISE member is also a member of another national securities exchange that permits broker discretionary voting. In approving this portion of the ISE proposal, the Commission notes that it does not go outside the scope of the rules of other national securities exchanges or national securities association, and for ISE members who are not also members of another national securities exchange prohibits broker discretionary voting on any matter, consistent with investor protection and the public interest.

The Commission believes that proposed Rule 421(b) is consistent with Section 6(b)(10)⁹ of the Act, which

requires that national securities exchanges adopt rules prohibiting members that are not beneficial holders of a security from voting uninstructed proxies with respect to the election of a member of the board of directors of an issuer (except for uncontested elections of directors for companies registered under the Investment Company Act), executive compensation, or any other significant matter, as determined by the Commission by rule.

The Commission believes that proposed Rule 421(b) is consistent with Section 6(b)(10) of the Act because it adopts revisions that comply with that section. As noted in the accompanying Senate Report, Section 957, which enacted Section 6(b)(10), reflects the principle that "final vote tallies should reflect the wishes of the beneficial owners of the stock and not be affected by the wishes of the broker that holds the shares."¹⁰ The proposed rule change will make ISE compliant with the new requirements of Section 6(b)(10) by specifically prohibiting, in ISE's rule language, broker-dealers, who are not beneficial owners of a security, from voting uninstructed shares in connection with a shareholder vote on the election of a member of the board of directors of an issuer (except for a vote with respect to the uncontested election of a member of the board of directors of any investment company registered under the Investment Company Act of 1940), executive compensation, or any other significant matter, as determined by the Commission by rule, unless the member receives voting instructions from the beneficial owner of the shares.¹¹

The Commission also believes that proposed Rule 421(b) is consistent with Section 6(b)(5)¹² of the Act, which provides, among other things, that the rules of the Exchange must be designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, and are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission believes that the rule assures that shareholder votes on the election of the board of directors of an

issuer (except for a vote with respect to the uncontested election of a member of the board of directors of any investment company registered under the Investment Company Act of 1940) and on executive compensation matters are made by those with an economic interest in the company, rather than by a broker that has no such economic interest, which should enhance corporate governance and accountability to shareholders.¹³

Based on the above, the Commission finds that the ISE proposal will further the purposes of Sections 6(b)(5) and 6(b)(10) of the Act because it should enhance corporate accountability to shareholders while also serving to fulfill the Congressional intent in adopting Section 6(b)(10) of the Act.

The Commission also finds good cause, pursuant to Section 19(b)(2) of the Act,¹⁴ for approving the proposed rule change prior to the 30th day after the date of publication of notice in the **Federal Register**. The Commission believes that good cause exists to grant accelerated approval to proposed Rule 421(a), because this proposed rule will conform the ISE rule to NYSE Arca Rule 9.4 and FINRA Rule 2251, which were published for public comment in the **Federal Register** and approved by the Commission, and for which no comments were received.¹⁵ Because proposed Rule 421(a) is substantially similar to the NYSE Arca and FINRA rules, it raises no new regulatory issues.

The Commission also believes that good cause exists to grant accelerated approval to proposed Rule 421(b), which conforms the ISE rules to the requirements of Section 6(b)(10) of the Act. Section 6(b)(10) of the Act, enacted under Section 957 of the Dodd-Frank Act, does not provide for a transition phase, and requires rules of national securities exchanges to prohibit broker voting on the election of a member of the board of directors of an issuer (except for a vote with respect to the uncontested election of a member of the board of directors of any investment company registered under the Investment Company Act of 1940), executive compensation, or any other significant matter, as determined by the Commission by rule. The Commission believes that good cause exists to grant

¹⁰ See S. Rep. No. 111-176, at 136 (2010).

¹¹ The Commission has not, to date, adopted rules concerning other significant matters where uninstructed broker votes should be prohibited, although it may do so in the future. Should the Commission adopt such rules, we would expect ISE to adopt coordinating rules promptly to comply with the statute.

¹² 15 U.S.C. 78f(b)(5).

