permitting regattas/marine events to the Coast Guard.

**Need:** The Coast Guard needs to determine whether a marine event may present a substantial threat to safety of human life on navigable waters, and which measures are necessary to ensure safety of life during the events. Sponsors must notify via the most efficient means for the Coast Guard to learn of the events/address environmental impacts.

**Forms:** CG–4423.

**Respondents:** Sponsors of marine events.

**Frequency:** On occasion.

**Burden Estimate:** The estimated burden has increased from 3,000 to 5,271 hours a year.

**Dated:** October 22, 2010.

**M. B. Lytle,**

Captain, U.S. Coast Guard, Acting Assistant Commandant for Command, Control, Communications, Computers and Information Technology.

For a copy of the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Departmental Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 4176, Washington, DC 20410; telephone: 202–402–5564, (this is not a toll-free number) or e-mail Ms. Pollard at Colette.Pollard@HUD.gov for a copy of the proposed form and other available information.

**FOR FURTHER INFORMATION CONTACT:** Francey Youngberg, Deputy Assistant Secretary for Intergovernmental Affairs, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 10148, Washington, DC 20410; telephone: (202) 402–6431, (this is not a toll-free number) or e-mail Ms. Youngberg at Francey.L.Youngberg@hud.gov.

**SUPPLEMENTARY INFORMATION:** The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

**Dates:** Comments Due Date: January 3, 2011.

**Addresses:** Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and OMB Control Number and should be sent to: Colette Pollard, Departmental Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 4176, Washington, DC 20410; telephone: 202–402–5564, (this is not a toll-free number) or e-mail Ms. Pollard at Colette.Pollard@HUD.gov for a copy of the proposed form and other available information.

**FOR FURTHER INFORMATION CONTACT:** Francey Youngberg, Deputy Assistant Secretary for Intergovernmental Affairs, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 10148, Washington, DC 20410; telephone: (202) 402–6431, (this is not a toll-free number) or e-mail Ms. Youngberg at Francey.L.Youngberg@hud.gov.

This Notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information;
3. Enforce the quality, utility, and clarity of the information to be collected; and
4. Minimize the
burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

**Title of Proposal:** HUD Stakeholder Survey.

**OMB Control Number, if applicable:** 2501–New.

**Description of the need for the information and proposed use:** The Department of Housing and Urban Development (HUD) hosts events with a variety of groups nationwide designed to educate stakeholders about HUD initiatives and policies. This data collection consists of a brief, optional survey to be completed in person at the end of each event. The information produced by the stakeholder surveys will allow HUD to measure the effectiveness of the stakeholder sessions and collect feedback on policy initiatives. The information can be used to shape policies, improve stakeholder events and make better use of HUD’s limited time with stakeholders. There are no similar surveys which allow for HUD to engage in a sustained, systematic collection of feedback from stakeholders on of a broad range of HUD initiatives and events.

**Agency form numbers, if applicable:** None.

**Members of Affected Public:** Stakeholder groups include (but are not limited to) public housing authorities, congressional members and staff, local government officials, assisted housing residents, HUD grantees, civil rights organizations, homeless advocacy organizations, the legal community, academics, organized labor representatives, HUD grantees, and members of the housing, nonprofit, philanthropic, business and faith-based sectors.

**Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:**

**Frequency of Submission: On occasion.**

**Total Estimated Burden Hours:** 315.

**Status of the proposed information collection:** New collection.

**Authority:** Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

**Dated:** October 28, 2010.

Francey Youngberg,
Deputy Assistant Secretary for Intergovernmental Affairs.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Hydropower Resource Assessment at Existing Reclamation Facilities—Draft Report

**AGENCIES:** Bureau of Reclamation, Interior.

**ACTION:** Notice of availability of the draft report.

**SUMMARY:** The Bureau of Reclamation has made available for public review and comment the “Hydropower Resource Assessment at Existing Reclamation Facilities” (HRA) Draft Report. The HRA is an assessment of the economic and technical potential for hydropower development at existing Bureau of Reclamation (Reclamation) owned non-powered dams and structures.

**DATES:** Submit written comments on the Draft Report by December 6, 2010.

**ADDRESSES:** Send written comments or requests for copies to Mr. Michael Pulskamp, Bureau of Reclamation, Denver Federal Center, Bldg. 67, P.O. Box 25007, Denver, Colorado 80225, or e-mail to mpulskamp@usbr.gov.

The Draft Report is also accessible from the following Web site: http://www.usbr.gov/power/.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Pulskamp, 303–445–2931, mpulskamp@usbr.gov.

**SUPPLEMENTARY INFORMATION:** The Administration is committed to increasing the generation of environmentally sustainable, affordable hydropower for our national electricity supplies. Reclamation has 476 dams and 8,116 miles of canals, and owns and operates 58 hydropower plants. On an annual basis, these plants produce an average of 40 billion kilowatt hours of electricity, enough to meet the entire electricity needs of over 9 million people on average, and provide the energy equivalent of more than 80 million barrels of crude oil or about 48.4 billion pounds of coal. Reclamation is the second largest producer of hydroelectric power in the United States, and is actively engaged in looking for opportunities to encourage development of additional hydropower capacity.

In March 2010 Reclamation signed a Memorandum of Understanding (MOU) with the Department of Energy and the U.S. Army Corps of Engineers. The MOU focuses on ways to increase renewable energy generation by focusing on development of sustainable, low impact, and small hydropower projects. The MOU committed Reclamation to produce an updated list of facilities and sites best suited for projects to increase sustainable hydropower generation by October 2010. The HRA provides information on potential hydropower development at existing Reclamation facilities that may warrant further study.

The Draft Report does not make any recommendations for development of the sites included in the report. Instead, it provides an inventory of hydropower potential at existing Reclamation sites using broad energy and economic criteria. Reclamation is not undertaking a new dam construction initiative with this study, and is focused on identifying the hydropower potential of Reclamation’s existing structures. This resource assessment level study does not take the place of a site by site feasibility study.

**Public Disclosure**

Before including your name, address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
