Such referrals are made under a Memorandum of Understanding between the two Federal agencies. Complaints that involve groups of people or indicate patterns of discrimination are generally investigated by the OFCCP. The program also investigates individual or group complaints filed under the disability and veterans laws. Proposed Information Collection for the Evaluation of the Aging Worker Initiative; Comment Request

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: The U.S. Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning the collection of information for Evaluation of the Aging Worker Initiative (AWI). The information collection will not be conducted until approved by OMB and it will display the OMB control number. There will be no penalty assessed for failure to respond to this approved information collection. SUPPLEMENTARY INFORMATION:

I. Background

The proposed information collection is for an evaluation of 10 grants, totaling \$13 million, which comprise the AWI. The AWI grants, provided to local agencies, are being used to test new

occupational training and workforce services for workers aged 55 and older. The evaluation will examine implementation of the grants, document the types of interventions, assess attributes of these treatments, estimate their success in helping aging workers become or remain employed, and discuss the potential for implementation of various methods in the broader workforce system.

Office of Management and Budget (OMB) clearance of the information collection is needed since it will involve (1) two rounds of site visits with the ten grantees, (2) phone reconnaissance with the ten grantees, and (3) additional participant-level data, beyond what is needed for the OMB-approved quarterly and Common Measures reporting requirements for High Growth Job Training Grants (as required for the AWI grants). The additional data is needed to understand in greater detail the characteristics of participants, the services provided to them, and the linkages among different programs in providing services. Each grantee will also need to provide the participant data to the evaluation contractor on two

occasions, using a secure FTP site or by CD, at the grantee's discretion.
