

interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the June 24, 2010, meeting was a public meeting and all entities, both large and small, were able to express views on this issue.

This rule imposes no additional reporting or recordkeeping requirements on either small or large California dried prune handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies. As noted in the initial regulatory flexibility analysis, USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this final rule.

AMS is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

A proposed rule concerning this action was published in the **Federal Register** on August 24, 2010 (75 FR 51956). Copies of the proposed rule were also mailed or sent via facsimile to all dried prune handlers. Finally, the proposal was made available through the Internet by USDA and the Office of the Federal Register. A 30-day comment period ending September 23, 2010, was provided for interested persons to respond to the proposal. No comments were received.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/MarketingOrdersSmallBusinessGuide>. Any questions about the compliance guide should be sent to Antoinette Carter at the previously-mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

After consideration of all relevant material presented, including the information and recommendation submitted by the Committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it also found and determined that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** because: (1) The 2010–11 crop year began on August 1, 2010, and the marketing order requires that the rate of assessment for each crop year apply to all assessable dried prunes handled during such crop year; (2) the Committee needs to have sufficient

funds to pay its expenses, which are incurred on a continuous basis; and (3) handlers are aware of this action, which was unanimously recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years. Also, a 30-day comment period was provided in the proposed rule, and no comments were received.

List of Subjects in 7 CFR Part 993

Marketing agreements, Plum, Prunes, Reporting and recordkeeping requirements.

PART 993—DRIED PRUNES PRODUCED IN CALIFORNIA

■ For the reasons set forth in the preamble, 7 CFR part 993 is amended as follows:

■ 1. The authority citation for 7 CFR part 993 continues to read as follows:

Authority: 7 U.S.C. 601–674.

■ 2. Section 993.347 is revised to read as follows:

§ 993.347 Assessment rate.

On and after August 1, 2010, an assessment rate of \$0.27 per ton of salable dried prunes is established for California dried prunes.

Dated: October 25, 2010.

Robert C. Keeney,

Acting Associate Administrator, Agricultural Marketing Service.

7 CFR Part 1215

[Document Number AMS–FV–10–0010]

Popcorn Promotion, Research, and Consumer Information Order; Reapportionment

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This rule amends the Popcorn Promotion, Research and Consumer Information Order (Order) to reduce the Popcorn Board (Board) membership from nine to five members to reflect the consolidation of the popcorn industry and therefore, fewer popcorn processors in the industry. In accordance with the Popcorn Promotion, Research and Consumer Information Order which is authorized by the Popcorn Promotion, Research and Consumer Information Act (Act), the number of members on the

Board may be changed by regulation; provided, that the Board consist of not fewer than four members and not more than nine members. In addition, the Order states that for purposes of nominating and appointing processors to the Board, the Secretary may take into account the geographical distribution of popcorn processors.

DATES: *Effective Date:* November 4, 2010.

FOR FURTHER INFORMATION CONTACT:

Deborah Simmons, Marketing Specialist, Research and Promotion Branch, Fruit and Vegetable Programs, AMS, U.S. Department of Agriculture, Stop 0244, 1400 Independence Avenue, SW., Room 0632–S, Washington, DC 20250–0244; telephone: (888) 720–9917; facsimile: (202) 205–2800; or electronic mail: deborah.simmons@ams.usda.gov.

SUPPLEMENTARY INFORMATION: This rule is issued under the Popcorn Promotion, Research, and Consumer Information Order [7 CFR part 1215]. The Order is authorized under the Popcorn Promotion, Research and Consumer Information Act [7 U.S.C. 7481–7491]. This rule amends the Popcorn Promotion, Research and Consumer Information Order to reduce the Popcorn Board membership from nine to five members to reflect the consolidation of the popcorn industry and therefore, fewer popcorn processors in the industry.

Executive Order 12866

The Office of Management and Budget (OMB) has waived the review process required by Executive Order 12866 for this action.

Executive Order 12988

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. The rule is not intended to have retroactive effect and will not affect or preempt any other State or Federal law authorizing promotion or research relating to an agricultural commodity.

The Act provides that any person subject to an order may file a written petition with the U.S. Department of Agriculture (Department) if they believe that the Order, any provision of the Order, or any obligation imposed in connection with the Order, is not established in accordance with law. In any petition, the person may request a modification of the Order or an exemption from the Order. The petitioner is afforded the opportunity for a hearing on the petition. After a hearing, the Department would rule on the petition. The Act provides that the district court of the United States in any district in which the petitioner resides

or conducts business shall have the jurisdiction to review the Department's ruling on the petition, provided a complaint is filed not later than 20 days after the date of the entry of the ruling.

Initial Regulatory Flexibility Act and Paperwork Reduction Act

In accordance with the Regulatory Flexibility Act (RFA) [5 U.S.C. 601–612], the Agricultural Marketing Service (AMS) has considered the economic impact of this action on the processors that would be affected by this rule. The purpose of the RFA is to fit regulatory action to scale on businesses subject to such action so that small businesses will not be disproportionately burdened.

