

the Exchange Act in cases of transnational securities fraud, including the costs and benefits to domestic and international financial systems and securities markets. Identify any studies that have been conducted that purport to show the positive or negative implications that such a private right of action would have.

- What remedies outside of the United States would be available to U.S. investors who purchase or sell shares on a foreign stock exchange, or on a non-exchange trading platform or other alternative trading system outside of the United States, if their securities fraud claims cannot be brought in U.S. courts?

- What impact would the extraterritorial application of the private right of action have on the protection of investors? On the maintenance of fair, orderly and efficient markets in the United States? On the facilitation of capital formation?

- Address any other considerations commenters would like to comment on to assist the Commission in determining whether to recommend changes to the extraterritorial scope of the antifraud private rights of action under the Exchange Act.

By the Commission.

Dated: October 25, 2010.

Surface Transportation Board

Notice and Request for Comments

AGENCY: Surface Transportation Board, DOT.

ACTION: 30-day notice of request for approval: Report of Fuel Cost, Consumption, and Surcharge Revenue.

SUMMARY: As required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3519 (PRA), the Surface Transportation Board (STB or Board) has submitted a request to the Office of Management and Budget (OMB) for an extension of approval for the collection of the Rail Fuel Surcharge Report. The Board previously published a notice about this collection in the **Federal Register** on June 29, 2010, at 75 FR 37,522. That notice allowed for a 60-day public review and comment period. No comments were received. The current notice corrects an error in prior notices about this report, which incorrectly stated that the frequency of the collection was monthly with a per-response burden of one hour. As correctly stated in this notice, the reports are collected quarterly with a per-response burden of 3 hours. The Rail Fuel Surcharge Report is described in detail below. Comments may now be submitted to OMB concerning (1) the accuracy of the Board's burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, when appropriate; and (4) whether this collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility.

Description of Collection

Title: Report of Fuel Cost, Consumption, and Surcharge Revenue.

OMB Control Number: 2140-0014.
STB Form Number: None
Type of Review: Extension without change.

Respondents: Class I railroads (railroads with operating revenues exceeding \$250 million in 1991 dollars).

Number of Respondents: 7.

Estimated Time per Response: 3 hours.

Needs and Uses: Under 49 U.S.C. 10702, the Surface Transportation Board has the authority to address the reasonableness of a rail carrier's practices. This information collection is intended to permit the Board to monitor the current fuel surcharge practices of the Class I carriers. Failure to collect this information would impede the Board's ability to monitor the current fuel surcharge practices of Class I carriers. The Board has authority to collect information about rail costs and revenues under 49 U.S.C. 11144 and 11145.

Retention Period: Information in this report is maintained on the Board's Web site for a minimum of one year and is otherwise maintained by the Board for a minimum of two years.
