Part 16 generally requires national banks to conform to Securities and Exchange Commission Rules.

The collections of information in part 16 are as follows:

Form for Registration. A national bank offering or selling its own securities to the public is required to make such offer or sale through the use of a prospectus that has been filed with the OCC as part of a registration statement.

Abbreviated Form for Registration. A national bank that is a subsidiary of a company that has securities registered under the Securities Exchange Act of 1934 (Exchange Act) may offer and sell securities (nonconvertible debt) only to accredited investors upon meeting conditions in 12 CFR 16.6 and by providing an abbreviated information statement in a form for registration.

Small Issues. A national bank may offer and sell securities publicly in a limited dollar amount by using an Offering Statement meeting the requirements of SEC's Regulation A (17 CFR 230.251 *et seq.*).

Regulation D. A national bank may offer or sell its own securities in a private placement to accredited or sophisticated investors in compliance with 12 CFR 16.7.

Form 144. A national bank must file Form 144, which contains information on resales of securities originally sold through the private placement exemption, only in certain circumstances.

These information collection requirements ensure bank compliance with applicable Federal law, promote bank safety and soundness, provide protections for banks, and further public policy interests.
