and permitting the management, research and enhancement activities on Hawaiian monk seals as well as other components of the marine ecosystem and human environment. Anyone having relevant information they believe NMFS should consider in its analysis should provide a description of that information along with complete citations for supporting documents.

NMFS has provided a potential proposed action and several other alternative actions in the October 1, 2010 Notice of Intent. The final scope and structure of the alternatives, to be determined at a later date, will reflect the combined input from the public, research institutions, affected State and Federal agencies, and NMFS administrative and research offices. A principal objective of the scoping and public involvement process is to determine a range of reasonable management alternatives that will identify critical issues, and provide a clear basis for distinguishing among those alternatives and selecting a preferred alternative.

Comments will be accepted during the scoping period through November 30, 2010. We request that you include in your comments: (1) Your name, address, and affiliation (if any); and (2) Any relevant background documents to support your comments.

Dated: November 5, 2010.

Samuel D. Rauch III,
Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

Evaluation of State Coastal Management Programs and National Estuarine Research Reserves

ACTION: Notice of intent to evaluate and notice of availability of final findings.

SUMMARY: The NOAA Office of Ocean and Coastal Resource Management (OCRM) announces its intent to evaluate the performance of the Louisiana Coastal Resources Management Program and the Jobos Bay (Puerto Rico) Rookery Bay (Florida), and Chesapeake Bay (Maryland) National Estuarine Research Reserves.

The Coastal Zone Management Program evaluation will be conducted pursuant to section 312 of the Coastal Zone Management Act of 1972, as amended (CZMA) and regulations at 15 CFR part 923, subpart E and part 923, subpart L. The CZMA requires continuing review of the performance of states with respect to coastal program implementation. Evaluation of a Coastal Management Program requires findings concerning the extent to which a state has met the national objectives, adhered to its Coastal Management Program document approved by the Secretary of Commerce, and adhered to the terms of financial assistance awards funded under the CZMA.

The National Estuarine Research Reserve evaluations will be conducted pursuant to sections 312 and 315 of the CZMA and regulations at 15 CFR part 921, subpart E and part 923, subpart L. Evaluation of a National Estuarine Research Reserve requires findings concerning the extent to which a state has met the national objectives, adhered to its Reserve final management plan approved by the Secretary of Commerce, and adhered to the terms of financial assistance awards funded under the CZMA.

Each evaluation will include a site visit, consideration of public comments, and consultations with interested Federal, state, and local agencies and members of the public. A public meeting will be held as part of the site visit. When the evaluation is completed, OCRM will place a notice in the Federal Register announcing the availability of the Final Evaluation Findings. Notice is hereby given of the availability of the final evaluation findings for the Rhode Island Coastal Management Program (CMP) and the Tijuana River (California), Padilla Bay (Washington), and North Carolina National Estuarine Research Reserves (NERRs). Sections 312 and 315 of the Coastal Zone Management Act of 1972 (CZMA), as amended, require a continuing review of the performance of coastal states with respect to approval of CMPs and the operation and management of NERRs.

The State of Rhode Island was found to be implementing and enforcing its federally approved coastal management program, addressing the national coastal management objectives identified in CZMA Section 303(2)(A)–(K), and adhering to the programmatic terms of its financial assistance awards. The Tijuana River, Padilla Bay, and North Carolina NERRs were found to be adhering to programmatic requirements of the NERR System.

The Rookery Bay (Florida) National Estuarine Research Reserve evaluation site visit will be held January 24–28, 2011. One public meeting will be held during the week. The public meeting will be held on Wednesday, January 26, 2011, at 6:30 p.m. at the Rookery Bay National Estuarine Research Reserve Environmental Learning Center, 300 Tower Road, Naples, Florida.

The Chesapeake Bay (Maryland) National Estuarine Research Reserve evaluation site visit will be held January 24–28, 2011. One public meeting will be held during the week. The public meeting will be held on Tuesday, January 25, 2011, at 7 p.m. at the McCann Center, Jug Bay Wetlands Sanctuary, 1361 Wrighton Road, Lothian Maryland.

