SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63219; File No. SR-Phlx-2010-152]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish a Revenue Sharing Program With Correlix, Inc. and Free Trial Period for New Users

November 1, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 26, 2010, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as effecting a change described under Rule 19b-4(f)(6) under the Act,³ which renders the proposal effective upon filing with the Commission.

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to establish a revenue sharing program with Correlix, Inc. and a free trial period for new users. The text of the proposed rule change is available at <http://www.nasdaqtrader.com/micro.aspx?id=PHLXRulefilings>, at the Exchange's principal office, on the Commission's Web site at <http://www.sec.gov>, and at the Commission's Public Reference Room. The Exchange will implement the proposed rule change immediately.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is filing a proposed rule change to establish a revenue sharing program with Correlix. The Exchange has entered into an agreement with Correlix to provide to users of the Exchange real-time analytical tools to measure the latency of orders to and from its systems. Under the agreement, the Exchange will receive 30% of the total monthly subscription fees received by Correlix from parties who have contracted directly with Correlix to use their RaceTeam latency measurement service for the Exchange's systems. The Exchange will not bill or contract with any Correlix RaceTeam customer directly.

Pricing for the Correlix RaceTeam product for the Exchange varies depending on the number of unique MPIDs and ports selected by the customer for monitoring by Correlix. For the Exchange, the fee will be an initial \$1,000 monthly base fee for the first unique MPID monitored. For each additional unique MPID sought to be monitored, an additional monthly charge of \$1,000 will be assessed. The monthly price for each unique MPID includes the monitoring of up to 25 Exchange port connections associated with that particular MPID. Customers that wish to exceed 25 ports per-MPID for monitoring can purchase additional 25 port blocks for an additional fee of \$1000 per month per MPID.

Under the program, Correlix will see an individualized unique Exchange-generated identifier that will allow Correlix RaceTeam to determine round trip order time⁴, from the time the order reaches the Exchange extranet, through the Exchange matching engine, and back out of the Exchange extranet. The RaceTeam product offering does not measure latency outside of the Exchange extranet. The unique identifier serves as a technological information barrier so that the RaceTeam data collector will only be able to view data for Correlix RaceTeam subscriber firms related to latency. Correlix will not see subscriber's individual order detail such as security, price or size. Individual

⁴ The product measures latency of orders whether the orders are rejected, executed, or partially executed.

RaceTeam subscribers' logins will restrict access to only their own latency data. Correlix will see no specific information regarding the trading activity of non-subscribers. The Exchange believes that the above arrangement will provide users of its systems greater transparency into the processing of their trading activity and allow them to make more efficient trading decisions.

In addition, the Exchange seeks Commission approval to establish a flexible 60-day free trial so parties will be eligible for one free 60-day trial period of Correlix services whenever they initially elect to sign-up for the service, now or in the future. The Exchange is proposing the flexible trial to ensure that all Correlix users have an equal opportunity to take advantage of an initial free trial period. NASDAQ also notes that the introduction of more flexibility in determining when to participate in the free trial period will allow Correlix users to introduce the product into their own technology infrastructure at a time of their own choosing and in coordination with other scheduled technology initiatives.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and with Section 6(b)(5) of the Act,⁶ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. In particular, the filing makes transparent uniform fees imposed for latency measurement services.

In addition, the Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and with Section 6(b)(4) of the Act,⁸ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. In particular, the

Exchange notes that the use of Correlix latency measurement services is entirely voluntary and made available on a non-discriminatory basis.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A) of the Act and paragraph (f)(6) of Rule 19b-4 thereunder, in that the proposed rule change: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The Commission notes that the Correlix service and its fee sharing model have been previously approved by the Commission for other markets.⁹ Waiver of the 30-day operative delay will ensure that the free period is made available to all interested parties without delay. Accordingly, the Commission designates the proposed

rule change operative upon filing with the Commission.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-Phlx-2010-152 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish a Revenue Sharing Program With Correlix, Inc. and Free Trial Period for New Users

November 1, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 26, 2010, NASDAQ OMX BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by BX. The Exchange has designated the proposed rule change as effecting a change described under Rule 19b-4(f)(6) under the Act,³ which renders the proposal effective upon filing with the Commission.

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

BX proposes to establish a revenue sharing program with Correlix, Inc. and