Small agricultural service firms which include processors who are covered under the Order, have been defined by the Small Business Administration (13 CFR 121.607) as those having annual receipts of no more than \$7 million. Almost 50 percent of the industry is exempt from paying assessments. Based on information from the Board there are currently a total of 40 processors in the industry. Of those, 21 processors pay mandatory assessments into the program. Of the 21 processors, 11 are be classified as small processors representing 7 percent of the popcorn assessed. The top five popcorn producing states are Nebraska, Indiana, Illinois, Ohio and Iowa. In 2009, Indiana, Kansas, Michigan and Ohio had decreases in acreage planted and harvested while Kentucky, Illinois, Iowa, Missouri and Nebraska had increases in acreage planted and harvested over the acreage planted and harvested in 2008. Overall 2009 acreage planted increased by 1 percent and acreage harvested increased by 4 percent over 2008 numbers.

Most of the processors are classified as small businesses under the criteria established by the Small Business Administration. Processors who process and distribute 4 million pounds or less of popcorn annually are exempt from this program. Persons that operate under an approved National Organics program (NOP) (7 CFR part 206) system plan; process only products that are eligible to be labeled as 100 percent organic under the NOP and are not split operations shall be exempt from the payment of assessments.

The Board currently consists of 9 members which represent small, medium and large processors in the industry.

The Board voted during its October 5, 2009, conference call to request that the Secretary reduce the number of members from nine to five and to appoint persons to reflect the

consolidation of the popcorn industry and therefore, fewer popcorn processors in the industry who will equitably make up the board between large, medium and small processors. The Board will continue to strive for diversity within the industry.

Nominations and appointments to the Board are conducted pursuant to sections 1215.22, 1215.23, and 1215.25 of the Order. Appointments to the Board are made by the Secretary from a slate of nominated candidates. Pursuant to section 1215.22(3)(i) of the Order, nominations for each position shall be made by processors, and be submitted to the Secretary for appointment to the Board. The Order requires that two nominees be submitted for each vacant position.

The Department has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

Background

The Order became effective on July 22, 1997, and it is authorized under the Act. The Board is composed of nine processors. Nominations take into consideration the geographical distribution of popcorn production. The States that currently have representation on the Board are Nebraska, Indiana, Iowa, Missouri and Colorado. Based on information from the Board, in 2008, the top five popcorn producing states were Nebraska, Indiana, Illinois, Ohio and Iowa.

Under the Order, the Board administers a nationally coordinated program of promotion, research, consumer information and industry information designed to strengthen the position of popcorn in the marketplace, and to maintain and expand domestic and foreign markets and uses for popcorn. This program is financed by assessments on processors who process and distribute 4 million pounds or more of popcorn annually. The current rate of assessment is 6 cents per hundredweight of popcorn. The Order specifies that processors are responsible for submitting the assessment to the Board and maintaining records necessary to verify their reporting(s). Processors who process and distributes less than 4 million pounds of popcorn annually are exempt from this assessment.

On October 5, 2009, the Board voted to decrease its membership from nine to five.

A proposed rule was published in the **Federal Register** on June 4, 2010 [75 FR 31730]. Copies of the rule were made available through the Internet by the Department and the Office of the

Federal Register. That rule provided a 30-day comment period which ended July 6, 2010. One comment was received by the deadline.

This rule amends the Popcorn Promotion, research and Consumer Information Order (Order) to reduce the Popcorn Board (Board) membership from nine to five members to reflect the consolidation of the popcorn industry and therefore, fewer popcorn processors in the industry.

Summary of Comments

In response to the proposed rule, the Department received one comment in support of the proposed amendment to the Order to reduce the Popcorn Board membership from nine to five members to reflect the consolidation of the popcorn industry and therefore, fewer popcorn processors in the industry.

Accordingly, the Department is not making any changes to the proposed rule based on this comment.

Pursuant to 5 U.S.C. 553, it is also found and determined that good cause exists for not postponing the effective date of this action until 30 days after publication in the **Federal Register** because a final rule needs to be in effect before the Board makes a call for nominations for the term of office beginning January 1, 2011.

List of Subjects in 7 CFR Part 1215

Administrative practice and procedure, Advertising, Consumer information, Marketing agreements, Popcorn promotion, Reporting and recordkeeping requirements.

■ For the reasons set forth in the preamble, 7 CFR part 1215 is amended as follows:

PART 1215—POPCORN PROMOTION, RESEARCH, AND CONSUMER INFORMATION ORDER

■ 1. The authority citation for 7 CFR part 1215 continues to read as follows:

Authority: 7 U.S.C. 7481–7491; 7 U.S.C. 7401.

