Federal Register

Vol. 75, No. 221

Wednesday, November 17, 2010

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

November 10, 2010.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

National Agricultural Statistics Service

Title: Aquaculture Survey.

OMB Control Number: 0535-0150.

Summary of Collection: The primary function of the National Agricultural Statistics Service is to estimate production and stocks of agricultural food, fiber, and specialty commodities. Congress has mandated the collection of basic data for aquaculture and provides funding for these surveys. Public Law 96-362 was passed to increase the overall effectiveness and productivity of federal aquaculture programs by improving coordination and communication among Federal agencies involved in those programs. Aquaculture is an alternative method to produce a high protein, low fat product demanded by the consumer. Aquaculture surveys provide information on trout and catfish inventory, acreage and sales as well as catfish processed.

Need and Use of the Information: The survey results are useful in analyzing changing trends in the number of commercial operations and production levels by State. The information collected is used to demonstrate the growing importance of aquaculture to officials of Federal and State government agencies who manage and direct policy over programs in agriculture and natural resources. The type of information collected and reported provides extension educators and research scientists with data that indicates important areas that require special educational and/or research efforts, such as causes for loss of fish and pond inventories of fish of various sizes. The data gathered from the various reports provide information to establish contract levels for fishing programs and to evaluate prospective loans to growers and processors.

Description of Respondents: Farms; Business or other for-profit.

Number of Respondents: 2,955.

Frequency of Responses: Reporting: Monthly; Semi-Annually; Annually.

Total Burden Hours: 961.

National Agriculture Statistics Service

Title: Agricultural Surveys Program.

OMB Control Number: 0535-0213.

Summary of Collection: National Agriculture Statistics Service (NASS)

primary functions are to prepare and issue state and national estimates of crop and livestock production and collect information on related environmental and economic factors. The Agricultural Surveys Program is a series of surveys that contains basic agricultural data from farmers and ranchers throughout the Nation for preparing agricultural estimates and forecasts. The surveys results provide the foundation for setting livestock and poultry inventory numbers. Estimates derived from the surveys supply information needed by farmers to make decisions for both short and long-term planning. The General authority for these data collection is granted under U.S. Code Title 7, Section 2204.

Need and Use of the Information: The surveys provide the basis for estimates of the current season's crop and livestock production and supplies of grain in storage. Crop and livestock statistics help develop a stable economic atmosphere and reduce risk for production, marketing, and distribution operations. These commodities affect the well being of the nation's farmers, commodities markets, and national and global agricultural policy. Users of agricultural statistics are farm organizations, agribusiness, state and national farm policy makers, and foreign buyers of agricultural products but the primary user of the statistical information is the producer. Agricultural statistics are also used to plan and administer other related federal and state programs in such areas as school lunch program, conservation, foreign trade, education, and recreation. Collecting the information less frequent would eliminate needed data to keep the government and agricultural industry abreast of changes at the state and national levels.

Description of Respondents: Farms.

Number of Respondents: 525,000.

Frequency of Responses: Reporting: Quarterly; Semi-annually; Monthly; Annually.

Total Burden Hours: 192,027.

National Agriculture Statistics Service

Title: Cotton Ginning Survey.

OMB Control Number: 0535-0220.

Summary of Collection: Primary function of the National Agricultural Statistics Services (NASS) is to prepare and issue state and national estimates of crop and livestock production, disposition and prices as well as

specialty agricultural and environmental statistics. The Cotton Ginning Survey provides statistics concerning cotton ginning for specific dates and geographic regions and aids in forecasting cotton production, which is required under U.S.C. Title 13, Section 42(a).

Need and Use of the Information: The ginning data collected provides (1) all segments of the cotton industry—buyers, brokers, crushers, shippers, textile firms, and researchers with exact quantities of cotton available at specific geographic locations within the U.S. on a regular basis; (2) precise statistics, especially when at least 50 percent of the forecasted cotton production has been ginned in a state; and (3) final season ginning data is used to establish final production. If the information were collected less frequent, the cotton industry would be without county level quantities ginned that could seriously affect transportation costs and marketing strategies.

