Public Water System Supervision Program Revision for the State of Colorado

AGENCY: Environmental Protection Agency (EPA)

ACTION: Notice.

SUMMARY: In accordance with the provisions of section 1413 of the Safe Drinking Water Act (SDWA), 42 U.S.C. 300g-2, and 40 CFR 142.13, public notice is hereby given that the State of Colorado has revised its Public Water System Supervision (PWSS) Primacy Program by adopting Federal regulations for the Lead and Copper Rule Short Term Regulatory Revisions which correspond to the National Primary Drinking Water Regulations (NPDWR) in 40 CFR part 141 and 142. The EPA has completed its review of these revisions in accordance with SDWA, and proposes to approve Colorado's primacy revisions for the above stated Rules.

Today's approval action does not extend to public water systems in Indian country, as defined in 18 U.S.C. 1151. Please see **SUPPLEMENTARY INFORMATION**, Item B.

DATES: Any member of the public may request a public hearing on this determination by December 15, 2010. Please see **SUPPLEMENTARY INFORMATION**, Item C, for details. Should no timely and appropriate request for a hearing be received, and the Regional Administrator (RA) does not elect to hold a hearing on his own motion, this determination shall become effective December 15, 2010. If a hearing is granted, then this determination shall not become effective until such time following the hearing, as the RA issues an order affirming or rescinding this action.

ADDRESSES: Requests for a public hearing shall be addressed to: James B.

Martin, Regional Administrator, c/o Breann Bockstahler (8P-W-DW), U.S. EPA, Region 8, 1595 Wynkoop Street, Denver, CO 80202-1129.

All documents relating to this determination are available for inspection at the following locations: (1) US EPA, Region 8, Drinking Water Program, 1595 Wynkoop Street, Denver, CO 80202-1129, (2) Colorado Department of Public Health and Environment (CDPHE), Water Quality Control Division, 4300 Cherry Creek Drive South, Denver, CO 80246-1530.

FOR FURTHER INFORMATION CONTACT: Breann Bockstahler at 303-312-6034.

SUPPLEMENTARY INFORMATION: EPA approved Colorado's application for assuming primary enforcement authority for the PWSS Program, pursuant to section 1413 of SDWA, 42 U.S.C. 300g-2, and 40 CFR part 142. CDPHE administers Colorado's PWSS Program.

A. Why are revisions to State programs necessary?

States with primary PWSS enforcement authority must comply with the requirements of 40 CFR part 142 for maintaining primacy. They must adopt regulations that are at least as stringent as the NPDWRs at 40 CFR parts 141 and 142, as well as adopt all new and revised NPDWRs in order to retain primacy (40 CFR 142.12(a)). On October 10, 2007, EPA promulgated the Lead and Copper Rule Short Term Regulatory Revisions and by this action the State is following procedures to attain primacy.

B. How does today's action affect Indian country in Colorado?

Colorado is not authorized to carry out its PWSS Program in "Indian country". This includes, but is not limited to, land within the formal Indian Reservations within or abutting the State of Colorado, including the Southern Ute Indian Reservation and the Ute Mountain Ute Indian Reservation, any land held in trust by the United States for an Indian tribe, and any other areas which are "Indian country" within the meaning of 18 U.S.C. 1151.

C. Requesting a Hearing

Any request for a public hearing shall include: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief statement of the requester's interest in the RA's determination and of information that he/she intends to submit at such hearing; and (3) the signature of the requester or responsible official, if made

on behalf of an organization or other entity.

Notice of any hearing shall be given not less than fifteen (15) days prior to the time scheduled for the hearing and will be made by the RA in the **Federal Register** and newspapers of general circulation in the State. A notice will also be sent to both the person(s) requesting the hearing and the State. The hearing notice will include a statement of purpose, information regarding time and location, and the address and telephone number where interested persons may obtain further information. The RA will issue a final determination upon review of the hearing record.

Frivolous or insubstantial requests for a hearing may be denied by the RA. However, if a substantial request is made within thirty (30) days after this notice, a public hearing will be held.

