Available of Documents
Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents.

Dated: November 5, 2010.
Brenda Tapia,
Program Analyst/Data Administrator, Branch of Permits, Division of Management Authority.

FOR FURTHER INFORMATION CONTACT: Brenda Tapia, (703) 358–2104 (telephone); (703) 358–2280 (fax); DMAFR@fws.gov.

SUPPLEMENTARY INFORMATION: On the dates below, as authorized by the provisions of the ESA (16 U.S.C. 1531 et seq.), as amended, and/or the MMPA, as amended (16 U.S.C. 1361 et seq.), we issued requests permits subject to certain conditions set forth therein. For each permit for an endangered species, we found that: (1) The application was filed in good faith. (2) The granted permit would not operate to the disadvantage of the endangered species, and (3) The granted permit would be consistent with the purposes and policy set forth in section 2 of the ESA.

INTERNATIONAL TRADE COMMISSION
Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest
ACTION: Notice.
SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled In Re Certain Turbomachinery Blades, Engines, and Components Thereof, DN 2769; the Commission is soliciting comments on any public interest issues raised by the complaint.

General information concerning the Commission may also be obtained by accessing its Internet server (http://www.usitc.gov). The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at http://edis.usitc.gov. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint filed on behalf of United Technologies Corporation, on November 5, 2010. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain turbomachinery blades, engines, and components thereof. The complaint names as respondents Rolls-Royce Group plc, London, United Kingdom and Rolls-Royce plc, London, United Kingdom.

The complainant, proposed respondents, other interested parties, and members of the public are invited to file comments, not to exceed five pages in length, on any public interest issues raised by the complaint. Comments should address whether issuance of an exclusion order and/or a cease and desist order in this investigation would negatively affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.
In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the potential orders;

(iii) indicate the extent to which like or directly competitive articles are produced in the United States or are otherwise available in the United States, with respect to the articles potentially subject to the orders; and

(iv) indicate whether Complainant, Complainant’s licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to an exclusion order and a cease and desist order within a commercially reasonable time.

Written submissions must be filed no later than by close of business, five business days after the date of publication of this notice in the Federal Register. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation.

Persons filing written submissions must file the original document and 12 true copies thereof on or before the deadlines stated above with the Office of the Secretary. Submissions should refer to the docket number (“Docket No. 2769”) in a prominent place on the cover page and/or the first page. The Commission’s rules authorize filing submissions with the Secretary by facsimile or electronic means only to the extent permitted by section 201.8 of the rules (see Handbook for Electronic Filing Procedures, http://www.usitc.gov/secretary/fed_reg_notices/rules/documents/handbook_on_electronic_filing.pdf).

Persons with questions regarding electronic filing should contact the Secretary (202–205–2000).

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR § 201.6.

Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary. This action is taken under the authority of sections 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and of sections 201.10 and 210.50(a)(4) of the Commission’s Rules of Practice and Procedure (19 CFR 201.10, 210.50(a)(4)).

By order of the Commission.

Issued: November 5, 2010.

Marilyn R. Abbott,
Secretary to the Commission.

Notice of Lodging of Second Proposed Amendment to Consent Decree Under the Clean Water Act

Notice is hereby given that on November 8, 2010, a proposed Second Amendment to 2006 Consent Decree, pertaining to United States and State of Indiana v. City of Indianapolis, Civ. No. 1:06–cv–1456, was lodged with the United States District Court for the Southern District of Indiana. In the original action, the United States sought civil penalties and injunctive relief for alleged violations of Sections 301 and 402 of the Clean Water Act, 33 U.S.C. 1319 and 1342, in connection with the City’s operation of its municipal wastewater and sewer system. In December 2006, the Court entered a Consent Decree which requires the City to reduce Combined Sewer Overflows (CSO) by, among other things, performing certain activities and constructing thirty-one (31) Combined Sewer Overflow (CSO) Control Measures in accordance with the City’s Long Term Control Plan (LTCP). CSO Control Measure 16, as set forth in the 2006 Consent Decree, required the City to construct a shallow interceptor sewer having a total capacity of 24 million gallons.

On April 23, 2009, the Court approved and entered a First Amendment to the 2006 Consent Decree, which authorized the City to replace the shallow interceptor with a 54-million gallon capacity Deep Rock Tunnel Connector (DRTC), which allowed the City to avoid several environmental and right-of-way impediments to the project. The DRTC, as conceived, would have improved the overall level of control to be achieved by Indianapolis by increasing the system’s storage capacity by approximately 30 million gallons, and reducing the system’s projected annual CSO discharge volume from 600 million gallons to 480 million gallons. The change also would have allowed the City to capture hundreds of millions of gallons of raw sewage discharges from the City’s largest CSO (CSO 008), three-and-one-half years earlier than would have occurred without the amendment.

While the First Amendment authorized the modification of CSO Control Measure 16, the proposed Second Amendment is much more extensive, and would authorize the modification of CSO Control Measures 16, 18, 22, 23, 24, 25, 26, 29, 30, and 31; the elimination of CSO Control Measures 27 and 28, and the addition of CSO Control measure 32. As a result of the proposed changes, the City is now expected to reduce the amount of the total annual discharge to about 414 million gallons, capture raw sewage discharges from another CSO earlier than originally anticipated, allow the City to achieve a flexibility that was missing from its original system design, and reduce the cost of the project by approximately $444 million.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044–7611, and should refer to United States and State of Indiana v. City of Indianapolis, D.J. Ref. 90–5–1–1–07292.

The proposed Second Amendment to 2006 Consent Decree may be examined at the Office of the United States Attorney for the Southern District of Indiana, 10 West Market St., Suite 2100, Indianapolis, IN 46204 (contact Asst. U.S. Attorney Thomas Kieper (317–226–6333), and at U.S. EPA Region 5, 7th Floor Records Center, 77 West Jackson Blvd., Chicago, Illinois 60604 (contact Assoc. Regional Counsel Gary Prichard (312–886–0570)). During the public comment period, the Consent Decree may also be examined on the following Department of Justice Web site: http://www.usdoj.gov/enrd/Consent_Documents.html. A copy of the Consent Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044–7611 or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no. 202–514–0097, phone confirmation number 202–514–1547. In requesting a copy from the Consent Decree Library, please enclose a check in the amount of $8.50 (25 cents per page reproduction cost) for both the proposed Second Amendment and attached Table, payable to the U.S. Treasury or, if by e-mail or fax, forward