■ 2. In § 1215.21, paragraph (a) is revised to read as follows:

§ 1215.21 Establishment and membership.

(a) There is hereby established a Popcorn Board of five members. The number of members on the board may be changed by rulemaking: *Provided*, that the Board consist of not fewer than four members and not more than nine members. The Board shall be composed of popcorn processors appointed by the Secretary under § 1215.24.

BILLING CODE 3410-02-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2007-0037; Directorate Identifier 2007-NE-41-AD; Amendment 39-16489; AD 2010-17-12R1]

RIN 2120-AA64

Airworthiness Directives; Rolls-Royce Deutschland Ltd. & Co. KG. (RRD) Models Tay 650-15 and Tay 651-54 Turbofan Engines

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; request for comments; revision.

SUMMARY: The FAA is revising an existing airworthiness directive (AD) for the products listed above. This AD revision results from the need to correct the applicability paragraph of that AD, and from mandatory continuing airworthiness information (MCAI) issued by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as:

Strip results from some of the engines listed in the applicability section of this AD revealed excessively corroded low-pressure turbine disks stage 2 and stage 3. The corrosion is considered to be caused by the environment in which these engines are operated. Following a life assessment based on the strip findings it is concluded that inspections for corrosion attack are required. The action specified by this European Aviation Safety Agency (EASA) AD 2008-0122 was intended to avoid a failure of a low-pressure turbine disk stage 2 or stage 3 due to potential corrosion problems which could result in uncontained engine failure and damage to the airplane. It has been later realized that the same unsafe condition could potentially occur on more serial numbers for the Tay 650-15 engines and on the Tay 651-54 engines. This AD, superseding EASA AD 2008-0122, retaining its requirements, is therefore issued to expand the Applicability in adding further engine serial numbers for the Tay 650-15 engines and in adding the Tay 651-54 engines.

We are issuing this AD to detect corrosion that could cause the stage 2 or stage 3 disk of the LP turbine to fail, uncontained engine failure, and damage to the airplane.

DATES: This AD becomes effective November 18, 2010.

We must receive comments on this AD by December 3, 2010.

The Director of the Federal Register approved the incorporation by reference of RRD Alert Service Bulletin No. TAY-72-A1524, Revision 3, dated March 24, 2010, as of September 27, 2010 (75 FR 51651, August 23, 2010).

ADDRESSES: You may send comments by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.

- *Mail:* U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

- *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

- *Fax:* (202) 493-2251.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Operations office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Operations office (telephone (800) 647-5527) is the same as the Mail address provided in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

FOR FURTHER INFORMATION CONTACT: Mark Riley, Aerospace Engineer, Engine Certification Office, FAA, Engine and Propeller Directorate, 12 New England Executive Park, Burlington, MA 01803; e-mail: mark.riley@faa.gov; phone: (781) 238-7758; fax: (781) 238-7199.

SUPPLEMENTARY INFORMATION:

Discussion

On August 23, 2010, we published AD 2010-17-12, Amendment 39-16404, in the **Federal Register** (75 FR 51651). That AD is applicable to RRD models Tay 650-15 and Tay 651-54 turbofan engines. We discovered that the applicability paragraph of that AD is in error. This AD revision corrects that applicability paragraph. The requirements of that AD remain the same in this AD revision.

FAA's Determination and Requirements of This AD

This product has been approved by the aviation authority of the United

Kingdom, and is approved for operation in the United States. Pursuant to our bilateral agreement with the United Kingdom, they have notified us of the unsafe condition described in the MCAI. We are issuing this AD because we evaluated all information provided by the European Aviation Safety Agency and determined the unsafe condition exists and is likely to exist or develop on other products of the same type design.

FAA's Determination of the Effective Date

An unsafe condition exists that requires the immediate adoption of this AD. The FAA has found that the risk to the flying public justifies waiving notice and comment prior to adoption of this rule because this AD revision reduces the applicability, and the impact on the affected U.S. registered fleet remains unchanged. Therefore, we determined that notice and opportunity for public comment before issuing this AD are impracticable and that good cause exists for making this amendment effective in fewer than 30 days.

Comments Invited

This AD is a final rule that involves requirements affecting flight safety, and we did not precede it by notice and opportunity for public comment. We invite you to send any written relevant data, views, or arguments about this AD. Send your comments to an address listed under the **ADDRESSES** section. Include "Docket No. FAA-2007-0037; Directorate Identifier 2007-NE-41-AD" at the beginning of your comments. We specifically invite comments on the overall regulatory, economic, environmental, and energy aspects of this AD. We will consider all comments received by the closing date and may amend this AD because of those comments.

We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. We will also post a report summarizing each substantive verbal contact with FAA personnel concerning this AD. Using the search function of the Web site, anyone can find and read the comments in any of our dockets, including, if provided, the name of the individual who sent the comment (or signed the comment on behalf of an association, business, labor union, etc.). You may review the DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).