Please bring this notice to the attention of any persons known by you to have an interest in this determination.

Dated: April 15, 2010.

Carol Rushin,

Deputy Regional Administrator, Region 8.

Editorial Note: This document was received in the Office of the Federal Register on November 8, 2010.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9225-9; Docket ID No. EPA-HQ-ORD-2010-0927]

Workshop: Cumulative Mixtures Risk of Six Selected Phthalates in Support of Summary Information on the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Peer Consultation Workshop on the Cumulative Mixtures Risk of Six Selected Phthalates; Request for Public Comments.

SUMMARY: EPA is announcing that ICF International, an EPA contractor for external scientific peer consultation, will convene a panel of independent experts and conduct an external peer consultation workshop to: (1) Review the recommendations for evaluation of the cumulative mixtures risk of phthalates as set forth in the National Academies of Science (NAS) report "Phthalates and Cumulative Risk Assessment: The Tasks Ahead" (2008); and (2) propose additional methods and

approaches, not already captured in the 2008 NAS report, that may facilitate the assessment of risk(s) associated with exposure to cumulative mixtures of the six selected phthalates.

ICF International invites all interested public parties to register to attend this workshop as observers. Space is limited, and reservations will be accepted on a first-come, first-served basis. In addition, ICF International invites the public to give brief oral comments at the conclusion of each workshop day. Furthermore, there is an opportunity to provide written comments regarding the subject matter under discussion; for more information please see below. In conceptualizing and preparing a draft of the "Toxicological Review of the Cumulative Mixtures Risk of Six Selected Phthalates," EPA will consider ICF's report of the comments and recommendations from individuals participating in the external peer consultation workshop and any written public comments that EPA receives in accordance with this notice.

DATES: The peer consultation workshop on the Cumulative Mixtures Risk of Six Selected Phthalates will be held on December 8 and 9, 2010, beginning at 8 a.m. and ending at 5 p.m. Eastern Standard Time. Please note that a public comment period begins November 15, 2010 and ends January 4, 2011. Technical comments should be in writing and must be received by the EPA by January 4, 2011.

ADDRESSES: The peer consultation workshop on the Cumulative Mixtures Risk of Six Selected Phthalates will be held at the Double Tree Crystal City, located at 300 Army Navy Drive in Arlington, VA. To attend the workshop, register no later than December 3, 2010, preferably via the workshop Web site page at <http://epa.phthalatesworkshop.icfi.com>. Alternatively, you may register by calling ICF International at 1-703-934-3173, sending a facsimile to 1-703-934-3470, or sending an e-mail to Ms. Ami Parekh Gordon at AGordon3@icfi.com.

Additional Information: EPA welcomes public attendance at the "Peer Consultation Workshop on Cumulative Mixtures Risk of Six Selected Phthalates" and will make every effort to accommodate persons with disabilities. For information on access or services for individuals with disabilities, or if you have any other questions related to this workshop please contact Ms. Ami Parekh Gordon of ICF International at AGordon3@icfi.com or by phone at 1-703-934-3173.

SUPPLEMENTARY INFORMATION:

I. Information About IRIS

EPA's IRIS is a human health assessment program that evaluates quantitative and qualitative risk information on effects that may result from exposure to chemical substances found in the environment. Through the IRIS Program, EPA provides the highest quality science-based human health assessments to support the Agency's regulatory activities. The IRIS database contains information for more than 550 chemical substances that can be used to support the first two steps (hazard identification and dose-response evaluation) of the risk assessment process. When supported by available data, IRIS provides oral reference doses (RfDs) and inhalation reference concentrations (RfCs) for chronic noncancer health effects and cancer assessments. Combined with specific exposure information, government and private entities use IRIS to help characterize public health risks of chemical substances in a site-specific situation and thereby support risk management decisions designed to protect public health.

The IRIS cumulative assessment will address the specific recommendations presented in the NAS report on cumulative risk for phthalates and expand the discussion to other approaches that may also be applicable. The 2008 NAS report recommended that:

- EPA group chemicals that cause common adverse outcomes and not focus exclusively on structural similarity or on similar mechanisms of action, and
- Phthalates and other agents that cause androgen insufficiency or block androgen-receptor signaling, and are thus capable of inducing effects that characterize components of the phthalate syndrome, should be considered in a cumulative risk assessment.