ADDRESSES: Copies of the states’ most recent performance reports, as well as OCRM’s evaluation notification and supplemental information request letters to the state, are available upon request from OCRM. Written comments from interested parties regarding these Programs are encouraged and will be accepted until 15 days after the public meeting held for a Program. Please direct written comments to Kate Barba, Chief, National Policy and Evaluation Division, Office of Ocean and Coastal Resource Management, NOAA/NOS/NCCOS, 1305 East-West Highway, 10th Floor, N/ORM7, Silver Spring, Maryland 20910, or Kate.Barba@noaa.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given of the availability of the final evaluation findings for the Rhode Island Coastal Management Program (CMP) and the Tijuana River (California), Padilla Bay (Washington), and North Carolina National Estuarine Research Reserves (NERRs). Sections 312 and 315 of the Coastal Zone Management Act of 1972 (CZMA), as amended, require a continuing review of the performance of coastal states with respect to approval of CMPs and the operation and management of NERRs.

The State of Rhode Island was found to be implementing and enforcing its federally approved coastal management program, addressing the national coastal management objectives identified in CZMA Section 303(2)(A)–(K), and adhering to the programmatic terms of its financial assistance awards. The Tijuana River, Padilla Bay, and North Carolina NERRs were found to be adhering to programmatic requirements of the NERR System.

Copies of these final evaluation findings may be obtained upon written request from: Kate Barba, Chief, National Policy and Evaluation Division, Office of Ocean and Coastal
Resource Management, NOS/NOAA, 1305 East-West Highway, 10th Floor, N/ORIM7, Silver Spring, Maryland 20910, or Kate.Barba@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Kate Barba, Chief, National Policy and Evaluation Division, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, 10th Floor, N/ORIM7, Silver Spring, Maryland 20910, (301) 563–1182.

Polyethylene Terephthalate Film, Sheet and Strip From India: Extension of Time Limit for Preliminary Results of Countervailing Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: November 12, 2010.

FOR FURTHER INFORMATION CONTACT: Elfi Blum, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–0197.

Background

On March 2, 2010, the Department of Commerce (the Department) published the initiation of a new shipper review under the countervailing duty order on polyethylene terephthalate film, sheet and strip from India for the period January 1, 2009, through December 31, 2009. See Polyethylene Terephthalate Film, Sheet and Strip from India: Initiation of Antidumping Duty and Countervailing Duty New Shipper Review, 75 FR 10758 (March 9, 2010). This new shipper review covers one producer and exporter of the subject merchandise to the United States: SRF Limited. On August 27, 2010, the Department published a notice of extension for the preliminary results of this new shipper review until November 22, 2010. See Polyethylene Terephthalate Film, Sheet and Strip From India: Extension of Time Limit for Preliminary Results of Countervailing Duty New Shipper Review, 75 FR 52717 (August 27, 2010). The Department is now further extending the deadline for the preliminary results until December 14, 2010.

Extension of Time Limit for the Preliminary Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act), and section 351.214(i)(1) of the Department’s regulations require the Department to issue the preliminary results of a new shipper review within 180 days after the date on which the review was initiated, and the final results of the review within 90 days after the date on which the preliminary results were issued. However, if the Department concludes that a new shipper review is extraordinarily complicated, section 751(a)(2)(B)(iv) of the Act and section 351.214(i)(2) of the Department’s regulations allow the Department to extend the 180-day period to 300 days, and to extend the 90-day period to 150 days. The Department determines that this new shipper review involves extraordinarily complicated issues pertaining to the bona fides of this new shipper. In addition, we need further information from SRF Limited to analyze fully the subsidy programs under review. Because of these issues, the Department must issue another supplemental questionnaire to SRF Limited, provide SRF Limited with time to respond, and have sufficient time to analyze SRF Limited’s response.

Therefore, the Department is extending the deadline for completion of the preliminary results of this new shipper review by an additional 22 days. Accordingly, the deadline for the completion of these preliminary results is now no later than December 14, 2010.

This notice is issued and published pursuant to sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act.

Susan H. Kuhbach,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Folding Metal Tables and Chairs from the People’s Republic of China: Extension of Time Limit for the Final Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: November 12, 2010.

FOR FURTHER INFORMATION CONTACT: Lilit Astvatsatryan or Erin Kearney, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–6412 or (202) 482–0167, respectively.

SUPPLEMENTARY INFORMATION:

Background

Extension of Time Limit for Final Results of Review

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“Act”), the Department shall make a final determination in an administrative review of an antidumping duty order within 120 days after the date on which the preliminary results are published. The Act further provides, however, that the Department may extend that 120-day period to 180 days after the preliminary results if it determines it is not practicable to complete the review within the foregoing time period.
