

C. For All Products Listed in Table 1c in Unit II

Because the Agency has identified no significant potential risk concerns associated with these pesticide products, EPA proposes to include the following provisions for the treatment of any existing stocks of products containing methyl bromide or metam-sodium identified or referenced in Table 1c in Unit II.:

All sale or distribution by the registrant of existing stocks is prohibited after publication of the cancellation order in the **Federal Register**, unless that sale or distribution is solely for the purpose of facilitating disposal or export of the product.

Existing stocks may be sold and distributed by persons other than the registrant for 120 days from the date of the cancellation order.

Existing stocks may be used until exhausted, provided that such use complies with the EPA-approved label and labeling of the product.

List of Subjects

Environmental protection, Pesticides and pests.

Dated: October 29, 2010.

Richard P. Keigwin, Jr.,

Director, Pesticide Re-evaluation Division, Office of Pesticide Programs.

Workshop To Review Draft Materials for the Lead (Pb) Integrated Science Assessment (ISA)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Workshop.

SUMMARY: As part of the review of the air quality criteria and National Ambient Air Quality Standards (NAAQS) for Lead (Pb), EPA is announcing that a workshop to evaluate initial draft materials for the Pb Integrated Science Assessment (ISA) is being organized by EPA's National Center for Environmental Assessment (NCEA) within the Office of Research and Development. The workshop will be held on December 2 and 3, 2010 in Research Triangle Park, NC and will be open to attendance by interested public observers on a first-come first-serve basis up to the limits of available space.

DATES: The workshop will be held on December 2 and 3, 2010 at 8 a.m. and end at 5 p.m.

ADDRESSES: The workshop will be held in the Auditorium of EPA's main campus, 109 T.W. Alexander Drive, Research Triangle Park, NC. The EPA contractor, Versar, is providing logistical support for the workshop.

FOR FURTHER INFORMATION CONTACT: Questions regarding information, registration, and logistics for the workshop should be directed to Bethzaida Colon, Versar, Inc., Conference Coordinator, 6850 Versar Center, Springfield, VA 22151, telephone: 703-642-6727; facsimile: 703-642-6809; e-mail: BColon@versar.com. Questions regarding the scientific and technical aspects of the workshop should be directed to Dr. Ellen Kirrane, telephone: 919-541-1340; facsimile: 919-541-2895; e-mail: kirrane.ellen@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Summary of Information About the Workshop

Section 109-(d) of the Clean Air Act requires the U.S. Environmental Protection Agency (EPA) to conduct periodic reviews of the air quality criteria for each air pollutant listed under section 108 of the Act. Based on such review, EPA is to retain or revise the NAAQS for a given pollutant as appropriate. As part of these reviews, NCEA assesses newly available scientific information and develops ISA documents (formerly known as Criteria Documents) that provide the scientific basis for the reviews of the NAAQS for Pb, particulate matter, carbon monoxide, nitrogen oxides, sulfur oxides, and ozone. Based on the information in the ISA, EPA's Office of Air Quality Planning and Standards typically conducts quantitative and qualitative risk and exposure assessments. The ISA and the risk/exposure assessments are used to prepare a policy assessment that informs subsequent rulemaking actions.

NCEA-RTP is holding this workshop to inform the Agency's evaluation of the scientific evidence for the review of the NAAQS for Pb. The purpose of the workshop is to obtain review of the scientific content of initial draft materials or sections for the draft ISA. Workshop sessions will include review and discussion of initial draft sections on the health effects evidence from in vivo and in vitro animal toxicology studies, and from epidemiology studies as well as evidence of the ecological effects of Pb. In addition, roundtable discussions will help identify key

studies or concepts within each discipline to assist EPA in integrating within and across disciplines. This workshop is intended to help ensure that the ISA is up-to-date and focuses on the key evidence to inform the scientific understanding for the review of the NAAQS for Pb. EPA is planning to release the first external review draft ISA for Pb for review by the Clean Air Scientific Advisory Committee and the public in May 2011.

II. Workshop Information

Members of the public may attend the workshop as observers. Space is limited, and reservations will be accepted on a first-come, first-serve basis.

Dated: November 2, 2010.

Darrell A. Winner,

Acting Director, National Center for Environmental Assessment.

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than December 6, 2010.