In response to NAS recommendations, EPA is conducting research to: (1) Determine whether prenatal exposures to phthalates are associated with adverse effects in male and female offspring; (2) determine how phthalates interact in mixtures with other phthalates, toxic substances, and pesticides to induce adverse effects, in particular disruption of reproductive development in males and females; and (3) determine approaches to integrate new data on multiple phthalates into a cumulative mixtures assessment.

II. How To Submit Comments to the Docket at <http://www.regulations.gov>

Submit your comments, identified by Docket ID No. EPA-HQ-ORD-2010-0927, by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

- *E-mail:* ORD.Docket@epa.gov.

- *Facsimile:* 202-566-1753.

- *Mail:* Office of Environmental Information (OEI) Docket (Mail Code: 2822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460. The telephone number is 202-566-1752. If you provide comments by mail, please submit one unbound original with pages numbered consecutively, and three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

- *Hand Delivery:* The OEI Docket is located in the EPA Headquarters Docket Center, EPA West Building, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744. Deliveries are only accepted during the docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information. If you provide comments by hand delivery, please submit one unbound original with pages numbered consecutively, and three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

Instructions: Direct your comments to Docket ID No. EPA-HQ-ORD-2010-0927. Please ensure that your comments are submitted within the specified comment period. Comments received after the closing date will be marked "late," and may only be considered if time permits. It is EPA's policy to include all comments it receives in the public docket without change and to make the comments available online at <http://www.regulations.gov>, including any personal information provided, unless comments include information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which

means EPA will not know your identity or contact information unless you provide it in the body of your comments. If you send e-mail comments directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comments that are placed in the public docket and made available on the Internet. If you submit electronic comments, EPA recommends that you include your name and other contact information in the body of your comments and with any disk or CD-ROM you submit. If EPA cannot read your comments due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comments. Electronic files should avoid the use of special characters and any form of encryption and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically at <http://www.regulations.gov> or in hard copy at the OEI Docket in the EPA Headquarters Docket Center.

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Proposed Collection Renewals; Comment Request

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice and request for comment.

SUMMARY: The FDIC, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to

comment on the renewal of the following information collection, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35).

DATES: Comments must be submitted on or before January 14, 2011.

ADDRESSES: Interested parties are invited to submit written comments by any of the following methods:

- <http://www.FDIC.gov/regulations/laws/federal/notices.html>.
- *E-mail:* comments@fdic.gov.

Include the name and number of the collection in the subject line of the message.

- *Mail:* Leneta G. Gregorie (202-898-3719), Counsel, Room F-1084, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

- *Hand Delivery:* Comments may be hand-delivered to the guard station at the rear of the 17th Street Building (located on F Street), on business days between 7 a.m. and 5 p.m.

All comments should refer to the relevant OMB control number. A copy of the comments may also be submitted to the OMB desk officer for the FDIC: Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Washington, DC, 20503.

FOR FURTHER INFORMATION CONTACT:

Leneta G. Gregorie, at the FDIC address above.

SUPPLEMENTARY INFORMATION: Proposal to renew the following currently approved collections of information:

Title: Real Estate Lending Standards.

OMB Number: 3064-0112.

Frequency of Response: On occasion.

Affected Public: Insured Financial Institutions Supervised by the FDIC.

Estimated Number of Respondents: 4,800.

Estimated Time per Response: 20 hours.

Total Annual Burden: 96,000 hours.

General Description of Collection:

Institutions use real estate lending policies to guide their lending operations in a manner that is consistent with safe and sound banking practices and appropriate to their size, nature and scope of operations. These policies should address certain lending considerations, including loan-to-value limits, loan administration policies, portfolio diversification standards, and documentation, approval and reporting requirements.

Request for Comment: Comments are invited on: (a) Whether the collection of information is necessary for the proper

performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Dated at Washington, DC this 9th day of November 2010.
