

Gulf of Mexico. ANR also requests a determination that upon abandonment, Apache's ownership and operation of the subject facilities will be exempt from the Commission's jurisdiction under section 1(b) of the NGA, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding the petition should be directed to Rene Staeb, ANR Pipeline Company, 717 Texas Street, Houston, Texas 77002-2761, by telephone at (832) 320-5215, by facsimile at (832) 320-6215, or by e-mail at [rene\\_staeb@transcanada.com](mailto:rene_staeb@transcanada.com).

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project

provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP11-10-000]

#### Liberty Natural Gas, LLC; Notice of Application

October 26, 2010.

On October 14, 2010, Liberty Natural Gas, LLC (Liberty) filed with the Federal Energy Regulatory Commission (Commission) an application under section 7 of the Natural Gas Act and section 157 of the Commission's Regulations requesting: (1) A certificate of public convenience and necessity to construct and operate a 9.2-mile natural gas pipeline and ancillary facilities (Onshore Pipeline); (2) a blanket certificate to perform routine activities and operations; (3) authorization to operate on a sole-use, proprietary basis; and, (4) a waiver of certain Commission Regulations, all as more fully detailed in the application which is on file with the Commission and open to public inspection.

The Onshore Pipeline will extend from the high water mark on the shoreline in Amboy, Middlesex County, New Jersey to Linden, in Union County, New Jersey, interconnections with the interstate pipeline systems of Texas Eastern Transmission, L.P. and Transcontinental Gas Pipeline Company. It is designed to transport up to 2.4 billion cubic feet per day of natural gas to serve markets in New Jersey, New York, and surrounding areas.

The Onshore Pipeline is a part of the Liberty Natural Gas Project, which will include a deepwater port (Port), located approximately 16.2 miles offshore along the New Jersey coastline. The Port, which will remain fully submerged when not in use, will be served by LNG Regasification Vessels that will transport natural gas from sources around the world in a liquid state (LNG) and will regasify the LNG onboard when they reach the Port. The regasified natural gas will then be transported through the proposed Port and a submerged pipeline to the Onshore Pipeline. In conjunction with this Application, Liberty is also filing an application for a license to own, construct, and operate its Port and submerged pipeline with the Maritime Administration and the United States Coast Guard pursuant to the Deepwater Port Act of 1974, 33 U.S.C. 1501, *et seq.*, as amended.

Questions concerning this application may be directed to Jason Goldstein, Liberty Natural Gas, LLC, 15 Exchange

Street, Suite 1120, Jersey City, NJ 07302, by calling 201-985-8600, by faxing 201-985-8604, or by e-mailing [jgoldstein@libertynaturalgas.com](mailto:jgoldstein@libertynaturalgas.com) or to Beth L. Webb, Dickstein Shapiro LLP, 1825 Eye Street, NW., Washington, DC 20006, by calling 202-420-2200, by faxing 202-379-9389, or by e-mailing [webbb@dicksteinshapiro.com](mailto:webbb@dicksteinshapiro.com).

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in

determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. This filing is accessible on-line at <http://www.ferc.gov> using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2000-083]

#### New York Power Authority; Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests

October 26, 2010.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Application Type:* Amendment of License.

b. *Project No.* 2000-083.

c. *Date Filed:* March 22, 2010.

d. *Applicant:* New York Power Authority.

e. *Name of Project:* St. Lawrence-FDR Power Project.

f. *Location:* The project is located on the St. Lawrence River, in Massena, St. Lawrence County, New York.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Charles I. Lipsky, New York Power Authority, 123 Main Street, White Plains, NY 10601. Phone: (914) 681-6758.

i. *FERC Contact:* Any questions on this notice should be addressed to Shana High at (202) 502-8674.

j. *Deadline for filing comments, motions to intervene, and protests:* November 26, 2010.

*All documents (original and eight copies) should be filed with:* The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please include the project number (P-2000-083) on any comments or motions filed.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link.

The Commission's Rules of Practice require all interveners filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the applicant specified in the particular application.

k. *Description of the Application:* The applicant is seeking Commission authorization to amend the project boundary to remove four parcels of land totaling 4.6 acres of lands from the project boundary. The amendment would rationalize the project boundary and applies criteria in the Settlement Agreement, approved in the project license, to identify surplus lands that do not serve project purposes.

l. *Location of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances
