SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63235; File No. SR-CBOE-2010-099]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Short Sell Order Handling

November 3, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 26, 2010, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule

change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend CBOE Stock Exchange, LLC's ("CBSX," the CBOE's stock trading facility) rules to describe the manner in which the CBSX System⁵ will handle short sell orders in relation to Rule 201 of Regulation SHO,⁶ and CBOE's rules to include order marking requirements for stock-option orders. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/Legal>), at the Exchange's Office of the Secretary and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

⁵ The "CBSX System" means the electronic system which performs the functions set out in the CBSX rules including controlling, monitoring, and recording trading by CBSX Traders through CBSX Workstations and trading between CBSX Traders. See Rule 50.1(a). A "CBSX Trader" means an individual who or organization which has the right to trade on CBSX. See Rules 50.1(f) and 50.3. A "CBSX Workstation" means a computer connected to CBSX for the purposes of trading pursuant to the CBSX rules. See Rule 50.1(d).

⁶ 17 CFR 242.201. See Securities Exchange Act Release No. 61595 (February 26, 2010), 75 FR 11232 (March 10, 2010). In connection with the adoption of Rule 201, Rule 200(g) of Regulation SHO, 17 CFR 242.200(g), was amended to include a "short exempt" marking requirement. The amendments to Rule 201 and Rule 200(g) have a compliance date of November 10, 2010.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

Rule 201 of Regulation SHO under the Act⁷ sets forth a short sale-related circuit breaker that, if triggered, will impose a restriction on the prices at which NMS stocks⁸ may be sold short. In anticipation of the upcoming November 10, 2010 compliance date for Rule 201,⁹ the Exchange is proposing to amend CBSX's rules to describe the manner in which the CBSX System will handle short sell orders when a circuit breaker is triggered under Rule 201 of Regulation SHO.

In particular, the Exchange is proposing to adopt Interpretation and Policy .02 to its Rule 51.8, *Types of Orders Handled*, to provide that orders in equity securities that are submitted to the CBSX System must be marked "long," "short," or "short exempt" in compliance with Regulation SHO.¹⁰ The Interpretation and Policy will also provide that, if a short sale-related circuit breaker is triggered under Regulation SHO, orders marked "short" will be handled by the CBSX System as follows: First, short sell orders that are resting in the CBSX Book¹¹ at the time a circuit breaker is triggered will be permitted to continue resting and/or execute. The Exchange believes this handling of resting short sell orders is consistent with Rule 201 because resting orders by definition are priced above the National Best Bid.¹² Second, short sell orders that are received by the CBSX System after the time a circuit breaker is triggered that are priced above the National Best Bid will be permitted to rest and/or execute. The Exchange believes this handling of incoming short sell orders is consistent with Rule 201 because the orders are priced above the National Best Bid.¹³ Third, short sell orders that are received by the CBSX System after the time a circuit breaker is triggered that are priced at or below

¹⁰ 17 CFR 242.200(g).

¹¹ The "CBSX Book" means all unexecuted orders currently held by the CBSX System. See Rule 50.1(c). The Exchange notes that additional size cannot be added to an order resting in the CBSX Book. The Exchange also notes that it currently does not make available any resting order types that are to be completely un-displayed in the CBSX Book. To the extent the Exchange may determine to make available such an un-displayed resting order type, it would be subject to a rule filing submitted pursuant to Section 19(b) of the Act, 15 U.S.C. 78s(b).
