

Council, and the Interamerican Tropical Tuna Commission to monitor the activities of the participating vessels and the performance of the fisheries. Knowing near real-time VMS position information for U.S. West Coast-based HMS fishing vessels enables effective monitoring of vessel activity for enforcement and assessment purposes. VMS units also provide confirmation of reported vessel fishing activity locations and can help in validation of logbook records accuracy. The requirements also generate information for evaluating the magnitude and distribution of impacts from any changes in regulations that might occur in the future. Observer pre-trip notifications allow for the timely placement of at-sea observers onboard vessels at the discretion of the NMFS to collect information on, among other things, bycatch and protected species interactions.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer: OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov.

Dated: November 15, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Reporting of Sea Turtle Entanglement in Fishing Gear or Marine Debris

AGENCY: National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing

effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before January 18, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Kate Sampson, (978) 282-8470 or kate.sampson@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This notice is for renewal of a currently approved collection.

This collection of information involves sea turtles becoming accidentally entangled in active or discarded fixed fishing gear or marine debris. These entanglements may prevent the recovery of endangered and threatened sea turtle populations. The National Marine Fisheries Service (NMFS) Northeast Region (Maine to Virginia) has established the Sea Turtle Disentanglement Network to promote reporting and increase successful disentanglement of sea turtles. This Network is made up of sea turtle stranding network organizations, as well as federal, state, and municipal agencies. NMFS relies on the Network and opportunistic reports from fishermen and recreational boaters for information about entangled turtles. The information provided will help NMFS better assess the threat of sea turtle entanglement in vertical lines from fixed gear fisheries (lobster, whelk/conch, crab, fish trap, gill net), discarded gear and marine debris.

II. Method of Collection

Reports are made by telephone, fax, standard mail or e-mail.

III. Data

OMB Control Number: 0648-0496.

Form Number: None.

Type of Review: Regular submission (renewal of a currently approved collection).

Affected Public: Business or other for profit organizations, individuals or households, not-for-profit institutions, federal government, and state, local or tribal government.

Estimated Number of Respondents: 45.

Estimated Time Per Response: 1 hour.
Estimated Total Annual Burden Hours: 45.

Estimated Total Annual Cost to Public: \$675.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 16, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Certain Iron Construction Castings From Brazil, Canada, and the People's Republic of China: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce ("the Department") that revocation of the antidumping duty ("AD") orders on certain iron construction castings ("castings") from Brazil, Canada, and the People's Republic of China ("PRC") would likely lead to continuation or recurrence of dumping, that revocation of the countervailing duty ("CVD") order on castings from Brazil would likely lead to continuation or recurrence of a countervailable subsidy, and the

determinations by the International Trade Commission (“ITC”) that revocation of these AD and CVD orders would likely lead to a continuation or recurrence of material injury to an industry in the United States, the Department is publishing this notice of continuation of these AD and CVD orders.

DATES: *Effective Date:* November 19, 2010.

FOR FURTHER INFORMATION CONTACT: Minoo Hatten (AD orders) or Christopher Hargett (CVD order), AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–1690 or (202) 482–4161, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 3, 2010, the Department initiated and the ITC instituted the third sunset reviews of the AD orders on castings from Brazil, Canada, and the PRC and the CVD order on castings from Brazil, pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended (“the Act”), respectively. *See Initiation of Five-Year (“Sunset”) Review*, 75 FR 23240 (May 3, 2010). As a result of its reviews, the Department found that revocation of the AD orders would likely lead to continuation or recurrence of dumping and that revocation of the CVD order would be likely to lead to continuation or recurrence of subsidization, and the Department notified the ITC of the margins of dumping and the subsidy rates likely to prevail were the orders to be revoked. *See Certain Iron Construction Castings From Brazil, Canada, and the People’s Republic of China: Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders*, 75 FR 54595 (September 8, 2010), and *Final Results of Expedited Sunset Review: Heavy Iron Construction Castings from Brazil*, 75 FR 54596 (September 8, 2010).

On November 2, 2010, the ITC determined that revocation of the AD orders on castings from Brazil, Canada, and the PRC and the CVD order on castings from Brazil would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. *See Iron Construction Castings From Brazil, Canada, and China; Determinations*, 75 FR 67395 (November 2, 2010), and USITC Publication 4191 (October 2010) entitled *Iron Construction Castings From Brazil, Canada, and China* (Investigation Nos.

701–TA–249 and 731–TA–262, 263, and 265 (Third Review)).

Scope of the Orders

The merchandise covered by the AD orders is as follows:

Brazil—Certain iron construction castings from Brazil, limited to manhole covers, rings, and frames, catch basin grates and frames, cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule (“HTS”) item number 7325.10.0010; and to valve, service, and meter boxes which are placed below ground to encase water, gas, or other valves, or water and gas meters, classifiable as light castings under HTS item number 7325.10.0050. The HTS item numbers are provided for convenience and customs purposes only. The written product description remains dispositive.

Canada—Certain iron construction castings from Canada, limited to manhole covers, rings, and frames, catch basin grates and frames, clean-out covers, and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under HTS item number 7325.10.0010. The HTS item number is provided for convenience and customs purposes only. The written product description remains dispositive.

PRC—Certain iron construction castings from the PRC, limited to manhole covers, rings and frames, catch basin grates and frames, cleanout covers and drains used for drainage or access purposes for public utilities, water and sanitary systems; and valve, service, and meter boxes which are placed below ground to encase water, gas, or other valves, or water or gas meters. These articles must be of cast iron, not alloyed, and not malleable. This merchandise is currently classifiable under HTS item numbers 7325.10.0010 and 7325.10.0050. The HTS item numbers are provided for convenience and customs purposes. The written product description remains dispositive.

The merchandise subject to the CVD order consists of certain heavy iron construction castings from Brazil. The merchandise is defined as manhole covers, rings and frames; catch basin grates and frames; and cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems. The merchandise is currently classified under HTS item number 7325.10.00. The HTS item number is provided for convenience and customs purposes. The written product description remains dispositive.

Determinations

As a result of the determinations by the Department and the ITC that revocation of these AD and CVD orders would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy and of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the AD orders on castings from Brazil, Canada, and the PRC and the CVD order on castings from Brazil. U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of continuation of these orders will be the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to sections 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year reviews of these orders not later than October 2015.

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: November 10, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.