Description of Respondents: Business or other for-profit.

Number of Respondents: 826.

Frequency of Responses: Reporting: Other (biweekly Sept.–Jan).

Total Burden Hours: 819.

National Agricultural Statistics Service

Title: Equine Survey.

OMB Control Number: 0535–0227.

Summary of Collection: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue current official State and national estimates of crop and livestock production, disposition, and prices. Services such as statistical consultation, data collection, summary tabulation, and analysis are performed for other Federal and State agencies on a reimbursable basis as the need arises. In the past, equine surveys have been conducted in twelve States where equine is a significant portion of their agriculture. The results are used to provide an assessment of the equine industry's contribution to the State's economy in terms of infrastructure and value.

Need and Use of the Information: NASS will collect information on equine inventories, by category; equine revenue, by activity; and equine related expenditures, by purpose. In addition, these surveys will provide NASS with names and addresses of equine operations that can be used for Census of Agriculture enumeration and for the NASS program that seeks to cover 99 percent of U.S. agricultural cash receipts.

Description of Respondents: Farms.

Number of Respondents: 106,000.

Frequency of Responses: Reporting: One-time.

Total Burden Hours: 23,744.

Charlene Parker,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Forest Service

Nevada and Placer Counties Resource Advisory Committee

AGENCY: Forest Service, USDA.

ACTION: Notice of Meeting.

SUMMARY: The Nevada and Placer Counties Resource Advisory Committee (RAC) will meet in Nevada City, California. The committee is meeting as authorized under the Secure Rural Schools and Community Self-Determination Act (Pub. L. 110–343) and in compliance with the Federal Advisory Committee Act. The purpose of the meeting is to discuss projects submitted for funding and the expenditure of Title II funds benefiting National Forest System lands in Nevada and Placer Counties.

DATES: The meeting will be held Monday, December 6, 2010, at 9 a.m. with a backup meeting planned for Thursday, December 9, 2010, at 9 a.m. if necessary.

ADDRESSES: The meeting will be held at the Tahoe National Forest Headquarters, 631 Coyote St., Nevada City, CA.

FOR FURTHER INFORMATION CONTACT: Ann Westling, Committee Coordinator, USDA, Tahoe National Forest, 631 Coyote St., Nevada City, CA 95959, (530) 478–6205, e-mail: awestling@fs.fed.us.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: Agenda items to be covered include: (1) Welcome and Introductions; (2) Review of Past Meeting Notes and Agenda Discussion; (3) Discussion of Proposed Projects; (4) Vote on Proposed Projects; and (5) Comments from the Public. The meeting is open to the public and the public will have an opportunity to comment at the meeting.

Dated: November 9, 2010.

Tom Quinn,

Forest Supervisor.

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of Central Idaho Resource Advisory Committee Meeting

AGENCY: Forest Service, USDA.

ACTION: Notice of Meeting.

SUMMARY: Pursuant to the authorities in the Federal Advisory Committee Act (Pub. L. 92–463) and under the Secure Rural Schools and Community Self-Determination Act of 2000 (Pub. L. 110–343), the Salmon-Challis National Forest's Central Idaho Resource Advisory Committee will conduct a business meeting which is open to the public.

DATES: Friday December 10, 2010, beginning at 10 a.m.

ADDRESSES: Public Lands Center, 1206 South Challis Street, Salmon, Idaho.

SUPPLEMENTARY INFORMATION: Agenda topics will include a discussion of the project approval process, evaluation of project proposals, and approval and recommendation of some projects for Title II funding for 2011 and 2012.

Some RAC members may attend the meeting by conference call, telephone, or electronically. The meeting is open to the public.

FOR FURTHER INFORMATION CONTACT: Frank V. Guzman, Forest Supervisor and Designated Federal Officer, at 208–756–5111.

Dated: November 1, 2010.

Frank V. Guzman,

Forest Supervisor, Salmon-Challis National Forest.