¹³ As the Commission stated in approving NYSE rules prohibiting broker voting in the election of directors, having those with an economic interest in the company vote the shares, rather than the broker who has no such economic interest, furthers the goal of enfranchising shareholders. accelerated approval to proposed Rule 421(b), because it will conform the ISE rules to the requirements of Section 6(b)(10) of the Act.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁶ that the proposed rule change (SR-ISE-2010-99) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁷

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to adopt Rule provisions similar to those proposed for use by NASDAQ OMX PHLX (“Phlx”) ³ that will amend Commentary .04 to NYSE Arca Options Rule 6.4, Series of Options Open for Trading, specifically the Exchange’s \$0.50 Strike Price Program (the “\$0.50 Strike Program” or “Program”) ⁴ to: (i) Expand the \$0.50 Strike Program for strike prices below \$1.00; (ii) extend the \$0.50 strike program to strike prices that are \$5.50 or less; (iii) extend the prices of the underlying security to at or below \$5.00; and (iv) extend the number of options classes overlying 20 individual stocks. The purpose of this proposed rule change is to expand the \$0.50 Strike Program in order to provide investors with opportunities and strategies to minimize losses associated with owning a stock declining in price.

The Exchange is proposing to establish strike price intervals of \$0.50, beginning at \$0.50 for certain options classes where the strike price is \$5.50 or less and whose underlying security closed at or below \$5.00 in its primary market on the previous trading day and that have national average daily volume that equals or exceeds 1,000 contracts per day as determined by The Options Clearing Corporation (“OCC”) during the preceding three calendar months. The Exchange also proposes to limit the listing of \$0.50 strike prices to options classes overlying no more than 20

³ See Exchange Act Release No. 62799 (August 30, 2010) 75 FR 54662 (September 8, 2010) (SR-Phlx-2010-118).

⁴ See Securities Exchange Act Release No. 61920, (April 15, 2010), 75 FR 21902 (April 22, 2010) (SR-NYSEArca-2010-29) (notice of filing and immediate effectiveness permitting the concurrent listing of \$3.50 and \$4 strikes for classes that participate in both the \$0.50 Strike and \$1 Strike Programs).

individual stocks as specifically designated by the Exchange.

Currently, Exchange Rule 6.4 at Commentary .04 permits strike price intervals of \$0.50 or greater beginning at \$1.00 where the strike price is \$3.50 or less, but only for option classes whose underlying security closed at or below \$3.00 in its primary market on the previous trading day and that have national average daily volume that equals or exceeds 1,000 contracts per day as determined by the OCC during the preceding three calendar months. Further, the listing of \$0.50 strike prices is limited to options classes overlying no more than 5 individual stocks as specifically designated by the Exchange. The Exchange is currently restricted from listing series with \$1 intervals within \$0.50 of an existing strike price in the same series, except that strike prices of \$2, \$3, and \$4 shall be permitted within \$0.50 of an existing strike price for classes also selected to participate in the \$0.50 Strike Program.⁵

The number of \$0.50 strike options traded on the Exchange has continued to increase since the inception of the Program. There are now approximately 18 of the \$0.50 strike price option classes listed and traded across all options exchanges including the Exchange, five of which are classes chosen by the Exchange for the \$0.50 Strike Program. The proposal would expand \$0.50 strike offerings to market participants, such as traders and retail investors, and thereby enhance their ability to tailor investing and hedging strategies and opportunities in a volatile market place.

By way of example, if an investor wants to invest in 5,000 shares of Sirius Satellite (“SIRI”) at \$0.9678,⁶ the only choice the investor would have today would be to buy out-of-the-money calls, at the \$1.00 strike, or to invest in the underlying stock with a total outlay of \$0.96 per share or \$4,800. However, if a \$0.50 strike series were available, an investor may be able to invest in 5,000 shares by purchasing an exercisable in-the-money \$0.50 strike call option. It is reasonable to assume that with SIRI trading at \$0.96, the \$0.50 strike call option would trade at an estimated price of \$0.46 to \$0.48 under normal circumstances. This would allow the investor to manage 5,000 shares with the same upside potential return for a cost of only \$2,350 (assuming \$0.47 as a call price).

Similarly, if an investor wanted to spend \$4,800 for 5,000 shares of SIRI, a \$0.50 put option that would trade for

⁵ See Exchange Rule 6.4, Commentary .04(a), referring to the \$1 Strike Program.

⁶ SIRI was trading at \$0.9678 on July 13, 2010.
