7 CFR Part 1405

Commodity Assessments; Loans, Purchases, and Other Operations

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Final rule; technical amendment.

SUMMARY: The Commodity Credit Corporation (CCC) is amending regulations as required by the Food, Conservation, and Energy Act of 2008 (the 2008 Farm Bill) to remove a provision concerning CCC fees for administrative costs to collect commodity assessments. The 2008 Farm Bill prohibits CCC from collecting these fees. As a result of this amendment, CCC, rather than States or commodity associations, will absorb the administrative costs of implementing and modifying commodity assessment collections.

DATES: *Effective Date:* November 19, 2010.

SUPPLEMENTARY INFORMATION: Section 1616 of the 2008 Farm Bill (Pub. L. 110–246) prohibits CCC from charging any fee or related cost for the collection of commodity assessments. Therefore, this rule removes a provision relating to such fees. CCC has already implemented this policy and is not charging such fees.

Many States charge assessments on commodities marketed in that State and use the assessment to fund State level agricultural promotion activities. CCC has agreements with States to collect the assessments. When authorized by State law, CCC deducts the assessment from

the proceeds of a Marketing Assistance Loan (MAL) on behalf of the State. In the past, CCC has charged fees to cover the administrative costs of collecting the assessment, including costs to modify the rate of the assessment or to develop the automation software to begin the collection of a newly mandated commodity assessment. The agreement between CCC and the States has required the States to indemnify CCC for the administrative costs of collecting the assessments.

CCC will continue to collect commodity assessments as part of the MAL program, but is no longer charging fees for the administrative costs. Therefore, the cost to MAL customers for CCC’s administration of commodity assessments has decreased to zero. CCC estimates that this will save producers, their marketing associations, and the States about \$15,000 per year.

Notice and Comment

These regulations are exempt from the notice and comment requirements of the Administrative Procedures Act (5 U.S.C. 553), as specified in section 1601(c) of the 2008 Farm Bill, which requires that the regulations be promulgated and administered without regard to the notice and comment provisions of Section 553 of title 5 of the United States Code or the Statement of Policy of the Secretary of Agriculture effective July 24, 1971 (36 FR 13804) relating to notices of proposed rulemaking and public participation in rulemaking.

Executive Order 12866

This final rule has been designated as not significant under Executive Order 12866 and has not been reviewed by the Office of Management and Budget.

Regulatory Flexibility Act

This rule is not subject to the Regulatory Flexibility Act since CCC is not required to publish a notice of proposed rulemaking for this rule.

Environmental Evaluation

The environmental impacts of this rule have been considered in a manner consistent with the provisions of the National Environmental Policy Act (NEPA, 42 U.S.C. 4321–4347), the regulations of the Council on Environmental Quality (40 CFR parts 1500–1508), and FSA regulations for compliance with NEPA (7 CFR part 799). The change to the regulations

removing a provision concerning CCC fee collection for administrative costs of implementing or modifying commodity assessment collections, as required by the 2008 Farm Bill, that are identified in this Final Rule is solely administrative. Therefore, FSA has determined that NEPA does not apply to this Final Rule and no environmental assessment or environmental impact statement will be prepared.

Executive Order 12372

This program is not subject to Executive Order 12372, which requires consultation with State and local officials. See the notice related to 7 CFR part 3015, subpart V, published in the *Federal Register* on June 24, 1983 (48 FR 29115).

Executive Order 12988

This rule has been reviewed under Executive Order 12988. This final rule is not retroactive and it does not preempt State or local laws, regulations, or policies unless they present an irreconcilable conflict with this rule. Before any judicial action may be brought regarding the provisions of this rule the administrative appeal provisions of 7 CFR parts 11 and 780 must be exhausted.

Executive Order 13132

The policies contained in this rule do not have any substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Nor does this rule impose substantial direct compliance costs on state and local governments. Therefore, consultation with the States is not required.

Executive Order 13175

The policies contained in this rule do not have tribal implications that preempt tribal law.

Unfunded Mandates

This rule contains no Federal mandates under the regulatory provisions of Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) for State, local, or tribal governments, or the private sector. In addition, CCC was not required to publish a notice of proposed rulemaking for this rule. Therefore, this rule is not subject to the requirements of sections 202 and 205 of UMRA.

specified in section 1601(c)(2)(a) of the 2008 Farm Bill, which provides that these regulations, which are necessary to implement title I of the 2008 Farm Bill, be promulgated and administered without regard to the Paperwork Reduction Act.

E-Government Act Compliance

CCC is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

Airworthiness Directives; Sikorsky Aircraft Corporation (Sikorsky) Model S-92A Helicopters

AGENCY: Federal Aviation Administration, DOT.

ACTION: Final rule; request for comments.

SUMMARY: This amendment supersedes an existing airworthiness directive (AD) for Sikorsky Model S-92A helicopters

that currently requires cleaning and inspecting each main gearbox (MGB) assembly mounting foot pad and rib for a crack and corrosion. If you do not find a crack, the AD requires applying a corrosion preventive compound. If you find a crack, the AD requires replacing the MGB before further flight. If you find corrosion, bubbled paint, or paint discoloration, the AD requires you to repair the MGB before further flight. This amendment retains the current requirements and expands the applicability to include another part-numbered MGB assembly and MGB housing. This amendment is prompted by the need to expand the applicability to include another MGB assembly and MGB housing that is prone to the same cracks and corrosion as the MGB listed in the current AD. The actions specified by this AD are intended to prevent the loss of the MGB and subsequent loss of control of the helicopter.
